Ravens Wish:

The Tower of Ravens Kate Forsyth, 2005-06-07 One Horn's daughter is not like the others of her kind Born of a human father she lacks the horns so prized by her people and is scorned even by her own mother Her only chance for escape is to capture one of the legendary flying horses and ride it to freedom So this strange feral girl begins a dangerous journey of love death and betrayal that will earn her a new name Rhiannon the rider no one can catch Rescued and taken to the home of Lewen a young man just beginning to understand his own magical potential Rhiannon is fascinated by the human world and by Lewen Together they travel through a land where the dead walk and ghosts haunt the living a place where Rhiannon encounters dark forces that endanger all of Eileanan But to save the land she must convince Lewen and the other apprentice witches to trust the word of a wild half human girl

Wolves and Ravens - Book 1 Richard Spegal, 2023-11-15 The Great War Has Ended The thousand years following the Great War and the writing of the First Law were not always peaceful but nothing could compare to the slaughter that came before The three races continued to make their way through the world in relative prosperity even after the separation of the Eastern Kingdom over five hundred years prior The horrors of the Great War faded into the annals of history except for a single problem It was all a lie Distrust of the ravens was beginning to spread from an unknown source The disappearances were growing more frequent and were joined by even darker rumors Through all this the Raven Queens continued to research the truth for centuries How do you prove a lie with no evidence How do you find evidence from a thousand years ago What really happened How did the Great War truly end Queen N nfeng knows she will not live to see the answers but knows they are running out of time All she can do is prepare the way for her child prodigy of a daughter A seven year old Princess who cares more about complaining and hiding from her training than she does about the state of the world It will be up to Princess Qi n s Wolf Protector to keep her on the proper path The true road to being the Raven Queen is a brutal one which no one would ever want to force on another However through the suffering and sacrifice of one perhaps all others will be spared Unbeknownst to all even the Raven Queens their world has been being watched closely for a very long time from both sides

Philosophical Adventures with Fairy Tales Wendy C. Turgeon, 2020-04-08 Often we think of fairy tales as written for little children as entertainment But fairy tales are much more and invite young and old alike to reflect on serious philosophical themes This book offers readers opportunities to engage in philosophical dialogue over a range of important concepts such as truth goodness beauty fairness and many more The prompts for these reflections will be fairy tales In addition to offering guidelines for building a philosophical community with children and young people the reader will read familiar stories with fresh eyes and encounter new ideas with surprising connections to contemporary issues and concerns Parents will enjoy sharing a tale with their child and journeying into the big questions that fascinate children Teens will relish the chance to revisit a favorite fairy tale but as now addressing their own questions and concerns Finally adults who are intrigued by philosophy can explore the power of stories fairy tales to bring forward serious questions of justice identity and meaning making The values of doing philosophy are many developing our critical thinking ability learning how to question and explore alternative ideas building good arguments for our positions listening to those who may see the world differently than we do and learning to engage them in meaningful dialogue The value of using fairy tales is their accessibility to a wide audience their innate appeal to our imagination and their magical ability to make us ponder
