Racial Profiling:

Racial Profiling Steven J. Muffler, 2006 In recent years racial profiling has drawn the attention of state and federal governments In this book racial profiling is defined as the practice of targeting individuals for police or security interdiction detention or other disparate treatment based primarily on their race ethnicity or national origin in the belief that certain minority groups are more likely to engage in unlawful behaviour Assertions that law enforcement personnel at all levels unfairly target certain racial and ethnic groups particularly but not exclusively for traffic stops and searches have raised concerns about violations of the Constitution The major debate on racial profiling centres on whether the practice should be prohibited entirely and whether data on traffic stops and searches should be collected to determine if the practice is occurring This book gathers presents the major issues available data and analyses important to understanding on the most dangerous and divisive practices of our time

Racial Profiling Deborah Kops, 2007 This book focuses on the debate surrounding racial profiling in the United States including a historical look at criminal profiles and U S government initiatives like Japanese American internment during WWII through to the modern anti terrorist age through scholarly opinions statistics and studies

Profiles in Injustice David A. Harris, 2003 Argues that racial profiling by police officers highway troopers and customs officials is morally reprehensible and does not help catch criminals but rather contributes to the moral decay of American society

Good Cop, Bad Cop Milton Heumann, Lance Cassak, 2003 Good Cop Bad Cop looks at the rise of racial profiling one of the most important and hotly debated topics in criminal justice and traces its development from its origins in criminal profiling through the use of profiles in drug trafficking prevention efforts in airports and on the U S highways until it became synonymous with racial discrimination by law enforcement The authors draw upon an extensive body of primary sources social science literature and court cases to examine how law enforcement legislators and the courts have handled racial profiling They also review the debate over racial profiling offering arguments made by its opponents and defenders before and after the events of September 11 and describe its development as both a legal and a cultural concept

Racial Profiling Noël Merino, 2014-12-22 The writings in this anthology have been selected to introduce your readers to a wide array of viewpoints on the use of racial profiling in law enforcement Written by foremost authorities in the field these essays express leading liberal conservative and centrist views Each chapter asks a relevant question about the topic and the viewpoints that follow are grouped into yes and no categories Questions debated in this book are whether racial profiling is a problem whether Arab Muslims should be profiled in the War on Terror what the causes and consequences of racial profiling are and what should be done about it

Racial Profiling Michael L. Birzer, 2012-11-14 Many racial minority communities claim profiling occurs frequently in their neighborhoods Police authorities for the most part deny that they engage in racially

biased police tactics A handful of books have been published on the topic but they tend to offer only anecdotal reports offering little reliable insight Few use a qualitative methodol

Racial Profiling Karen S. Glover,2009-08-16 Karen S Glover investigates the social science practices of racial profiling inquiry examining their key influence in shaping public understandings of race law and law enforcement Commonly manifesting in the traffic stop the association with racial minority status and criminality challenges the fundamental principle of equal justice under the law as described in the U S Constitution Communities of color have long voiced resistance to racialized law and law enforcement yet the body of knowledge about racial profiling rarely engages these voices Applying a critical race framework Glover provides in depth interview data and analysis that demonstrate the broad social and legal realms of citizenship that are inherent to the racial profiling phenomenon To demonstrate the often subtle workings of race and the law in the post Civil Rights era the book includes examination of the 1996 U S Supreme Court s Whren decision a judicial pronouncement that allows pretextual action by law enforcement and thus widens law enforcement powers in decisions concerning when and against whom law is applied

Racial Profiling Ronnie A. Dunn,Wornie Reed,2011 New Publication Now Available Racial profiling is a phenomenon that has been around for many years As of 2007 there had been over 200 court cases involving allegations of racial and ethnic profiling against law enforcement agencies in the United States Consequently it is an issue of significant concern While racial profiling can affect many aspects of the lives of minorities including Arab and Muslim Americans Racial Profiling Causes and Consequences focuses on the driving while black DWB phenomenon Among the most frequently occurring incidences of racial profiling is traffic stops for minor traffic violations which often result in vehicle searches for contraband That is the focus of this book which includes several studies of traffic stops and assesses traffic stops from several perspectives Racial Profiling Causes and Consequences Includes a study that analyzes reports from several states on data collected in traffic stops These data indicate the race of the driver and the disposition of the traffic stop i e race search and yield for contraband This data was examined for evidence of racial discrimination Features several personal stories of DWB in order to illuminate the pervasiveness of its occurrence Presents a comprehensive study of traffic ticketing in Cleveland Ohio This study integrates research methods used in other studies to provide an enhanced estimate of the driving population within the particular geographic area being studied Provides an analysis of the DWB issue from an institutional racism perspective rather than the traditional individual racist police officer paradigm in which the issue is generally discussed Highlights the less obvious concomitant socioeconomic and legal ramifications of DWB such as the revocation of one s driver s license due to the accumulation of points for moving traffic violations and the various economic costs and hardships that stem from this loss of driving privileges the possibility of multiple traffic infractions being added to a police record as was the case with Timothy Thomas the young black man shot to death by Cincinnati police in 2001

RACIAL PROFILING Darin D. Fredrickson, Raymond P. Siljander, 2002-01-01 This book was written to eliminate confusion regarding what has come to be called racial profiling by clarifying the legitimate law enforcement practice of criminal profiling and by clarifying what constitutes unfair discrimination and persecution This book was written to benefit sociology students law enforcement officers and anyone else in a position to be concerned with or affected by the profiling issue Police administrators judges and legislators must adequately understand the topics and their many ramifications if they are to make decisions that are based on fact rather than stereotype and myth and free from the influence of adverse social and political pressures And attorneys when prosecuting or defending cases wherein profiling and discrimination is an issue must have good insight into the many interrelated dynamics of the topics to properly prepare and argue their case This writing explores difficult social issues that are often poorly understood but issues that need to be understood if solutions are to be meaningful And a poorly conceived solution is especially likely when the issues are both complex and controversial In this book the writers acknowledge that while criminal profiling is a necessary and legitimate law enforcement practice unchecked bias can pollute the practice And while they acknowledge that measures to detect those whose enforcement practices reflect bias can have merit they emphasize that such efforts must be in addition to the hiring of high caliber officers providing quality training providing competent leadership and on a properly staffed and trained Internal Affairs department But the authors also emphasize the unfortunate fact that many efforts intended to prevent bias are to varying degrees ineffectual and create collateral problems Germane to that discussion is illumination of the difficulties of monitoring fair treatment policies and the unintended problems that often accompany consent decrees **Coping with Racial Profiling** Del Sandeen, 2019-07-15 Racial profiling isn't just a problem for one group of people It's a problem for everyone in America and the world The underlying racism that contributes to profiling is a serious issue for people of all colors This insightful book presents facts and statistics to counter damaging myths giving readers perspective to understand how racial profiling can happen and what to do about it Readers will learn how to push back against discrimination what to do if they ever feel they are a victim of racial profiling and how to handle the emotional toll that racism causes *Racial Profiling* Alison Marie Behnke, 2017-01-01 In the United States racial profiling affects thousands of Americans every day Both individuals and institutions such as law enforcement agencies government bodies and schools routinely use race or ethnicity as grounds for suspecting someone of an offense The high profile deaths of unarmed people of color at the hands of police officers have brought renewed national attention to racial profiling and have inspired grassroots activism from groups such as Black Lives Matter Combining rigorous research with powerful personal stories this insightful title explores the history the many manifestations and the consequences of this form of social injustice *Racial Profiling* Michael L. Birzer, 2012-11-14 Many

racial minority communities claim profiling occurs frequently in their neighborhoods. Police authorities for the most part deny that they engage in racially biased police tactics. A handful of books have been published on the topic but they tend to offer only anecdotal reports offering little reliable insight. Few use a qualitative methodological lens to provide the context of how minority citizens experience racial profiling. *Racial Profiling They Stopped Me Because I m* places minority citizens who believe they have been racially profiled by police authorities at the center of the data. Using primary empirical studies and extensive in depth interviews the book draws on nearly two years of field research into how minorities experience racial profiling by police authorities. The author interviewed more than 100 racial and ethnic minority citizens. Citing 87 of these cases the book examines each individual case and employs a rigorous qualitative phenomenological method to develop dominant themes and determine their associated meaning. Through an exploration of these themes we can learn what racial profiling is its historical context and how formal legal codes and public policy generally define it. The best methods of data collection and the advantages of collecting racial profiling data. How certain challenges can prevent data collection from properly identifying racial profiling or bias based policing practices. Data analysis and methods of determining the validity of the data. The impact of pretextual stops and the effect of *Whren v United States*. A compelling account of how minority citizens experience racial profiling and how they ascribe and give meaning to these experiences the book provides a candid discussion of what the findings of the research mean for the police racial minority citizens and future racial profiling research. Michael L Birzer was recently interviewed on public radio about his book *Racial Profiling They Stopped Me Because I m*.

Are You Being Racially Profiled? Alexandra Hanson-Harding, 2015-12-15 This timely book addresses the issue of racial profiling head on what it is why it happens who it happens to and what someone who is at risk of racial profiling can do about it. Interviews with teens directly affected by racial profiling and advice from professionals make this text excellent for research or personal use. *Racial Profiling and Discrimination* Danielle Haynes, 2020-12-15 The United States prides itself on being a country with people from all different walks of life. However the acceptance some take for granted isn't always there for people of color. In recent years awareness of and anger about racial profiling and discrimination have reached their highest levels in decades. Racial profiling and discrimination often happen in ways many people don't realize hurting their victims and leading to further divisions. This book clearly explains the difference between racial profiling and discrimination provides easily understandable examples of each and gives suggestions for how teens can combat these unfair practices.

Suspect Race Jack Glaser, 2015 In *Suspect Race* social psychologist and public policy expert Jack Glaser leverages a century's worth of social psychological research to provide a clear understanding of how stereotypes even those operating outside of conscious awareness or control can cause police to make discriminatory judgments and decisions about who to suspect stop question search use force on and arrest. Glaser argues that stereotyping even nonconscious stereotyping is a completely normal human mental process but that it leads to undesirable discriminatory outcomes. Additionally he finds

evidence that racial profiling can actually increase crime and he considers the implications for racial profiling in counterterrorism Suspect Race brings to bear the vast scientific literature on intergroup stereotyping to offer the first in depth and accessible understanding of the primary cause of racial profiling and to explore implications for policy S. 989, *the End Racial Profiling Act of 2001* United States. Race, Ethnicity, and Policing Stephen K Rice, Michael D White, 2010-03-01 From Rodney King and driving while black to claims of targeting of undocumented Latino immigrants relationships surrounding race ethnicity and the police have faced great challenge *Race Ethnicity and Policing* includes both classic pieces and original essays that provide the reader with a comprehensive even handed sense of the theoretical underpinnings methodological challenges and existing research necessary to understand the problems associated with racial and ethnic profiling and police bias This path breaking volume affords a holistic approach to the topic guiding readers through the complexity of these issues making clear the ecological and political contexts that surround them and laying the groundwork for future discussions The seminal and forward thinking twenty two essays clearly illustrate that equitable treatment of citizens across racial and ethnic groups by police is one of the most critical components of a successful democracy and that it is only when agents of social control are viewed as efficient effective and legitimate that citizens will comply with the laws that govern their society The book includes an introduction by Robin S Engel and contributions from leading scholars including Jeffrey A Fagan James J Fyfe Bernard E Harcourt Delores Jones Brown Ramiro Martinez Jr Karen F Parker Alex R Piquero Tom R Tyler Jerome H Skolnick Ronald Weitzer and many others
