Scalise, 2014-08-06 In an age of reliance on CAD programs the skill to express your creativity and vision with a hand rendered drawing gives an interior designer a distinct advantage in communicating with clients and will set you apart from other designers. Developing strong hand visual communication skills without the aid of a computer are especially important to concept development in the interior design profession and ideation flows rapidly when drawing manually. Building on the success of the First Edition *Interior Design Illustrated* helps students develop this powerful marketing tool making them invaluable to their employers. The step by step approach with simple uncomplicated illustrations and instructions that progress from beginner to intermediate skill levels teaches students how to visualize interior space perspective and details such as pattern and texture and to render their vision with markers and watercolors. Since the lessons are structured around small tasks students will become proficient with one rendering skill before moving on to another. The text and numerous illustrations reinforce each other to make the lessons easily accessible to visual learners. The comprehensive coverage includes architectural features wall and floor finishes furniture and design enhancements such as artwork plants tabletops and accessories.
