Rationality and the Analysis of International Conflict

Abstract

Rationality And The Analysis Of International Conflict

M.A. Khan

Rationality And The Analysis Of International Conflict:

Rationality and the Analysis of International Conflict Michael Nicholson, 1992-03-27 This book covers the problems of rational decision making in conflict situations

Culture and international conflict resolution Tarja Vayrynen, 2018-07-30 This book re-examines conflict resolution and particularly problem solving conflict resolution from a new perspective The book is a critical study of John Burton's work and outlines an alternative framework for the study of international conflict It provides an insight into the problems of conflict and conflict resolution from a social constructionist angle Vayrynen argues that culture has a constitutive role in international conflict and conflict resolution Culture offers a grammar for acting in and interpreting the world and provides understandings of conflict and its resolution Theories which deny the importance of cultural failure to understand the ontological conditions of human being

Rationality in the North Korean Regime David W. Shin, 2020-07-06 How and why are the Kims rational There is no consensus about either the Kims rationality or how best to determine if they are rational actors Rationality in the North Korean Regime offers a concise and finite method to assess rationality by examining over ten cases of provocations from the Korean War to the August 2015 land mine incident The book asserts that Kim Il sung was predominantly a rational actor though the regime behaved irrationally at times under his rule and that both Kim Jong il and Kim Jong un have clearly been rational actors As a rational actor Kim Jong un is unlikely to give up his nuclear weapons but this work argues he can be deterred from using them if the United States demonstrates it is willing to co-exist with his regime and pursues long term engagement to reduce Kim's concern that North Korea's sovereignty needs defending from U.S. hostile policy This could allow gradual social change within the country that could eventually lead to positive systemic change as well as soften Kim's rule In this regard time may be on the side of the U.S. South Korean alliance but the two allies must embrace the long view and learn to be more patient or risk another conflict on the Korean Peninsula

Rational Choice and Security Studies Michael E. Brown, Owen R. Cote, Jr., Sean M. Lynn-Jones, Steven E. Miller, 2000-07-18 Opposing views on the merits of formal rational choice approaches as they have been applied to international security studies Formal theories and rational choice methods have become increasingly prominent in most social sciences in the past few decades Proponents of formal theoretical approaches argue that these methods are more scientific and sophisticated than other approaches and that formal methods have already generated significant theoretical progress As more and more social scientists adopt formal theoretical approaches critics have argued that these methods are flawed and that they should not become dominant in most social science disciplines Rational Choice and Security Studies presents opposing views on the merits of formal rational choice approaches as they have been applied in the subfield of international security studies This volume includes Stephen Walt's article Rigor or Rigor Mortis Rational Choice and Security Studies critical replies from prominent political scientists and Walt's rejoinder to his critics Walt argues that formal approaches have not led to creative new theoretical explanations that they lack empirical support and that they have

contributed little to the analysis of important contemporary security problems In their replies proponents of rational choice approaches emphasize that formal methods are essential for achieving theoretical consistency and precision

Jihad for Jerusalem M.A. Khan,2004-10-30 Jihad for Jerusalem explores the agent structure dynamics in world politics and advances a constructivist theory of choice that explains the role of identity culture religion and other core values in international politics The struggle for Jerusalem by Iran Saudi Arabia Jordan and Israel is the empirical space where the dynamics between reason and identity values and strategies is explored Jihad for Jerusalem advances a theory of agency in international politics This theory of agency is based on a reconstituted constructivist paradigm The theory is tested by an examination of the foreign policy decision making of Iran Israel Jordan and Saudi Arabia towards Israel from 1967 1997 The book uses the foreign policy of these states as cases to test the tension between religion and rationality between identity and reason between power and morality and advances a constructivist theory of choice that explains the importance of the role of culture religion identity and core values in international politics Anyone interested in international relations theory and the convoluted politics of the Middle East will find this book intriguing reading

Globalization, Wealth, and Power in the Twenty-first Century W. Nester,2010-12-12 This book offers an in depth exploration of all dimensions of geoeconomics including the internal and international forces which explain why most countries remain mired in poverty the conflicts between the poor on the rich countries and the global environmental crises threatening the future of humanity

Russian Foreign Policy and International Relations Theory Christer Pursiainen,2017-07-05 An original and challenging examination of how to transform post Sovietological study of Soviet and Russian foreign policy into a more integrated part of the Social Sciences and International Relations Theory This book represents the first detailed and sustained synthesis international relations theory and Soviet Russian foreign and security policy in academic literature

Evaluating Methodology in International Studies Michael Brecher, Frank P. Harvey,2002-08-14 Evaluating Methodology in International Studies offers a unique collection of original essays by world renowned political scientists The essays address the state of the discipline in regard to the methodology of researching global politics focusing in particular on formal modeling quantitative methods and qualitative approaches in International Studies The authors reflect on the strengths and weaknesses of current methodology and suggest ways to advance theory and research in International Studies This volume is essential reading for methods courses and will be of interest to scholars and students alike See table of contents and excerpts Frank P Harvey is Professor of Political Science and Director of the Centre for Foreign Policy Studies at Dalhousie University Michael Brecher is the R B Angus Professor of Political Science at McGill University and past president of the International Studies Association

Millennial Reflections on International Studies This volume is part of the Millennial Reflections on International Studies project in which forty five prominent scholars engage in self critical state of the art reflection on international studies to stimulate debates about successes and failures and to address the larger questions of progress in the discipline Other

paperbacks from this project Realism and Institutionalism in International Studies Conflict Security Foreign Policy and International Political Economy Past Paths and Future Directions in International Studies Critical Perspectives in International Studies The full collection of essays is available in the handbook Millennial Reflections on International Studies

The Handbook on the Political Economy of War Christopher J. Coyne, Rachel L. Mathers, 2011-01-01 The Handbook on the Political Economy of War highlights and explores important research questions and discusses the core elements of the political economy of war

Peace and Conflict in Africa David Francis, 2013-04-04 Nowhere in the world is the demand for peace more prominent and challenging than in Africa From state collapse and anarchy in Somalia to protracted wars and rampant corruption in the Congo from bloody civil wars and extreme poverty in Sierra Leone to humanitarian crisis and authoritarianism in Sudan the continent is the focus of growing political and media attention This book presents the first comprehensive overview of conflict and peace across the continent Bringing together a range of leading academics from Africa and beyond Peace and Conflict in Africa is an ideal introduction to key themes of conflict resolution peacebuilding security and development The book s stress on the importance of indigenous Africa approaches to creating peace makes it an innovative and exciting intervention in the field
