**Intelligence, Race, And Genetics** Frank Miele, 2018-03-05 In a series of provocative conversations with Skeptic magazine Ssenior editor Frank Miele renowned University of California Berkeley psychologist Arthur R Jensen details the evolution of his thoughts on the nature of intelligence tracing an intellectual odyssey that leads from the programs of the Great Society to the Bell Curve Wars and beyond Miele cross examines Jensen s views on general intelligence the g factor racial differences in IQ cultural bias in IQ tests and whether differences in IQ are due primarily to heredity or to remediable factors such as poverty and discrimination With characteristic frankness Jensen also presents his view of the proper role of scientific facts in establishing public policy such as Affirmative Action Jensenism the assertion that heredity plays an undeniably greater role than environmental factors in racial and other IQ differences has entered the dictionary and also made Jensen a bitterly controversial figure Nevertheless Intelligence Race and Genetics carefully underscores the dedicated lifetime of scrupulously scientific research that supports Jensen s conclusions

*Measuring the Master Race* Jon Røyne Kyllingstad, 2014-12-22 The notion of a superior Germanic or Nordic race was a central theme in Nazi ideology But it was also a commonly accepted idea in the early twentieth century an actual scientific concept originating from anthropological research on the physical characteristics of Europeans The Scandinavian Peninsula was considered to be the historical cradle and the heartland of this master race Measuring the Master Race investigates the role played by Scandinavian scholars in inventing this so called superior race and discusses how the concept stamped Norwegian physical anthropology prehistory national identity and the eugenics movement It also explores the decline and scientific discrediting of these ideas in the 1930s as they came to be associated with the genetic cleansing of Nazi Germany This is the first comprehensive study of Norwegian physical anthropology Its findings shed new light on current political and scientific debates about race across the globe

**Black Athena Revisited** Mary R. Lefkowitz, Guy MacLean Rogers, 2014-03-24 Was Western civilization founded by ancient Egyptians and Phoenicians Can the ancient Egyptians usefully be called black Did the ancient Greeks borrow religion science and philosophy from the Egyptians and Phoenicians Have scholars ignored the Afroasiatic roots of Western civilization as a result of racism and anti-Semitism In this collection of twenty essays leading scholars in a broad range of disciplines confront the claims made by Martin Bernal in Black Athena The Afroasiatic Roots of Classical Civilization In that work Bernal proposed a radical reinterpretation of the roots of classical civilization contending that ancient Greek culture derived from Egypt and Phoenicia

and that European scholars have been biased against the notion of Egyptian and Phoenician influence on Western civilization. The contributors to this volume argue that Bernal's claims are exaggerated and in many cases unjustified. Topics covered include race and physical anthropology, the question of an Egyptian invasion of Greece, the origins of Greek language, philosophy and science, and racism and anti-Semitism in classical scholarship. In the conclusion to the volume, the editors propose an entirely new scholarly framework for understanding the relationship between the cultures of the ancient Near East and Greece and the origins of Western civilization. The contributors are: John Baines, professor of Egyptology, University of Oxford; Kathryn A. Bard, assistant professor of archaeology, Boston University; C. Loring Brace, professor of anthropology and curator of biological anthropology in the Museum of Anthropology, University of Michigan; John E. Coleman, professor of classics, Cornell University; Edith Hall, lecturer in classics, University of Reading, England; Jay H. Jasanoff, Jacob Gould Schurman Professor of Linguistics, Cornell University; Richard Jenkyns, fellow and tutor, Lady Margaret Hall, Oxford, and university lecturer in classics, University of Oxford; Mary R. Lefkowitz, Andrew W. Mellon Professor in the Humanities, Wellesley College; Mario Liverani, professor of ancient near eastern history, Università di Roma La Sapienza; Sarah P. Morris, professor of classics, University of California at Los Angeles; Robert E. Norton, associate professor of German, Vassar College; Alan Nussbaum, associate professor of classics, Cornell University; David O'Connor, professor of Egyptology and curator in charge of the Egyptian section of the University Museum, University of Pennsylvania; Robert Palter, Dana Professor Emeritus of the History of Science, Trinity College, Connecticut; Guy MacLean Rogers, associate professor of Greek and Latin and history, Wellesley College; Frank M. **Global Mixed Race** Rebecca Chiyoko King-O'Riain, Stephen Small, Minelle Mahtani, 2014. Patterns of migration and the forces of globalization have brought the issues of mixed race to the public in far more visible, far more dramatic ways than ever before. *Global Mixed Race* examines the contemporary experiences of people of mixed descent in nations around the world, moving beyond US borders to explore the dynamics of racial mixing and multiple descent in Zambia, Trinidad and Tobago, Mexico, Brazil, Kazakhstan, Germany, the United Kingdom, Canada, Okinawa, Australia, and New Zealand. In particular, the volume's editors ask how have new global flows of ideas, goods, and people affected the lives and social placements of people of mixed descent? Thirteen original chapters address the ways mixed race individuals defy, bolster, speak, and live racial categorization, paying attention to the ways that these experiences help us think through how we see and engage with social differences. The contributors also highlight how mixed race people can sometimes be used as emblems of multiculturalism and how these identities are commodified within global capitalism while still considered by some as not pure or inauthentic. A strikingly original study, *Global Mixed Race* carefully and comprehensively considers the many different

meanings of racial mixedness      **“Race” and Racism** R. Perry, 2007-10-15 *Race and Racism* examines the origins and development of racism in North America. It addresses the inception and persistence of the concept of race and discusses the biology of human variance, addressing the fossil record of human evolution, the relationship between creationism and science, population genetics, race-based medicine, and other related issues. The book explores the diverse ways in which people in a variety of cultures have perceived, categorized, and defined one another without reference to any concept of race. It follows the history of American racism through slavery, the perceptions and treatment of Native Americans, Jim Crow laws, attitudes toward Irish and Southern European immigrants, the internment of Japanese Americans during World War II, the civil rights era, and numerous other topics.

**Cultural Expertise, Law, and Rights** Livia Holden, 2023-05-19 *Cultural Expertise: Law and Rights* introduces readers to the theory and practice of cultural expertise in the resolution of conflicts and the claim of rights in diverse societies. Combining theory and case studies of the use of cultural expertise in real situations and in a great variety of fields, this is the first book to offer a comprehensive examination of the field of cultural expertise, its intellectual orientations, practical applications, and ethical implications. This book engages an extensive and interdisciplinary variety of topics ranging from race, language, sexuality, Indigenous rights, and women's rights to immigration and asylum laws, international commercial arbitration, and criminal law. It also offers a truly global perspective covering cultural expertise in Africa, Asia, Australia, Europe, Latin America, the Middle East, and North America. Finally, the book offers theoretical and practical guidance for the ethical use of cultural expert knowledge. This is an essential volume for teachers and students in the social sciences, especially law, anthropology, and sociology, and members of the legal professions who engage in cross-cultural dispute resolution, asylum, and migration, private international law, and other fields of law in which cultural arguments play a role. The Open Access version of this book is available at [www.taylorfrancis.com](http://www.taylorfrancis.com) and has been made available under a Creative Commons Attribution-NonCommercial-NoDerivatives 4.0 license.

*Race in Mind* Paul Spickard, 2015-11-19 These essays analyze how race affects people's lives and relationships in all settings, from the United States to Great Britain and from Hawai'i to Chinese Central Asia. They contemplate the racial positions in various societies of people called Black and people called White, of Asians and Pacific Islanders, and especially of those people whose racial ancestries and identifications are multiple. Here for the first time are Spickard's trenchant analyses of the creation of race in the South Pacific, of DNA testing for racial ancestry, and of the meaning of multiplicity in the age of Barack Obama.

The Top Books of the Year Race Is A Four Letter Word The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
