criminal justice and migration complex The remaining chapters are convened around the key sites where criminal justice and migration control intersect policing courts and punishment Together the volume presents a critical and timely analysis of how race shapes and complicates mobility and how racism is enabled and reanimated when criminal justice and migration control coalesce *Malign Neglect* Michael Tonry,1995 Tonry focuses on the racial disparities in the criminal justice system especially apparent discrimination toward black males Criminal Law Katheryn Russell-Brown,Angela J. racial group membership It will be of interest to students and practitioners of international criminal law as well as those studying genocide apartheid and race in domestic and international law Race, Crime, and Criminal Justice R. L. McNeely, Carl E. Pope, 1981-04 It is some relief to come across this collection of papers edited by McNeely and Pope which sets out to get the record straight It is refreshing to see such intelligent and honest scholarship If there is not something here to cause us to reflect and make comparisons then we must indeed be prejudiced beyond redemption This reviewer at least will turn to this collection of papers and the valuable references whenever he wishes to consider the vexed but vital question of race and crime International and Comparative Law Quarterly October 1982 It is an excellent primer for those students and faculty unfamiliar with the demographics and important theoretical research and practice issues in the area Classes **The System in Black and White** Michael W. Markowitz, Delores D. Jones-Brown, 2000-04-30 In a collection of compelling contributions to the study of the nexus between race crime and justice noted scholars in the field critique many long held assumptions and myths about race challenging criminal justice policymakers to develop new and effective strategies for dealing with the social problems such misunderstandings create In sections devoted to criminological theory law enforcement courts and the law juvenile delinquency and gender contributors endeavor to dispel myths about African American involvement in the criminal justice system In so doing a number of important facts are established about the race crime nexus For example in an analysis of criminological theory it is concluded that race as a singular social factor has not been adequately represented in existing paradigms The subject of police profiling of African Americans reveals an evolution of court decisions that have marginalized rather than liberated African Americans since slavery Each contributor challenges both the reader and the criminal justice system to develop meaningful strategies for addressing the racism that still pervades our system of justice A chapter on women of color in prison makes a compelling argument that such institutions often represent safer environments than the life on the streets women leave behind This persuasive volume will be of interest to undergraduate and graduate students as well as faculty in Sociology Criminal Justice policy development African American and Women's Studies **Nominations of Robert S.
