Publié en français     *Roman de toute chevalerie* Charles Russell Stone, 2019-03-07 The medieval reception of Alexander the Great inspired a complicated literary corpus not simply because it involved so many source texts and languages but because it incorporated such diverse perspectives on the conqueror Beginning with a discussion of the evolution of this corpus this book examines the manuscripts readership and historical contexts of the earliest surviving Alexander romance in England Thomas de Kent's Anglo-Norman *Roman de toute chevalerie* To shed light on the origins and treatment of this romance Charles Russell Stone reads each manuscript within the contexts of its production scribal interpolations and patronage and readership in the thirteenth and fourteenth centuries While Thomas recalls a range of attitudes towards his protagonist in the late twelfth century when the recovery of classical histories and composition of vernacular romance informed conflicting attitudes towards Alexander's legacy scribes and readers of his poem appropriated it as a continuing commentary on power politics and the relevance of the Alexander legend in their own time Each of the three major manuscripts of Thomas's poem thus offers a unique text informed by unique literary and political contexts which this book situates within the ongoing debate over Alexander's reception as a paradigm of imperial authority or failure in late medieval England     **In the Skin of a Beast** Peggy McCracken, 2017-05-17 In medieval literature when humans and animals meet whether as friends or foes issues of mastery and submission are often at stake In the Skin of a Beast shows how the concept of sovereignty comes to the fore in such narratives reflecting larger concerns about relations of authority and dominion at play in both human-animal and human-human interactions Peggy McCracken discusses a range of literary texts and images from medieval France including romances in which animal skins appear in symbolic displays of power fictional explorations of the wolf's desire for human domestication and tales of women and snakes converging in a representation of territorial claims and noble status These works reveal that the qualities traditionally used to define sovereignty lineage and gender among them are in fact mobile and contingent In medieval literary texts as McCracken demonstrates human dominion over animals is a disputed model for

sovereign relations among people it justifies exploitation even as it mandates protection and care and it depends on reiterations of human animal difference that paradoxically expose the tenuous nature of human exceptionalism      **Ancient Egypt** New York Public Library,1925      **Histoire de la marine française: En quête d'un empire colonial.
