Warren Maverick Manning, 2024-04-26 When death claims a warren, five rabbits must learn how to survive the harsh, dangerous world and create a new home for themselves. *Best STEM Resources for NextGen Scientists* Jennifer L. Hopwood, 2015-06-30 Intended to support the national initiative to strengthen learning in areas of science, technology, engineering, and mathematics, this book helps librarians who work with youth in school and public libraries to build better collections and more effectively use these collections through readers advisory and programming. A versatile and multifaceted guide, *Best STEM Resources for NextGen Scientists: The Essential Selection and User's Guide* serves as a reader's advisory and collection development resource for youth services and school librarians seeking to bring STEM-related titles into their collections and introduce teachers and young readers to them. This book not only guides readers to hundreds of the best STEM-related titles (fiction and non-fiction, printed materials as well as apps, DVDs, websites, and games), it also includes related activities or programming ideas to help promote the use of the collection to patrons or students in storytime, afterschool programs, or passive library programs. After a detailed discussion of the importance of STEM and the opportunities librarians have for involvement, the book lists and describes best STEM resources for young learners. Resources are organized according to the reading audiences for which they are intended, from toddlers through teens, and the book includes annotated lists of both fiction and nonfiction STEM titles as well as graphic novels, digital products, and online
