Race And Culture In America 3rd Pb 1989:

The Routledge International Handbook of Race, Culture and Mental Health Roy Moodley, Eunjung Lee, 2020-10-27
This handbook presents a thorough examination of the intricate interplay of race ethnicity and culture in mental health historical origins subsequent transformations and the discourses generated from past and present mental health and wellness practices The text demonstrates how socio cultural identities including race gender class sexual orientation disability religion and age intersect with clinical work in a range of settings Case vignettes and recommendations for best practice help ground each in a clinical focus guiding practitioners and educators to actively increase their understanding of non Western and indigenous healing techniques as well as their awareness of contemporary mental health theories as a product of Western culture with a particular historical and cultural perspective The international contributors also discuss ways in which global mental health practices transcend racial cultural ethnic linguistic and political boundaries The Routledge International Handbook of Race Culture and Mental Health is an essential resource for students researchers and professionals alike as it addresses the complexity of mental health issues from a critical global perspective Racial Sensitivity and Multicultural Training Martin Strous, 2004-01-30 Offering implications for democratizing psychology on a global scale this work illustrates how professional training for mental health practitioners is often inadequate on issues pertaining to race and racism The author shows prime examples in his homeland South Africa and focuses on how those practices reflect assumptions concerning racial superiority Also addressed is how therapists may be influenced by prevailing ideologies unaware of how prejudices translate into discriminatory work practices and ignorant of the power of their own discriminatory discourses The author also investigates how positive attitudes by counselors and therapists reflect positions related to racial sensitivity He proposes a new model for multicultural and multiracial sensitivity training **The Influence of Race and Racial Identity in Psychotherapy** Robert T. Carter, 1995 A revolutionary theory a clinical watershed a masterful text The Influence of Race and Racial Identity in Psychotherapy Robert T Carter changes the course of a century of psychological theory practice and education He debunks the traditional belief that race has a marginal impact on personality development and with compelling empirical evidence demonstrates that race is the defining factor above other experiences of living in the United States and a crucial ingredient in the therapeutic process Carter presents models of racial identity for all racial groups and offers numerous case studies of various psychosocial resolutions within racial groups He constructs the first racially inclusive model of psychotherapy a rigorous conceptual framework that affords clinicians a deeper awareness of how racial issues affect their dealings with patients and creates a means of integrating that knowledge into their practices The Influence of Race and Racial Identity in Psychotherapy Defines the decisive role of racial identity in personality development Presents a racially inclusive model of psychotherapy Describes how this model is applied in a clinical context Proposes new counselor training programs based on this model This immensely valuable text helps students in multicultural

counseling and psychotherapy develop an awareness of their own levels of racial identity as well as those of their patients For practicing therapists it opens new vistas in the therapeutic process and provides new avenues through which to better understand and serve their patients
