Paradigms of Authority in the Carver Canon Péter Bocsor, 2015-04-16 Raymond Carver's personal story as a writer became publicly known through an unusually intense cooperation with his literary agent Gordon Lish. Carver's career can be viewed as the story of a fight for the control of his literary voice in which he is doomed to fail due to the heterogeneity characterizing the genesis of his works. The parallel versions of the same stories in the Carver canon not only pose a threat to any attempt of a simplistic evaluation of his literary legacy but also raise questions about the authority of the writer. The author of the present book considers the choices Carver, Lish, and other editors made part of the collective social act of manufacturing and attempts to carry out a neutral analysis of the various versions. *Literary Afterlife of Raymond Carver*

Jonathan Pountney, 2020-04-15 No detailed description available for *The Literary Afterlife of Raymond Carver* **Raymond Carver** Carol Sklenicka, 2009-11-24 The first biography of America's best known short story writer of the late twentieth century. The London Times called Raymond Carver the American Chekhov. The beloved mischievous but more modest short story writer and poet thought of himself as a lucky man whose renunciation of alcohol allowed him to live ten years longer than he or anyone expected. In that last decade Carver became the leading figure in a resurgence of the short story. Readers embraced his precise, sad, often funny and poignant tales of ordinary people and their troubles: poverty, drunkenness, embittered marriages, difficulties brought on by neglect rather than intent. Since Carver died in 1988 at age fifty, his legacy has been mythologized by admirers and tainted by controversy over a zealous editor's shaping of his first two story collections. Carol Sklenicka penetrates the myths and controversies. Her decade-long search of archives across the United States and her extensive interviews with Carver's relatives, friends, and colleagues have enabled her to write the definitive story of the iconic literary figure. Laced with the voices of people who knew Carver intimately, her biography offers a fresh appreciation of his work and an unbiased, vivid portrait of the writer. *What It Used to Be Like* Maryann Burk

Carver, 2007-07-10 Maryann Burk Carver met Raymond Carver in 1955 when she was fifteen years old and he seventeen. In *What It Used to Be Like* Maryann Burk Carver recounts a tale of love at first sight in which the two teenagers got to know each other by sharing a two-year long distance correspondence that soon after found them married and with two small children. Over the next twenty-five years, as Carver's fame grew, the family led a nomadic life moving from school to school, teaching post to teaching post. Finally in 1972 they settled in Cupertino, California, where Raymond Carver gave his wife one of his sharpened pencils and bade her to write an account of their history. The result is a breathtaking memoir of a marriage replete with the intimacy of detail that fully reveals the illnesses and talents of this larger-than-life man, his complicated relationships, and his profound loves and losses. *What It Used to Be Like* brings to light for the first time Raymond Carver's lost years and stories and the stories behind the stories of this most brilliant writer. MARYANN BURK CARVER married Raymond Carver when she was sixteen and he was nineteen. They were married for twenty-five years and had two children.
