early 1900s when Tagore's poetry had just become available in Europe Sarkar finds similarities between Tagore's and Wittgenstein's exploration of the limits of language She argues that Wittgenstein's early philosophy can be better understood when juxtaposed with Tagore Drawing parallels between the worlds of philosophy and poetry Sarkar identifies the point of convergence of their two philosophies in the realm of language tracing how they reach surprisingly similar conclusions through entirely different paths of inquiry Sarkar finally claims that such important points of contact will help one to arrange the pieces of the Tractarian jigsaw puzzle in a manner where all the pieces of logic language world and the mystical will fall into place and form a coherent picture **Between Languages and Cultures** Anuradha Dingwaney, Carol
