Quidam Experience The Magic:

The Library Journal ,2000 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **Magic and Impotence in the Middle Ages** Catherine Rider,2006-01-26 Magic and Impotence in the Middle Ages investigates the widely held medieval belief that magic could cause sexual dysfunction It focuses mainly on the period 1150 1450 and compares sources from four genres confessors manuals medical compendia canon law commentaries and commentaries on the Sentences of Peter Lombard This comparison shows that ideas about the definition and legitimacy of magic were surprisingly varied and also reveals much new information about popular magical practices **Witchcraft, Demonology and Magic** Marina Montesano,2020-05-20 Witchcraft and magic are topics of enduring interest for many reasons The main one lies in their extraordinary interdisciplinarity anthropologists folklorists historians and more have contributed to build a body of work of extreme variety and consistence Of course this also means that the subjects themselves are not easy to assess In a very general way we can define witchcraft as a supernatural means to cause harm death or misfortune while magic also belongs to the field of supernatural or at least esoteric knowledge but can be used to less dangerous effects e g divination and astrology In Western civilization however the witch hunt has set a very peculiar perspective in which diabolical witchcraft the invention of the Sabbat the persecution of many thousands of mostly female and sometimes male presumed witches gave way to a phenomenon that is fundamentally different from traditional witchcraft This Special Issue of Religions dedicated to Witchcraft Demonology and Magic features nine articles that deal with four different regions of Europe England Germany Hungary and Italy between Late Medieval and Modern times in different contexts and social milieus Far from pretending to offer a complete picture they focus on some topics that are central to the research in those fields and fit well in the current cumulative concept of Western witchcraft that rules out all mono causality theories investigating a plurality of causes □□□□ ,2001 **A History of Magic and Experimental Science** Lynn Thorndike,1923

Magic on the Early English Stage Philip Butterworth,2005-10-06 An original investigation into conjuring tricks and stage magic on the medieval stage *The Immediacy of Mystical Experience in the European Tradition* Miklós Vassányi,Enikő Sepsí,Anikó Daróczi,2017-01-19 This volume examines mystical experiences as portrayed in various ways by authors such as philosophers mystics psychoanalysts writers and peasant women These mystical authors have throughout the ages attempted to convey the unsayable through writings paintings or oral stories The immediate experience of God is the primary source and ultimate goal of these mystical expressions This experience is essentially ineffable yet all mystical authors either consciously or unconsciously feel an urge to convey what they have undergone in the moments of rapture At the same time they are in the role of intermediaries the goal of their self expression either written painted or oral is to make others somehow understand or feel what they have experienced and to lead others toward the spiritual goal of human life This

volume studies the mystical experiences and the way they have been described or portrayed in West European culture from Antiquity to the present from an interdisciplinary perspective and approaches the concept of immediate experience in various ways *Money & Magic in Montaigne* Edward Benson,1995 **Rewriting Magic** Claire Fanger,2015-06-18 In *Rewriting Magic* Claire Fanger explores a fourteenth century text called *The Flowers of Heavenly Teaching* Written by a Benedictine monk named John of Morigny the work all but disappeared from the historical record and it is only now coming to light again in multiple versions and copies While John s book largely comprises an extended set of prayers for gaining knowledge *The Flowers of Heavenly Teaching* is unusual among prayer books of its time because it includes a visionary autobiography with intimate information about the book s inspiration and composition Through the window of this record we witness how John reconstructs and reconsecrates a condemned liturgy for knowledge acquisition the *ars notoria* of Solomon John s work was the subject of intense criticism and public scandal and his book was burned as heretical in 1323 The trauma of these experiences left its imprint on the book but in unexpected and sometimes baffling ways Fanger decodes this imprint even as she relays the narrative of how she learned to understand it In engaging prose she explores the twin processes of knowledge acquisition in John s visionary autobiography and her own work of discovery as she reconstructed the background to his extraordinary book Fanger s approach to her subject exemplifies innovative historical inquiry research and methodology Part theology part historical anthropology part biblio memoir *Rewriting Magic* relates a story that will have deep implications for the study of medieval life monasticism prayer magic and religion *Wide Awake* Quidam Green Meyers,2002-03 Interviews on Enlightenment compiled by Quidam Green Meyers In this revealing text Meyers speaks to some of the Wests top spiritual teachers and writers on the topic of Contemporary Awakening *Wide Awake* reveals that there is no set path for enlightenment yet we are all capable of achieving it Some of the contributors stress that we already are enlightened but have not yet become aware of it Those interviewed include Matthew Fox Alan Cohen Rev Michael Beckwith Catherine Ingram Lama Surya Das Saniel Bonder Isaac Shapiro Arjuna Nick Ardagh Satyam Nadeen Dasarath Neelam Akash Wayne Liquorman Howard Raphael Cushner and Antonio Duncan **Investigations into Magic, an Edition and Translation of Martín Del Río's Disquisitionum magicarum libri sex** José Manuel García Valverde,Peter Maxwell-Stuart,2022-11-21 The sixteenth century saw the world as being mortally threatened by Satan who was encouraged by the widespread popularity of magic and other occult practices Church and society struck back to defend people from this tidal wave of wickedness Del R o s panoramic and detailed treatise provided a powerful weapon in that battle Far from dry scholarship however *Investigations* is an engaging fascinating earnest conversation between Del R o and his readers and a major contribution to understanding key aspects of everyday sixteenth century behaviour and the problem of evil **Magical Jewels of the Middle Ages and the Renaissance, Particularly in England** Joan Evans,1922 Betrifft die Handschrift Cod 200 der Burgerbibliothek Bern S 34 □□□□□□ ,2000 **CIRQUE DU SOLEIL (R) THE SPARK** Lyn Heward,John U. history of science and magic spanning the period from early Christianity through early modern Europe to the end of the 17th century Religious Experience of the Roman People W. Warde Fowler, 2020-07-30 Reproduction of the original Religious Experience of the Roman People by W Warde Fowler *Miracles and Wonders in the Middle Ages and Early Modern Period* Albrecht Classen, 2025-10-20 Despite the assumption that we live today in a rather rationalist and mechanized world there remain many aspects that neither medicine nor physics can fully explain The Catholic Church continues to pronounce individuals as saints because scientifically confirmed miracles are associated with them If we want to gain a solid understanding of the pre modern history of mentality emotions and everyday culture it proves to be highly revealing to examine what miracles and wonders had meant at that time both in the theological and medical field in the visual arts and literature As a matter of fact people both in the East and in the West have consistently flocked to pilgrimage sites all over the world in the hope that a miracle might happen and solve issues for them The contributors to this volume based on a symposium at the University of Arizona May 2024 approach this critically important topic from many different perspectives taking us from the early Middle Ages to the early modern age examining hagiographical medical literary and alchemical texts discussing both miracles and wonders as relevant themes in the public discourses Both the passage through Inferno and Purgatorio as the crucial pathway toward Paradiso and the experience of women s miraculous conception are identified as deeply impactful for the pre modern world and this both in Christian and Muslim cultures Studying miracles and wonders through a kaleidoscope of different materials and concepts makes it possible to gain a closer understanding of people s mindsets power structures and the debate between medicine and religion These topics were also greatly important in other cultures as several papers on Arabic medieval literature indicate Further pursuing this global issue we recognize easily that the separation line between the Middle Ages and the early modern period is only a modern construct and often not that helpful because the discourse on miracles and wonders has continued and influences even us today Kierkegaard: The Aesthetic and the Religious George Pattison, 1992-06-18 These readings of Kierkegaard begin with a series of reflections on the background to his thought and writings examining Romanticism German Idealism and Danish intellectual history in the early 19th century The author analyzes the role of indirect communication in Kierkegaard s authorship
