Quotable Women:

Women's Studies Linda Krikos, Cindy Ingold, 2004-08-30 This truly monumental work maps the literature of women's studies covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999. Intended as a reference and collection development tool, this bibliography provides a guide for women's studies information for each title along with a detailed, often evaluative review. The annotations summarize each work's content, its importance or contribution to women's studies, and its relationship to other titles on the subject. Core titles and titles that are out of print are noted, and reviews indicate which titles are appropriate as texts or supplemental texts. This definitive guide to the literature of women's studies is a must purchase for academic libraries that support women's studies programs, and it is a useful addition to any academic or public library that endeavors to represent the field. A team of subject specialists has taken on the immense task of documenting publications in the area of women's studies in the last decades of the 20th century. The result is this truly monumental work which maps the field covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999. Intended as a reference and collection development tool, this bibliography provides a guide for women's studies information for each title along with a detailed, often evaluative review. The annotations summarize each work's content, its importance or contribution to women's studies, and its relationship to other titles on the subject. Most reviews cite and describe similar and contrasting titles, substantially extending the coverage. Core titles and titles that are out of print are noted, and reviews indicate which titles are appropriate as texts or supplemental texts. Taking up where the previous volume by Loeb Searing and Stineman left off, this is the definitive guide to the literature of women's studies. It is a must purchase for academic libraries that support women's studies programs and a welcome addition to any academic or public library that endeavors to represent the field.

Quotable Women Running Press, 1989-10-04 An intriguing collection of quotations from women of all eras and walks of life providing wise and witty insights into the joys and sorrows of being a wife, mother, lover, friend, and career person. With full color illustrations.

New York Women of Wit in the Twentieth Century Sabrina Fuchs Abrams, 2023-12-05 Seen as too smart, too sassy, too sexy, and too strident, female humorists have been resisted and overlooked. *New York Women of Wit in the Twentieth Century* corrects this tendency, focusing on the foremothers of women's humor in modern America who used satire, irony, and wit as indirect forms of social protest. This book focuses on the women who stood on the periphery of predominantly male New York intellectual circles in the twentieth century. Sabrina Fuchs Abrams argues that the advent of modernism, the women's suffrage movement, the emergence of the New Woman, and the New Negro Woman, and the growth of urban centers in the 1920s and 30s gave rise to a new voice of women's humor, one that was at once defiant and conflicted in defining female identity and the underlying assumptions about gender roles in American society. Her study gives special attention to the contributions of the satirists Edna St. Vincent Millay (pseudonym), Nancy Boyd, Tess Slesinger, Dorothy Parker, Jessie Redmon Fauset, Dawn Powell, and Mary McCarthy. Grounded in theories of

humor feminist and critical race theory and urban studies this book will find an audience among scholars and students interested in women writers feminist humor modern American literature and African American studies *Quotable Women of the Twentieth Century* Hearst Magazines For Women, Tracy Quinn, 1999-03-17 Women are in places that a hundred years ago would have been impossible dreams they are heads of countries Supreme Court justices astronauts and major forces in the entertainment industry The voices of women are more than just being heard now they are being heeded This is what *Quotable Women of the Twentieth Century* is about the incredible wisdom and insight of women in America and around the world who are shaping our planet's destiny In her foreword Cathleen Black president of Hearst Magazines describes why now is the time for this wonderful collection of wise and witty quotations from extraordinary women Here you'll find clever quips and intelligent insights on subjects including aging ambition beauty marriage patriotism work and more Humanitarians like Eleanor Roosevelt Mother Teresa and Princess Diana are featured as well as scientists and scholars like Marie Curie and Margaret Mead Artists writers and actresses such as Grandma Moses Anaïs Nin and Bette Davis weigh in with quotable comments If you're looking for just the right remark or need inspiration advice or even a bit of a laugh these are the women to turn to After all as Mary Pettibone Poole said in 1938 The next best thing to being clever is being able to quote someone who is **Quotable Women** Carole McKenzie, 1992 A collection of quotations by and about women It includes quips witticisms and woes which provide insights into the beliefs and attitudes of women It expresses the values feelings ideals and ambitions of women through the ages **Notable American Women** Barbara Sicherman, Carol Hurd Green, 1980 Modeled on the Dictionary of American Biography this set stands alone but is a good complement to that set which contained only 700 women of 15 000 entries The preparation of the first set of *Notable American Women* was supported by Radcliffe College It includes women from 1607 to those who died before the end of 1950 only 5 women included were born after 1900 Arranged throughout the volumes alphabetically entries are from 400 to 7 000 words and have bibliographies There is a good introductory essay and a classified list of entries in volume three *Violence Against Women in Kentucky* Carol E. Jordan, 2014-04-28 Weaving together universal themes of family geography and death with images of America's frontier landscape former Kentucky Poet Laureate Joe Survant has been lauded for his ability to capture the spirit of the land and its people *Kliatt* magazine has praised his work stating Survant's words sing This is storytelling at its best Exploring the pre-Columbian and frontier history of the commonwealth *The Land We Dreamed* is the final installment in the poet's trilogy on rural Kentucky The poems in the book feature several well-known figures and their stories reimagining Dr Thomas Walker's naming of the Cumberland Plateau Mary Draper Ingles's treacherous journey from Big Bone Lick to western Virginia following her abduction by Native Americans and Daniel Boone's ruminations on the fall season of 1770 Survant also explores the Bluegrass from the perspectives of the chiefs of the Shawnee and Seneca tribes Drawing on primary documents such as the seventeenth-century reports of French Jesuit missionaries excerpts from the Draper manuscripts and the journals

of pioneers George Croghan and Christopher Gist this collection surveys a broad and under recorded history Poem by poem
 Survant takes readers on an imaginative expedition through unspoiled Shawnee cornfields down the wild Ohio River and into

 studies to the genre of classical Hollywood comedy as well as broadening the definition of those works considered central in
 this field **New Labour's Women MPs** Sarah Childs,2004-07-31 It was not long after the election of a record number of
 women to the House of Commons in 1997 that the backlash began The criticism was all encompassing they wore the wrong
 clothes they voted the wrong way and they were concerned with the wrong issues Above all they were accused of failing to
 make difference to have failed women and were dismissed by some as Blair s Babes Drawing on in depth interviews with
 more than half of the new Labour women MPs Sarah Childs reveals how these women actually experienced being MPs and
 explores whether they acted for and like women in their constituencies in parliament and in government She presents
 important insights into theories of women s political representation showing that the relationship between women s
 descriptive and substantive representation is complicated that party and gender identities are crucial that women s
 differences must be acknowledged and that it might not always be possible for women representatives to act for women even
 if they want to Including a key section on women s selection for parliament whether women MPs act as role models why it is
 important that women should be present in politics as well as exploring in depth the subject of women s substantive
 representation New Labour s Women MPs is essential reading for all those interested in women and politics legislative
 studies political behaviour and representation **Women Writers at Work** Paris Review,1998-07-21 Sixteen of the world s
 great women writers speak about their work their colleagues and their lives For More Than Forty Years the acclaimed Paris
