countries is a national pastime This book examines how political scientists apply diverse comparative strategies to better understand Canadian political life Using a variety of methods the contributors use comparison to examine topics as diverse as Indigenous rights Canadian voting behaviour activist movements climate policy and immigrant retention While the theoretical perspectives and kinds of questions asked vary greatly as a whole they demonstrate how the art of comparing is an important strategy for understanding Canadian identity politics political mobilization political institutions and public policy Ultimately this book establishes how adopting a more systematic comparative outlook is essential not only to revitalize the study of Canadian politics but also to achieve a more nuanced understanding of Canada as a whole

Dynasties and Interludes Lawrence LeDuc, Jon H. Pammett, 2016-08-06 The Hill Times Best Books of 2016 An overview of the history of elections and voting in Canada including minority governments dynasties and social movements Dynasties and Interludes provides a comprehensive and unique overview of elections and voting in Canada from Confederation to the most recent election Its principal argument is that the Canadian political landscape has consisted of long periods of hegemony of a single party and or leader dynasties

punctuated by short sharp disruptions brought about by the sudden rise of new parties leaders or social movements interludes This revised and updated second edition includes an analysis of the results of the 2011 and 2015 federal elections as well as an in depth discussion of the Harper Dynasty **The Schematic State** Debra Thompson, 2016-10-20 Invitation Orientation Transnational biological racialism The death and resurrection of race The multicultural moment The multiracial moment The future of counting by race Appendix A List of interviews archival sources *Duty to Dissent* Geoff Keelan, 2019-11-01 During the First World War Henri Bourassa fierce Canadian nationalist politician and journalist from Quebec took centre stage in the national debates on Canada's participation in the war its imperial ties to Britain and Canada's place in the world In *Duty to Dissent* Geoff Keelan draws upon Bourassa's voluminous editorials in *Le Devoir* the newspaper he founded in 1910 to trace Bourassa's evolving perspective on the war's meaning and consequences What emerges is not a simplistic sketch of a local journalist engaged in national debates as most English Canadians know him but a fully rendered portrait of a Canadian looking out at the world By situating Bourassa within a larger panorama that connects him to prominent war resisters from around the globe Keelan offers fresh insight into one of Canada's most influential historical figures reshaping our understanding of why Quebec's position on the Great War differed so radically from the rest of Canada

The Oxford Handbook of Ethnicity, Crime, and Immigration Sandra M. Bucerius, Michael H. Tonry, 2014 This title provides comprehensive analyses of current knowledge about the unwarranted disparities in dealings with the criminal justice system faced by some disadvantaged minority groups in all developed countries **Girl Trouble** Joan Sangster, 2002 The book examines the history of female delinquency in Canada from the initial years of the Juvenile Delinquents Act passed in 1908 to the first major sustained critiques of the Act's usefulness in the 1960s Three themes are explored What underlying material structures social conditions and class norms shaped the very definition of delinquency under the Juvenile Delinquents Act and how was that definition gendered What were the prescribed legal and social cures for girls wrongdoing and how successful were they Last how did girls and their families understand and react to their designation as delinquent and to their experiences in court probation and training school To understand girls conflicts with the law their delinquency is described within the daily lived economic and social circumstances of their lives and contemporary understandings of normal and deviant behaviour and illustrated by quotations and examples drawn from records and interviews The experiences of Native and immigrant girls are also examined *Contours of Canadian Thought* A.B. McKillop, 1987-12-15 The leaps of knowledge in nineteenth century science shook the foundations of religious and humanistic values throughout much of the world The Darwinian Revolution and similar developments presented enormous philosophical challenges to Canadian scientists philosophers and men of letters Their responses many and varied form a central theme in this collection of essays by one of Canada's leading intellectual historians McKillop explores the thought of a number of English Canadian thinkers from the 1860s to the 1920s decades that saw Canada's entry into the modern age We meet Daniel Wilson an educator and

ethnologist for whom the pursuit of science was a form of poetic engagement requiring the poet's sensibilities John Watson one of the world's leading exponents of objective idealism whose philosophical premises helped to undermine the very religious tradition he sought to bolster and William Dawson LeSueur an apostle of Positivism whose spirited defence of critical inquiry and evolutionary social ethics led him towards an entirely contradictory position In addition to profiles of individuals McKillop considers the ways in which their ideas operated in the context of Canadian institutions including the universities and the press From these perspectives emerges a detailed analysis of the life of the mind of English Canada in an age of questioning of doubt and of struggle to reorient the intellectual and philosophical positions of a quickly changing society *Racial Attitudes in English-Canadian Fiction, 1905-1980* Terrence Craig, 2010-10-30 Racial Attitudes in English Canadian Fiction is a critical overview of the appearances and consequences of racism in English Canadian fiction published between 1905 and 1980 Based on an analysis of traditional expressions in literature of group solidarity and resentment the study screens English Canadian novels for fictional representations of such feelings Beginning with the English Canadian reaction to the mass influx of immigrants into Western Canada after World War One it examines the fiction of novelists such as Ralph Connor and Nellie McClung The author then suggests that the cumulative effect of a number of individual voices such as Grove and Salverson constituted a counter reaction which has been made more positive by Laurence Lyenko Richler and Clarke The debate between these two sides carried on in fictional and non fictional writing is seen to be in part resolved in synthesis after World War Two as attitudes are forced by wartime alliances and intellectual pressures into a qualified liberalism The author shows how single novels by Graham Bodsworth and Callaghan demonstrated a new concern for the exposure and eradication of racial discrimination an attitude taken further by the works of Wiebe and Klein The book concentrates on single texts that best portray deliberately or not racist ideology or anti racist arguments and attempts to explain the arousal in Canada of such ideas **Challenges of Measuring an Ethnic World** ,1993
