The Divine System Iman Omeed Khan MD, 2015-06-19 The history of Islam as the faith of God has been buried and lost to antiquity but the message in the Quran has been gaining renewed visibility as both a very negative and as a positive influence In spite of its growing visibility there are baffling issues as with all religions whether the individual in reality adheres to the tenets of the Quran and the Faith There is clearly a phenomenal misunderstanding prevalent about Islam and the Quran The author undertook a serious study of the Quran over several years and dispassionately stresses the importance and relevance of the text to contemporary times where heated arguments persist as to which is the better true religion The author presents direct quotes from the Quran and provides explanations thereof based on textual commentaries and her personal understanding with the sincere hope that those who are interested in knowing the basic facts in the Quran get a clearer understanding of this preserved word of God
