

The background of the book cover is a soft, painterly illustration of a field. In the upper right, two yellow daffodils are in bloom, their petals a pale, warm yellow. Below them, in the lower left and center, are two pink anemones with dark, almost black, centers. The ground is covered in a mix of green grass and fallen yellow leaves, suggesting an autumn setting. The overall style is gentle and artistic, with visible brushstrokes and a muted color palette.

Quiet Devotion The Life And Work Of Henry Roderick Newman:

A Quiet Devotion Royal W. Leith, 1996 Persistent Ruskin Keith Hanley, 2016-05-13 Examining the wide ranging implications of Ruskin's engagement with his contemporaries and followers this collection is organized around three related themes Ruskin's intellectual legacy and the extent to which its address to working men and women and children was realised in practice Ruskin's followers and their sites of influence especially those related to the formation of collections museums archives and galleries representing values and ideas associated with Ruskin and the extent to which Ruskin's work constructed a world wide network of followers movements and social gestures that acknowledge his authority and influence As the introduction shows Ruskin's continuing digital presence is striking and makes a case for Ruskin's persistent presence The collection begins with essays on Ruskin's intellectual presence in nineteenth century thought with some emphasis on his interest in the education of women This section is followed by one on Ruskin's followers from the mid nineteenth century into twentieth century modernism that looks at a broad range of cultural activities that sought to further repudiate or exemplify Ruskin's work and teaching Working class education the Ruskinian periodical plays and science fiction are all considered along with the Bloomsbury Group's engagement with Ruskin's thought and writing Essays on Ruskin abroad in America Australia and India round out the collection **American Watercolor in the Age of Homer and Sargent** Kathleen A. Foster, Philadelphia Museum of Art, 2017-01-01 The fascinating story of the transformation of American watercolor practice between 1866 and 1925 The formation of the American Watercolor Society in 1866 by a small dedicated group of painters transformed the perception of what had long been considered a marginal medium Artists of all ages styles and backgrounds took up watercolor in the 1870s inspiring younger generations of impressionists and modernists By the 1920s many would claim it as the American medium This engaging and comprehensive book tells the definitive story of the metamorphosis of American watercolor practice between 1866 and 1925 identifying the artist constituencies and social forces that drove the new popularity of the medium The major artists of the movement Winslow Homer John Singer Sargent William Trost Richards Thomas Moran Thomas Eakins Charles Prendergast Childe Hassam Edward Hopper Charles Demuth and many others are represented with lavish color illustrations The result is a fresh and beautiful look at watercolor's central place in American art and culture The Last Amateur Stephen L. Dyson, 2014-08-13 The authoritative biography of a nineteenth century polymath This fascinating biography tells the story of William J Stillman 1828 1901 a nineteenth century polymath Born and raised in Schenectady New York Stillman attended Union College and began his career as a Hudson River School painter after an apprenticeship with Frederic Edwin Church In the 1850s he was editor of The Crayon the most important journal of art criticism in antebellum America Later after a stint as an explorer promoter of the Adirondacks he became the American consul in Rome during the Civil War When his diplomatic career brought him to Crete he developed an interest in archaeology and later produced photographs of the Acropolis for which he is best known today In yet another career switch

Stillman became a journalist serving as a correspondent for The Times of London in Rome and the Balkans In 1871 he married his second wife Marie Spartali a Pre Raphaelite painter and continued to write about history and art until his death One of the later products of the American Enlightenment he lived a life that intersected with many strands of American and European culture Stillman can indeed be called the last amateur The Last Amateur is a meticulously researched and highly nuanced portrait of William J Stillman an important journalist artist and critic of mid nineteenth century America Stephen L Dyson provides outstanding context and a convincing case as to why Stillman deserves to be better known due to his keen intellect prodigious output and insightful views on art and culture It s refreshing to see an academic who blends deep scholarship with an ability to write in a readable style that will satisfy both the scholar and the general readers The result is a timeless classic Paul Grondahl author of Mayor Corning Albany Icon Albany Enigma The Last Amateur is a complex and intriguing life history of a personality very much within the circles of the intellectual debates of the mid and late nineteenth century on art aesthetics archaeology geopolitics especially in the eastern Mediterranean and the development of photography Stillman was sort of a Zelig character and although he had an important influence on many of these areas of culture and society he has been relatively little studied The book is an important step in shedding light on the character and importance of Stillman Harvey K Flad coauthor of Main Street to Mainframes Landscape and Social Change in Poughkeepsie

Peters,2008 **John Ruskin** James S. Dearden,1999-10-01 Despite professing a dislike of having his portrait taken John Ruskin s footsteps were dogged by portrait painters sculptors caricaturists and photographers from the cradle to the grave and beyond A thoroughly accessible book it lists and describes some 331 likenesses made between 1822 and 1998 The three introductory chapters to this book survey Ruskin portraiture and the portraits his general physical appearance throughout his life his hands his mouth his various illnesses and their effect on his appearance his clothes style of dress size tailors their bills etc These opening chapters include many descriptions and

reminiscences by Ruskin's friends and acquaintances and those who portrayed him. The principal part of the book deals with the individual portraits, their history, where and why they were made, what Ruskin was doing at that time of his life, and what his connection was with the artists in question. He was portrayed so regularly that this section is also effectively a potted Ruskin biography based on the portraits. A catalogue raisonné of the Ruskin portraits follows, where the physical details of the works are listed together with details of reproductions, exhibitions, and provenance.

The Last Ruskinians Theodore E. Stebbins, Virginia Anderson, 2007. The Last Ruskinians: Charles Eliot Norton, Charles Herbert Moore, and Their Circle tells the forgotten story of the influence of the British writer and critic John Ruskin on a group of American painters and collectors during the late 19th century. Ruskin's influence in the U.S. was largely disseminated by the legendary Charles Eliot Norton, the nation's first professor of art history, who taught at Harvard from 1874 to 1898 and through his associate Charles Herbert Moore. The exhibition consists almost exclusively of watercolors, Ruskin's favorite medium. Displaying Ruskin's philosophy of truth to nature in art, the works include botanicals, architectural details, landscapes, views of Venice, and copies after antique, medieval, and Renaissance art. Included are ten works by Ruskin himself, all drawn from the Harvard collections, and an equal number by his friend Moore, a Harvard drawing instructor and the Fogg Art Museum's first director. Also represented are works by Henry Roderick Newman, an American in Florence whose art was widely admired, and works by a second generation of American Pre-Raphaelite painters, including Joseph Lindon Smith, Harold B. Warren, and George H. Hallowell. One catalog essay discusses the influence in the U.S. of Ruskin and of Norton, who helped to shape the collecting of some of Boston's greatest connoisseurs and collectors, including Isabella Stewart Gardner, Bernard Berenson, and Denman W. Ross. The other essays explore Charles Herbert Moore's life, his little-known but exquisite watercolors, and his contribution to the teaching of art and art history using Ruskin's methodology in his courses at Harvard.
