 Fate and God's Choice* Bhimeswara Challa, 2021-06-29 Stagnate as a creepy caterpillar or transform into a beautiful
 butterfly this path breaking book of a rare genre suggests is the seminal choice before mankind and every one of us In this
 setting the book raises some fundamental questions What is man's rightful place in the cosmos and his manifest destiny on
 earth Why are we so self righteously self destructive Are we a doomed species Or divine beings struggling to overcome the

 book posits that any betterment in human behavior needs a cathartic change at the deepest levels That requires diluting the
 dominance of the mind and reawakening the long dormant intelligence of the human heart To meet that challenge we need
 minimum numbers a critical mass to create self sustained momentum for transformation through consciousness change And
 every single human of this generation should behave in such a way that he or she is that single person whose transformation
 could make the decisive species scale difference The book offers a menu of ideas and an agenda of action This book could be
 itself become an input to mobilize that very critical mass it advocates for human transformation Well planned and cohesively

 understanding of the human predicament This is a closely argued and thought provoking book The Hindu 13 Sept 2011 This
