Rabbis and Revolution Michael Miller, 2010-11-02 The Habsburg province of Moravia straddled a complicated linguistic cultural and national space where German Slavic and Jewish spheres overlapped intermingled and sometimes clashed Situated in the heart of Central Europe Moravia was exposed to major Jewish movements from the East and West including Haskalah Jewish enlightenment Hasidism and religious reform Moravia's rooted and thriving rabbinic culture helped moderate these movements and in the case of Hasidism keep it at bay During the Revolution of 1848 Moravia's Jews took an active part in the prolonged and ultimately successful struggle for Jewish emancipation in the Habsburg lands The revolution ushered in a new age of freedom but it also precipitated demographic financial and social transformations disrupting entrenched patterns that had characterized Moravian Jewish life since the Middle Ages These changes emerged precisely when the Czech German conflict began to dominate public life throwing Moravia's Jews into the middle of the increasingly virulent nationality conflict For some a cautious embrace of Zionism represented a way out of this conflict but it also represented a continuation of Moravian Jewry's distinctive role as mediator and often tamer of the major ideological movements that pervaded Central Europe in the Age of Emancipation

academic scholars *A Meeting-Place for the Wise* Eliezer Segal, 2011-09-28 This volume brings together a diverse collection of studies related to Jewish history culture religion and literature The articles introduce the reader to a dazzling variety of personalities ideologies historical events and communal dynamics The articles are written from a sympathetic but non dogmatic perspective by an expert in the academic study of the Jewish religion They were originally published as newspaper columns and are designed to entertain as much as to educate the intelligent non specialist Now in ePub format for ereaders and apps Jewish Studies Between the Disciplines / Judaistik zwischen den Disziplinen Klaus Herrmann, Margarete Schlüter, Giuseppe Veltri, 2003-06-01 Peter Sch fer who celebrated his 60th birthday on 29 June 2003 has left a decidedly firm imprint on the young discipline Jewish Studies in Germany which could only be set up at a German university after the Shoah For someone directing a small academic institution he has managed during his academic career to guide and influence a strikingly large number of students in their scholarly pursuits in the field The collected essays of this volume encompass quite a variety of topics whereby the focal points in Peter Sch fer s own research are not difficult to recognize in the themes chosen by his former students mysticism and magic are most conspicuous followed by Rabbinic Judaism and the studies on the Middle Ages and the Early Modern and Modern Periods Of note is also the fact that the methodological approaches of these contributions are no less manifold than their themes Part of the contributions of this book were submitted in English and all the German language texts have an English summary or abstract Reclaiming the Hebrew Bible Ran HaCohen, 2010-11-29 The 19th century saw the rise of Biblical Criticism in German universities culminating in Wellhausen s radical revision of the history of biblical times and religion For German Jewish intellectuals the academic discipline promised emancipation from traditional Christian readings of Scripture but at the same time suffered from what was perceived as anti Jewish bias this time in scholarly robes Reclaiming the Hebrew Bible describes the German Jewish strategies to cope with Biblical Criticism varying from an enthusiastic welcome in the early decades through modified adoption in Jewish Reform circles to resolute rejection in the Orthodox camp The study surveys the awareness and attitudes towards Biblical Criticism in the popular German Jewish periodicals and analyzes in depth the works of the first modern Jewish historian I M Jost 1793 1860 of the theologian S L Steinheim 1789 1866 and of the Reform activist Siegmund Maybaum 1844 1919 **Rabbiner Samson Raphael Hirsch in der deutschsprachigen jüdischen Presse** Meir Hildesheimer, Matthias Morgenstern, 2013 Depeche Mode. Jacob Taubes between Politics, Philosophy, and Religion, 2022-03-07 Jacob Taubes is one of the most significant intellectual figures in the more recent German intellectual scene and beyond However Taubes was either dismissed as a highly controversial character or as a mere commentator of ongoing debates or the reception was restricted to his considerations on religion and the ambivalences of secularity This volume challenges these reductions by putting Taubes original albeit marginalised texts into new sometimes surprising contexts Furthermore it relates familiar topics in his oeuvre to lesser known themes that are still highly pertinent for contemporary

discussions on faith modernity and the limits of politics
