

Racially Separate or Together?¹

Thomas F. Pettigrew
Harvard University

America has had an almost perpetual racial crisis for a generation. But the last third of the twentieth century has begun on a new note, a change of rhetoric and a confusion over goals. Widespread rioting is just one expression of this note. The nation hesitates; it seems to have lost its confidence that the problem can be solved; it seems unsure as to even the direction in which a solution lies. In too simple terms, yet in the style of the fashionable rhetoric, the question has become: Shall Americans of the future live racially separate or together?

This new mood is best understood when viewed within the eventful sweep of recent years. Ever since World War I, when war orders combined with the curtailment of immigration to encourage massive migration to industrial centers, Negro Americans have been undergoing rapid change as a people. The latest product of this dramatic transformation from southern peasant to northern urbanite is a second- and third-generation northern-born youth. Indeed, over half of Negro Americans alive today are below twenty-two years of age. The most significant fact about this "newest new Negro" is that he is relatively released from the principal social controls recognized by his parents and grand-

Racially Separate Or Together McGraw Hill Series In Sociology:

Housing and Planning References, 1971 **The Sociology of Community Connections** John G. Bruhn, 2011-07-18
Many of our current social problems have been attributed to the breakdown or loss of community as a place and to the fragmentation of connections due to an extreme value of individualism in the Western world particularly in the United States. Not all scholars and researchers agree that individualism and technology are the primary culprits in the loss of community as it existed in the middle decades of the 20th century. Nonetheless, people exist in groups and connections are vital to their existence and in the daily performance of activities. The second edition of the *Sociology of Community Connections* will identify and help students understand community connectedness in the present and future. **Racially Separate Or Together?** Thomas F. Pettigrew, 1973 **Sociology of America** Charles Mark, Paula F. Mark, 1976 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1973 *Political Violence, Crises and Revolutions (Routledge Revivals)* Ekkart Zimmermann, 2013-04-15
First published in 1983, this extraordinary study provides a comprehensive systematic evaluation of cross-national theorizing and quantitative empirical evidence on four interrelated phenomena: Political violence, Crises, Military Coups, and Revolutions. Findings from social psychological research on aggression are integrated in this outstanding study as well as results reported in social historical studies of revolution. The focus of the book is always on analytical perspectives and corresponding empirical evidence. The author continually highlights the sociostructural and political conditions of political violence, crises, and revolutions. This exceptionally detailed and systematic inventory of theories and research on a classic triad of political science—political violence, crises, and revolutions—also includes a remarkable bibliography encompassing over 3000 items. *Race, Ethnicity, and Socioeconomic Status* Charles V. Willie, 1983
Providing an adequate conceptual apparatus for the explanation and interpretation of behavior associated with race, ethnicity, and socioeconomic status is the goal of this book. Empirical research findings and their theoretical analysis are linked. E. Franklin Frazier recognized minorities as mirrors of their society. He hypothesized that study of their adaptations would provide a clearer understanding of the relation of human motivation to culture. *Race, Ethnicity, and Socioeconomic Status* confirms the Frazier hypothesis and extracts from studies of blacks and other racial and ethnic minority populations propositions applicable to majority as well as minority groups. These studies of intergroup relations were conducted during the past 25 years and provide a perspective on changing patterns of contact between cultural groups in the United States. Adaptations associated with race, ethnicity, and socioeconomic status are analyzed from the perspective of sociology as a science of humanity. Historical trends as well as contemporary situations are considered. Social psychological and geographical factors are researched as contextual variables in intergroup relations. By analyzing demographic data pertaining to mortality, disease, delinquency, and poverty, the varying contributions to the human condition of individual attributes, group customs, and institutional regulations are ascertained. Institutional and community studies

illuminate the prides fears and prejudices of dominant and subdominant groups particularly with reference to racial and ethnic relations in education Also identified in these studies are the rights and responsibilities of such groups toward each other in social interaction *Minorities in the Open Society* Geoff Dench,2022-11-16 Minorities in the Open Society 1986 challenges optimistic assumptions regarding race relations in western nations namely that social justice will prevail without much effort It examines the interests behind public affirmations of commitment to integration and presents a range of contemporary and historical material which illustrate the double binds created for minorities by the dominant communities who offer equality with one hand while obstructing it with the other Individual members of minorities may be given the opportunity to achieve social prominence but only to carry out special jobs on behalf of the majority **The Caste and Class Controversy on Race and Poverty** Charles Vert Willie,1989 To find more information about Rowman and Littlefield titles please visit [www rowmanlittlefield com](http://www.rowmanlittlefield.com) *Ethnic Conflict* Hugh Donald Forbes,1997-01-01 Drawing on studies of the contact hypothesis the assumption that increased contact between different ethnic groups reduces friction this text provides a review of the theory and considers the scientific research that maintains contact between such groups can give rise to more intense conflict **Hegemonic Masculinity, Caste, and the Body** Navjotpal Kaur,2024-09-23 Thoughtfully invoking wider conversations around gender culture and self perception Navjotpal Kaur investigates the intricate interplay between masculinities space and identity within Indian Punjab s Jat Sikh community *Reducing Prejudice and Discrimination* Stuart Oskamp,2013-05-13 Finding ways to reduce prejudice and discrimination is the central issue in attacking racism in our society Yet this book is almost unique among scientific volumes in its focus on that goal This important book combines critical analysis of theories about how to reduce prejudice and discrimination with cutting edge empirical research conducted in real world settings as well as in controlled laboratory situations This book s outstanding contributors focus on a common set of questions about ways to reduce intergroup conflict prejudice and stereotyping They summarize their own research as well as others interpret the conclusions and suggest implications concerning the practical methods that have been or could be used in programs aimed at reducing intergroup conflict The chapters present solidly based critical analyses and research findings in clear reader friendly prose This book evolved from the Sixteenth Annual Claremont Symposium on Applied Social Psychology Each Symposium in the series concentrates on a single area in which social psychological knowledge is being applied to the resolution of a current social problem Ideal for teachers social workers administrators managers and other social practitioners who are concerned about prejudice and discrimination this book will also serve as a valuable foundation of knowledge in courses that examine this topic *Theories of Intergroup Relations* Fathali M. Moghaddam,Donald M. Taylor,1994-06-30 As the world faces an array of increasingly pervasive and dangerous social conflicts race riots ethnic cleansing the threat of terrorism labor disputes and violence against women children and the elderly to name a few the study of how groups relate has taken on a role of vital importance to our society In this thoroughly updated and expanded second

edition major international theoretical orientations to intergroup relations are outlined and critiqued with particular attention given to exciting new developments in the field Changes in approach to such enduring social issues as discrimination are discussed and new sections focus on emerging topics including affirmative action tokenism and multiculturalism *Housing Desegregation and Federal Policy* John M. Goering, 2012-12-30 Housing desegregation is one of America's last civil rights frontiers Drawing on the expertise of social scientists civil rights attorneys and policy analysts these original essays present the first comprehensive examination of housing integration and federal policy covering the last two decades This collection examines the ambiguities of federal fair housing law the shifting attitudes of white and black Americans toward housing integration the debate over racial quotas in housing and the efficacy of federal programs Title VI of the Civil Rights Act of 1964 banned discrimination in federally assisted housing and Title VIII of the Civil Rights Act of 1968 banned discrimination in most of the private housing market *Housing Desegregation and Federal Policy* shows that America has made only modest progress in desegregating housing despite these federal policies Providing a balanced assessment of federal policies and programs is complicated because of disagreement over the nature of the federal government's role in this area Disagreements over the meaning of federal law coupled with white and black disinterest in desegregation have compounded the difficulties in promoting residential integration The authors employ research findings as well as legal and policy analysis in examining these complex issues They consider a broad range of issues related to housing desegregation and integration offering new sources of evidence and ideas for future research and policymaking Originally published in 1986 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Social Work: the Social Psychological Approach Glynis M. Breakwell, 2012-12-06 This book was created to describe the social psychological approach SPA to the social work process It has long been asserted that social workers need to understand and use social psychology in their practice Yet the literature available to social workers has been limited There have been no texts on social psychology specifically designed for social workers Instead social workers have been presented with various forms of individual psychology and macrosociology There is however an important contribution which social psychology the study of the individual in a social context can make to the social work process This contribution is the central concern of this book Consequently the book is seen as filling a fundamental gap in the existing social work literature The structure of the book is dictated by the belief that social workers and social psychologists should collaborate in evolving a social psychological model of social work practice Such a model the result of collaboration between a social worker and a social psychologist is presented here The book is addressed not simply to teachers and students of social work but also specifically to social work practitioners and to social psychologists besides all those who deal with social work problems In addressing a wide audience it is important to establish a lingua franca social workers need to understand the basics of social psychology and social psychologists must understand the basis of social work practice

Dialogue, Conflict Resolution, and Change Mohammed Abu-Nimer, 2012-02-01 This is the first study to introduce the subject of Arab Jewish relations and encounters in Israel from both conflict resolution and educational perspectives Through a critical examination of Arab and Jewish encounter programs in Israel the book reviews conflict resolution and intergroup theories and processes which are utilized in dealing with ethnic conflicts and offers a detailed presentation of intervention models applied by various encounter programs to promote dialogue education for peace and democracy between Arabs and Jews in Israel The author investigates how encounter designs and processes can become part of a control system used by the dominant governmental majority's institutes to maintain the status quo and reinforce political taboos Also discussed are the different conflict perceptions held by Arabs and Jews the relationship between those perceptions and both sides' expectations of the encounters Abu Nimer explores the impact of the political context Intifada Gulf War and peace process on the intervention design and process of those encounter groups and contains a list of recommendations and guidelines to consider when designing and conducting

encounters between ethnic groups He reveals and explains why the Arab and Jewish encounter participants and leaders have different criteria of their encounter s success and failure The study is also applicable to dialogue and coexistence programs and conflict resolution initiatives in other ethnically divided societies such as South Africa Northern Ireland Bosnia and Sri Lanka where the minority and majority have struggled to find peaceful ways to coexist **Encyclopedia of Human**

Resource Management Adrian Wilkinson, Stewart Johnstone, 2016-01-29 The Encyclopedia of Human Resource Management is an authoritative and comprehensive reference resource with almost 400 entries on core HR areas and key concepts From age discrimination to zero hours contracts each entry reflects the views of an expert and authoritative author The terms included vary from singular concepts such as performance appraisal and industrial conflict to organisational behaviour terms including organisational culture and commitment and broader management terms such as resourcing and management development Each entry provides a list of references and further reading to enable the reader to gain a deeper awareness and understanding of each topic This book is an ideal companion to a standard HRM textbook and both undergraduate and postgraduate students will find it to be of value It will also be useful for academic researchers HR practitioners and policy specialists looking for a succinct expert summary of key HR concepts School Desegregation Research Jeffrey Prager, Douglas Longshore, Melvin Seeman, 2012-12-06 The desegregation situation is the keynote theme of the following chapters I Each of them touches on a different dimension of the situation the historical the temporal the spatial But the reader perusing the essays with the situation in mind should remember that the desegregation situation should not be interpreted literally Authorities and adults certainly school age children probably are influenced by their awareness of a sequence of past and future situations Some may even operate with William James s 1890 p 608 notion of the specious present that has melted in our grasp fled ere we could touch it gone in the instant of becoming thus reducing the potency of the present situation Others may be dancing to a slower tempo of change thus becoming more responsive to the present situation Whatever the perceived tempo many must share the view that the future may reverse the direction of the past Some may see that new future direction as unswerving unending or long lasting others may see it as short lived And it is through attention to the phenomenological description of desegregation that these issues can be explored a theme that is considered in several of the following chapters
