My Friend The Enemy

Dan Smith

My Friend The Enemy:

My friend, the enemy William E. Pannell,1970 **My Friend the Enemy** Dan Smith,2014-08-26 Peter feels compelled to help a wounded German pilot but he doesn't want to be a traitor especially not to his father who is off fighting the Nazis A moving story about the moral dilemmas of war Summer 1941 For Peter the war is a long way away being fought by his father and thousands of other British soldiers against the faceless threat of Nazism But war comes frighteningly close to home one night when a German jet is shot down over the neighboring woods With his feisty new friend Kim Peter rushes to the crash site to see if there's anything he can salvage What he finds instead is a German airman The enemy Seriously wounded and in need of aid Continuing in the tradition of thought provoking literature about the Second World War Dan Smith's MY FRIEND THE ENEMY is a thrilling adventure that also personalizes the moral dilemmas faced by the children left behind on the home front *My Friend the Enemy* J.B. Cheaney,2009-02-19 Hating the Japanese was simple before she met Sogoji Pearl Harbor was bombed on Hazel Anderson's birthday and she's been on the lookout for enemies ever since She scours the skies above Mount Hood with her binoculars hoping to make some crucial observation or uncover the hideout of enemy spies But what she discovers instead is a 15 year old orphan hiding out trying to avoid being sent to an internment camp Sogoji was born in America He's eager to help Hazel with the war effort Is this lonely boy really the enemy In this thought provoking story of patriotism loyalty and belonging Hazel must decide what it means to be a true American and a true friend **14 Letters to a Friend, the Story of the Wartime Ordeal of Capt. De Witt Clinton Fort, C.S.A. , My Friend, the Messiah** Ray Green,2003 I met John on a deserted beach He was confused disoriented dirty and had lost his memory When we made eye contact the skin on my arms and chest froze and a lump of fear suddenly developed in my throat Our fingers touched and I experienced a sudden wave of peace like a golden sunset My wife and I agreed to help John and escort him to New York where he knew he must address the United Nations Security Council In New York John performs miracles in Central Park conducts an impromptu sermon to 5 000 people resurrects a fatally injured girl and convinces the UN delegates to act My intrigue is the constant uncertainty of John's origins and his true nature Is he a messiah an alien or a unique man with incredible powers We travelled with him to Jerusalem Rome and Switzerland where five million people gather to hear John speak I finally understood who he was and why he came He was My Friend The Messiah all he said was let there be light

Our Palestine Question Geoffrey Levin,2023-11-28 A new history of the American Jewish relationship with Israel focused on its most urgent and sensitive issue the question of Palestinian rights American Jews began debating Palestinian rights issues even before Israel's founding in 1948 Geoffrey Levin recovers the voices of American Jews who in the early decades of Israel's existence called for an honest reckoning with the moral and political plight of Palestinians These now forgotten voices which include an aid worker turned academic with Palestinian Sephardic roots a former Yiddish journalist anti Zionist Reform rabbis and young left wing Zionist activists felt drawn to support Palestinian rights by their

understanding of Jewish history identity and ethics They sometimes worked with mainstream American Jewish leaders who feared that ignoring Palestinian rights could foster antisemitism leading them to press Israeli officials for reform But Israeli diplomats viewed any American Jewish interest in Palestinian affairs with deep suspicion provoking a series of quiet confrontations that ultimately kept Palestinian rights off the American Jewish agenda up to the present era In reconstructing this hidden history Levin lays the groundwork for more forthright debates over Palestinian rights issues American Jewish identity and the U S Israel relationship more broadly

Of Friends and Foes Mark Crescenzi, 2018-01-25 Do reputations affect world politics Crescenzi develops a theory of reputation dynamics to identify when reputations form and how they affect world politics He identifies patterns of reputation s influence in cooperation and conflict Reputations for conflict exacerbate crises while reputations for cooperation and reliability make future cooperation more likely

My Friend, the Enemy Doris Sanford, 1992 This book contains the true life story of a child who faced overwhelming circumstances yet responded bravely heroically

My Friend The Enemy James Master Light (author), 1901

A Subjective Approach to International Relations Bertrand Badie, 2025-02-05 China s growing power and Russia s invasion of Ukraine have thrust geopolitics back to the centre of the global stage but the old geopolitical frameworks with their positivist methods and their emphasis on structural determinants will not enable us to understand the increasingly dangerous world in which we are living today Bertrand Badie argues that states and the many other actors now operating in the international arena are products of their cultural contexts and political traditions Their perspectives and motivations are shaped by the narratives memories and emotions that constitute people s everyday realities they are therefore profoundly subjective in character and cannot be reduced to the categories of behaviour posited by traditional geopolitical frameworks like realist IR theory In Badie s view international disputes in the twenty first century are better understood through the concept of the battle for meaning confrontations between different modes of understanding the world His judgement is that peace and stability depend on greater sensitivity to the worldview and international perspective of other actors in the international arena A willingness to try to see the world from the subjective perspective of one s friends rivals and even one s enemies is vital This timely and engaging book by one of the world s leading scholars of international relations will be of great interest to students and scholars in politics and IR and to anyone concerned about the growing tensions in the world today
