exceptional imaginative excitability This he was able to do whilst his intellectual consciousness of his theme was yet incomplete by simply portraying sides of himself He has put himself into the skin of Brand and Peer Gynt He has divided himself between Maximus and Julian These figures have accordingly a certain direct vitality which we shall find in none of his later male figures until it reappears under the shadow of death less as vitality than as mortality putting on immortality in the four great plays with which he closed and crowned his life s work There are flashes of it in Relling in Lovborg in Ellida s stranger from the sea but they are only flashes henceforth for many years indeed until his warfare against vulgar idealism is accomplished and a new phase entered upon in The Master Builder all his really vivid and solar figures are women For having at last completed his intellectual analysis of idealism he could now construct methodical illustrations of its social working instead of as before blindly projecting imaginary personal experiences which he himself had not yet succeeded in interpreting Further now that he understood the matter he could see plainly the effect of idealism as a social force on people quite unlike himself that is to say on everyday people in everyday life on shipbuilders bank managers parsons and doctors as well as on saints romantic adventurers and emperors With his eyes thus opened instances of the mischief of idealism crowded upon him so rapidly that he began deliberately to inculcate their lesson by writing realistic prose plays of modern life abandoning *The Quintessence of Ibsenism* G. skill in conventional art there may be some excuse for the delusion that the longer the artist works on it the nearer he will bring it to perfection Yet even the victims of this delusion must see that there is_ an age limit to the process and that though a man of forty five may improve the workmanship of a man of thirty five it does not follow that a man of fifty five can do the same About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
