bullet that struck down Israeli Prime Minister Yitzhak Rabin was a prospective peace accord between Syria and Israel For the first time a negotiator who had unique access to Rabin as well as detailed knowledge of Syrian history and politics tells the inside story of the failed negotiations His account provides a key to understanding not only U S diplomacy in the Middle East but also the larger Arab Israeli peace process During the period from 1992 to 1996 Itamar Rabinovich was Israel s ambassador to Washington and the chief negotiator with Syria In this book he looks back at the course of negotiations terms of which were known to a surprisingly small group of American Israeli and Syrian officials After Benjamin Netanyahu s election as Israel s prime minister in May 1996 a controversy developed Even with Netanyahu s change of policy and harder line toward Damascus Syria began claiming that both Rabin and his successor Peres had pledged full withdrawal from the Golan Heights Rabinovich takes the reader through the maze of diplomatic subtleties to explain the differences between hypothetical discussion and actual commitment To the students of past history and contemporary politics he writes nothing is more beguiling than the myriad threads that run across the invisible line which separates the two The threads of this story include details of Rabin s negotiations and their impact through two subsequent Israeli administrations in less than a year the American and Egyptian roles and the ongoing debate between Syria and Israel on the factual and legal bases for resuming talks The author portrays all sides and participants with remarkable flair and empathy as only a privileged player in the events could do In any assessment of future negotiations in the Middle East Itamar Rabinovich s book will prove indispensable

To Kill a Country Pamela J. Ray, 2006-05-01 Shifting Lines, Entangled Borderlands Jan Musekamp, 2024-03-05 Tracing multiple mobilities entangled borderlands microhistory and space and human and nonhuman actors Jan Musekamp demonstrates how an inner Prussian railroad line turned into a transnational force overcoming borders and connecting Europeans in a time of rising nationalism Shifting Lines Entangled Borderlands investigates the dichotomy between a globalizing world and tighter border control in nineteenth century Central and Eastern Europe focusing on the Royal Prussian Eastern Railroad Ostbahn between the 1830s and 1930s The line was initially planned as a major internal modernizing project to connect Prussia's capital of Berlin to East Prussia's provincial capital of Königsberg today's Kaliningrad Soon the Ostbahn connected to the growing Imperial Russian railroad network thus becoming a backbone of European East West transportation in trade tourism technological exchange and migration The First World War temporarily disrupted and reconfigured existing networks adapting them to new political regimes and borders However World War II and its aftermath altered mobility patterns more permanently dividing not only the Ostbahn tracks but the whole continent for decades to come From border towns and major cities to unique structures such as stations or bridges this volume analyzes the obvious and not so obvious nodes of the Central and Eastern European rail network and the spaces in between

Aronoff,2014-05-29 This book examines leaders of the seemingly intractable conflict between Israel and its Palestinian neighbors It takes as an intellectual target of opportunity six Israeli prime ministers asking why some of them have persisted in some hard line positions but others have opted to become peacemakers This book argues that some leaders do change and above all it explains why and how such changes come about This book goes beyond arguing simply that leaders matter by analyzing how their particular belief systems and personalities can ultimately make a difference to their country s foreign policy especially toward a long standing enemy Although no hard liner can stand completely still in the face of important changes only those with ideologies that have specific components that act as obstacles to change and who have an orientation toward the past may need to be replaced for dramatic policy changes to take place *Matrix for Assassination*

Peace Process, 1988-2002 Hassan A. Barari,2004-07-31 The book is a fresh interpretation of Israeli foreign policy vis vis the

peace process one that deems domestic political factors as the key to explain the shift within Israel from war to peace The main assumption is that peacemaking that entails territorial compromise is an issue that can only be completely comprehended by understanding the interaction of domestic factors such as inter party politics ideology personality and the politics of coalition Although the bulk of the book focuses on how internal inputs informed the peace process the book takes into account the external factors and how they impacted on the internal constellation of political forces in Israel
