Quiet Fury Darcia Helle, 2011-10-13 Quiet Fury is a state of being that we've all experienced calm on the surface rage bubbling underneath For most of us that is a brief moment Restraint takes over We grumble and walk away Some allow the rage to marinate until they are consumed They cross the line seek revenge retribution Or is it satisfaction These stories explore each individual's breaking point Which will win the Quiet or the Fury Stories include Shades of Gray You Can Call Me Ari Out For A Good Time Tiny Dancer Wilted Brown Eyes Mad Scientist The First Kill Marietta's Cats The Sound of Silence I Didn't Know His Name Falling **Tell Me Jackson Spirit** Dick Fancy, 2022-01-23 The Content the Plot The Potent the Clot The Poet the Trout Burp This book has neither subject nor object nor author nor reader It is not a book about life but is a life itself many lives as they slip into and out of each other Falling to their deaths And back again From Reality to Dream and back again So many times that you forget which side of the mirror you're on It's the cracked looking glass of a servant where the ego dissolves into the group phantasm of the unavowable community dreaming of mythological revolution that will finally bring about the Time when Hearts fall In Love Denial Asia L.T., 2021-10-12 Immortality is something sought after For generations perhaps longer the search is the one thing that never dies if it were to ever be obtained what then Death is to be inevitable But it doesn't correlate with oblivion We'll live on in memory *Quiet Classrooms, Educational Soundscapes, and the Power of Silence* Pieter Verstraete, 2025-04-29 This highly novel book provides an exploration of the role of silence in the school setting and interrogates the value of silence and quiet in contemporary educational practices looking at pedagogies and classroom practice to guide this increasingly popular subdiscipline of the history of education Arguably the first contribution written in English on the educational value of silence within the history of education more broadly this book interrogates the way in which we encounter and label sounds and noises within the classroom and the ways in which these have come to dictate relationships between teachers and pupils in our contemporary society The chapters investigate sociocultural reasons for a Western problematization of silence and shyness of children and the wider impact on class participation and treatment The issues around children's sense of identity and teachers' authority are explored in relation to silence as a powerful tool for a progressive understanding of learning Ultimately the book will guide thinking around educational acoustic surroundings and provide alternative vocabulary to talk about educational soundscapes and the real term impact on our learning environments Providing a novel and nuanced framework for studying schools as acoustic or sound spaces the book will be of interest to researchers scholars and academics in the fields of history of education curriculum studies and the theories of learning more broadly Translated by Emmeline Burdett on the basis of the original Dutch edition Leuven University Press 2022 *Echoes Of A Fractured Sun* Julian F.
