Race To Power:

Race, Power, and Political Emergence in Memphis Sharon D. Wright, 2021-12-12 *Race Power and Political Emergence in Memphis* examines black political behavior and empowerment strategies in the city of Memphis. Each chapter of the text focuses on three themes: mobilization, emergence, and incorporation. By analyzing the effects of race on black political development in Memphis, scholars will be able to examine broader questions about its effects in other cities. How do political machines use substantial black electorates to their advantage? What forms of protest do black communities conduct to rebel against machine rule? What primary mobilization tactics have black citizens used during the different periods of their political development? Why do blacks mobilize more quickly in some cities? In cities with large and predominantly black populations, what elements prevent black candidates from winning citywide races? What constraints do newly elected black mayors face? What benefits do black citizens gain from their representation? After a predominantly black governing coalition is elected, what obstacles remain? Can black citizens translate proportional representation into strong political incorporation? How much power can African Americans realistically expect to gain in cities? This book is the most comprehensive case study of the city's political scene written to date. The text primarily shows that white racism is not the only obstacle to black political development. Black citizens can have population majorities but lose elections for other reasons. Their ability to win elections and gain full incorporation depends heavily on whether they minimize internal conflict and establish coalitions with middle class citizens and the business establishment.

Race, Power, and the Obama Legacy Pierre Orelus, 2015-09-25 This book critically examines Obama's presidency and legacy, especially in regard to race inequality, education, and political power. Orelus depicts an interest convergence factor that led many White liberals and the corporate media to help Obama get elected in 2008 and 2012. He assesses Obama's political accomplishments, including parts of his domestic policies that support gay rights and equal pay for women. Special attention is given to Obama's educational policies like *Race to the Top* and the effects of such policies on both the learning and academic outcome of students, particularly linguistically and culturally diverse students. In a race and power framework, Orelus relates domestic policies to the effects of Obama's foreign policies on the lives of people in poorer countries, especially where innocent children and women have been killed by war and drone strikes authorized by Obama's administration. The author invites readers to question and transcend the historical symbolism of Obama's political victory in an effort to carefully examine and critique his actions as reflected through both his domestic and foreign policies.

Race, Power and Social Segmentation in Colonial Society Brian L. Moore, 2023-05-03 *Race Power and Social Segmentation in Colonial Society* 1987 studies Guyanese society after slavery and specifically examines the area of social classes and ethnic groups. It also focuses on the theoretical issues in the debate on pluralism versus stratification and provides a detailed interdisciplinary analysis of the process of structural change in a composite colonial society over a significantly long historical period over half a century.

Challenging History Leah Worthington,Rachel Clare Donaldson,John W. White,2021-07-22 A collection of essays that examine how the history of slavery and race in the United States has been interpreted and inserted at public historic sites For decades racism and social inequity have stayed at the center of the national conversation in the United States sustaining the debate around public historic places and monuments and what they represent These conversations are a reminder of the crucial role that public history professionals play in engaging public audiences on subjects of race and slavery This difficult history has often remained un or underexplored in our public discourse hidden from view by the tourism industry or even by public history professionals themselves as they created historic sites museums and public squares based on white centric interpretations of history and heritage *Challenging History* through a collection of essays by a diverse group of scholars and practitioners examines how difficult histories specifically those of slavery and race in the United States are being interpreted and inserted at public history sites and in public history work Several essays explore the successes and challenges of recent projects while others discuss gaps that public historians can fill at sites where Black history took place but is absent in the interpretation Through case studies the contributors reveal the entrenched false narratives that public history workers are countering in established public history spaces and the work they are conducting to reorient our collective understanding of the past History practitioners help the public better understand the world Their choices help to shape ideas about heritage and historical remembrances and can reform even transform worldviews through more inclusive and ethically narrated histories *Challenging History* invites public historians to consider the ethical implications of the narratives they choose to share and makes the case that an inclusive honest and complete portrayal of the past has the potential to reshape collective memory and ideas about the meaning of American history and citizenship Forest and Stream ,1906 Critical Race Theory and Classroom Practice Daniella Ann Cook,Nathaniel Bryan,2024-05-03 This edited book shows how critical race theory CRT can shape teacher practices in ways that improve educational outcomes for all children especially those most marginalized in PreK 20 classrooms The volume bridges the gap between the theoretical foundations of critical race theory and its application in formal and informal learning environments To promote an active and interdisciplinary engagement of critical race praxis it illuminates the pedagogical possibilities of using CRT while explicitly addressing grade span specific content area standards and skills Each chapter explores how educators use a critical race theory lens to deepen student learning teach honestly about racism and white supremacy and actively prepare learners to equitably participate in a multiracial democracy Written for pre and in service teachers teacher educators and anti racist community stakeholders the text addresses the applicability of CRT as a pedagogical practice for PreK 20 educators seeking to meaningfully combat intersectional racial injustice and to create a more just democracy This book is necessary reading for educators and courses

in Educational Foundations Anti Racist Education Social Justice Education Curriculum Studies Educational Leadership and Multicultural Education **Critical Race Theory** Kimberlé Crenshaw, Neil Gotanda, Gary Peller, Kendall Thomas, 1995 In the past few years a new generation of progressive intellectuals has dramatically transformed how law race and racial power are understood and discussed in America Questioning the old assumptions of both liberals and conservatives with respect to the goals and the means of traditional civil rights reform critical race theorists have presented new paradigms for understanding racial injustice and new ways of seeing the links between race gender sexual orientation and class This reader edited by the principal founders and leading theoreticians of the critical race theory movement gathers together for the first time the movement s most import essays Back cover **Ethnicity and Race** Stephen Cornell, Douglas Hartmann, 2006-12-15 This book is very well written and clearly organized throughout It is pitched at upper level undergraduate and graduate level race and ethnicity students in sum this is an important book highly recommended to students and faculty alike The authors draw extensively from classic and contemporary sociological theory throughout the text and maintain a transnational focus in each and every chapter TEACHING SOCIOLOGY I used Cornell s earlier edition for years and consider it to be one of the best explanations examinations of race and ethnic relations around Margot Kempers Fitchburg State College Ethnicity and Race Making Identities in a Changing World Second Edition uses examples and extended case studies from all over the world to craft a compelling even handed account of the power and persistence of ethnicity and race in the contemporary world Known for its conceptual clarity world historical scope and fair minded treatment of these oft controversial topics this updated and expanded edition retains all of the core elements and constructionist insights of the original New to the Second Edition Provides new concrete examples from around the world Dozens of new examples have been added including extended case studies of ethnic identity construction in the former Yugoslavia South Africa and New Zealand In addition several new sections discuss treatments of neo assimilation and segmented assimilation and the invisibility of racial dominance Incorporates the latest research and thinking in the field Motivated by the suburban uprisings of 2005 an extended case study of race culture and belonging in contemporary France is fashioned The theoretical underpinnings of this unique synthesis of race and ethnicity are sharpened throughout the volume and the authors incorporate some of their own recent work on ethnic and racial analytic frames to sketch out broader implications for the field and possibilities for the future Discusses the emergence of modernity and globalization The authors demonstrate why ethnic and racial boundaries over the last 30 years and contrary to earlier optimistic predictions have become stronger and more strident under the pressures of modernization mass communication and secularization The book concludes by discussing how the downward spiral of hate and separateness can be halted and even reversed Intended Audience This influential text is ideal for advanced undergraduate courses on race and ethnicity such as American Race Relations Racial and Ethnic Relations Ethnic Conflict Comparative Race Relations Cultural Diversity Immigration Studies in the departments of Sociology Ethnic Studies Global

Studies and Anthropology *Retreat from Injustice* Nick O'Neill, Simon Rice, Roger Douglas, 2004 This new edition of *Retreat from Injustice* has the strengths and style of its predecessor the account of human rights in Australia is firmly grounded in historical and international contexts the availability and limitations of rights and freedoms are clearly detailed and illustrated with cases and a particular spotlight is placed on key current human rights issues including terrorism indigenous issues and asylum seekers **The New Voice in Race Adjustments** Arcadius McSwain Trawick, 1914 **The Americana** Frederick Converse Beach, George Edwin Rines, 1911 **The Ashgate Research Companion to Feminist Legal Theory** Vanessa E. Munro, 2016-04-01 As a distinct scholarly contribution to law feminist legal theory is now well over three decades old Those three decades have seen consolidation and renewal of its central concerns as well as remarkable growth dynamism and change This Companion celebrates the strength of feminist legal thought which is manifested in this dynamic combination of stability and change as well as in the diversity of perspectives and methodologies and the extensive range of subject matters which are now included within its ambit Bringing together contributors from across a range of jurisdictions and legal traditions the book provides a concise but critical review of existing theory in relation to the core issues or concepts that have animated and continue to animate feminism It provides an authoritative and scholarly review of contemporary feminist legal thought and seeks to contribute to the ongoing development of some of its new approaches perspectives and subject matters The Companion is divided into three parts dealing with Theory Concepts and Issues The first part addresses theoretical questions which are of significance to law but which also connect to feminist theory at the broadest and most interdisciplinary level The second part also draws on general feminist theory but with a more specific focus on debates about equality and difference race culture religion and sexuality The Issues section considers in detail more specific areas of substantive legal controversy **Report of the Minister of Public Works on the Ottawa River Storage ...** Canada. Dept. of Public Works, 1916 *The Politics of Race* Jill Vickers, Annette Isaac, 2012-06-22 *The Politics of Race* is an excellent resource for students and general readers seeking to learn about race policies and legislation Arguing that states make race it provides a unique comparison of the development and construction of race in three white settler societies Canada the United States and Australia This timely new edition focuses on the politics of race after 9 11 and Barack Obama's election as president of the United States Jill Vickers and Annette Isaac explore how state sanctioned race discrimination has intensified in the wake of heightened security It also explains the new race formation of Islamophobia in all three countries and the shifts in how Hispanics and Asian Americans are being treated in the United States As race and politics become increasingly intertwined in both academic and popular discourse *The Politics of Race* aids readers in evaluating different approaches for promoting racial justice and transforming states *The Subject of Race in American Science Fiction* Sharon DeGraw, 2006-12-19 While the connections between science fiction and race have largely been neglected by scholars racial identity is a key element of the subjectivity constructed in American SF In his Mars series Edgar Rice Burroughs primarily

supported essentialist constructions of racial identity but also included a few elements of racial egalitarianism Writing in the 1930s George S Schuyler revised Burroughs normative SF triangle of white author white audience and white protagonist and promoted an individualistic highly variable concept of race instead While both Burroughs and Schuyler wrote SF focusing on racial identity the largely separate genres of science fiction and African American literature prevented the similarities between the two authors from being adequately acknowledged and explored Beginning in the 1960s Samuel R Delany more fully joined SF and African American literature Delany expands on Schuyler s racial constructionist approach to identity including gender and sexuality in addition to race Critically intertwining the genres of SF and African American literature allows a critique of the racism in the science fiction and a more accurate and positive portrayal of the scientific connections in the African American literature Connecting the popular fiction of Burroughs the controversial career of Schuyler and the postmodern texts of Delany illuminates a gradual change from a stable essentialist construction of racial identity at the turn of the century to the variable social construction of poststructuralist subjectivity today
