Walker, 1998 Stuart Walker s intelligent straightforward explanation of why wind behaves as it does and what it is likely to do next draws upon his sixty plus years of sailing experience and his vast knowledge of meteorology The Sailor s Wind first describes each aspect of wind behavior in context challenging readers to analyze wind flow as though they were experiencing it on the water then explains what principles determined the wind s behavior using recent meteorological research instrumented observations and studies of computer models This book enables sailors not only to understand the wind but also to harness it **Willow King** Chris Platt, 2000 Thanks to the faith and hard work of Katie Durham Willow King no longer has badly twisted legs After painstaking training the colt has gained the strength to compete in major races and Katie is determined to prove he s a champion Unfortunately her new ambition presents her with the most nerve racking challenge of her life earning a jockey s license and riding Willow King in the Kentucky Derby This inspiring story a sequel to the author s award winning first novel is based on her real experiences as a jockey groom and assistant horse trainer *Racing the Wind* Rosenfeld, *The Language of Horse Racing* Gerald Hammond, 2016-04-15 In dictionary form but offering much more than dictionary definitions The Language of Horse Racing presents a guide to the history development and usage of words and phrases employed on the racecourse by those who train and look after horses those who ride them and those who lose their money betting on them Here the reader will discover exactly what the distance is and why it is so called what the cap was in handicap what relation the wild goose chase had to the steeple chase what is dead about a dead heat and what the differences are between getting in getting on getting out and getting up The Language of Horse Racing also reveals the language of the racecourse including the bizarre vocabulary of betting from the betting boots that early bookies put on to the faces heads sharks and sharps who feed off the buzz and whisper that go round the ring **The Race Against Time** Edward Pickering, 2013-05-09 When Chris Boardman first raced against Graeme Obree in a time trial in Newtonards Northern Ireland in 1990 it was the start of a rivalry that captivated the British public for a decade and brought cycling on to the front pages Boardman was the establishment figure reserved scientific middle class Obree was the rebel the Flying
