Reaching Tin River:

Reaching Tin River Thea Astley, 2018-04-30 Tin River is a townlet of terminal attractiveness Tin River is a state of mind Researching in the archives Belle discovers the long dead Gaden Lockyer a colonial pioneer in Jericho Flats and soon becomes obsessed Belle's quest for Lockyer is her way of coming to terms with the past her mother a drummer in her own all women's group her absent American father and her ineffectual husband Seb In Reaching Tin River Thea Astley's satire is at its sharpest and most entertaining Thea Astley was born in Brisbane in 1925 Her first novel *Girl with a Monkey* was published in 1958 and her third *The Well Dressed Explorer* 1962 won the Miles Franklin Literary Award Many notable books followed among them the groundbreaking *A Kindness Cup* 1974 which addressed frontier massacres of Indigenous Australians and *It's Raining in Mango* 1987 Her last novel was *Drylands* 1999 her fourth Miles Franklin winner Her fiction is distinguished by vivid imagery and metaphor a complex ironic style and a desire to highlight oppression and social injustice One of the most distinctive and influential Australian novelists of the twentieth century Astley died in 2004 How lucidly Ms Astley evokes for us Australia's rough pioneer history and Belle's love for it You will like this journey I promise and when it is over you will wish it weren't and you will feel cross and want from Ms Astley much much more New York Times Dazzling imagery on every page Beautifully written Publishers Weekly Intelligent fresh and new Kirkus Reviews *Reaching Tin River* Thea Astley, 1991-05-01 **Discussion notes on Thea Astley's Reaching Tin River**, 1993 **White Vanishing**

Elspeth Tilley, 2012-01-01 The story of the vulnerable white person vanishing without trace into the harsh Australian landscape is a potent and compelling element in multiple genres of mainstream Australian culture It has been sung in *Little Boy Lost* brought to life on the big screen in *Picnic at Hanging Rock* immortalized in Henry Lawson's poems of lost tramps and preserved in the history books tales of Leichhardt or Burke and Wills wandering in mad circles A world wide audience has also witnessed the many layered and oddly strident nature of Australian disappearance symbolism in media coverage of contemporary disappearances such as those of Azaria Chamberlain and Peter Falconio *White Vanishing* offers a revealing and challenging re-examination of Australian disappearance mythology exposing the political utility at its core Drawing on wide ranging examples of the white vanishing myth the book provides evidence that disappearance mythology encapsulates some of the most dominant and durable categories at the heart of white Australian culture and that many of those ideas have their origin in colonial mechanisms of inequality and oppression *White Vanishing* deliberately and perhaps controversially reminds readers that while power is never absolute or irresistible some narrative threads carry a particularly authoritative inheritance of ideas and power relations through time *Rewriting God* Elaine Lindsay, 2021-11-22 Women are rarely if ever mentioned in commentaries upon Australian Christianity and spirituality Only exceptional women are recognized as authorities on religious matters Why is this so Does it matter Don't people from the same religious tradition share similar experiences of the divine regardless of their gender *Rewriting God* asks whether women have been writing about the divine

and whether their insights are different from those contained in malestream accounts of Australian Christianity and spirituality An analysis of the writings of popular theologians and religious commentators over the last twenty years suggests that the most popular form of spirituality among Australian theologians is Desert Spirituality An analysis of women s autobiographical writings however suggests that the desert is irrelevant to many women s spiritual experiences This book through a close investigation of the fictions of Thea Astley Elizabeth Jolley and Barbara Hanrahan attempts to posit alternative forms of women s spirituality and to signal ways in which this spirituality is already being expressed From the evidence gathered here it becomes obvious that traditional expressions of Australian Christianity and spirituality are gender specific and that they have functioned to deny women s religious experiences and to silence their claims to equality in the sight and service of the divine It becomes obvious too that women have been developing their own forms of religious expression and that these may be expected to supplant gradually withering images of Desert Spirituality Whether this new imagery will strengthen Australian Christianity or whether it merely marks a decline in the authority of Christianity remains a moot point

Thea Astley's Fictional Worlds Paul Genoni,Susan Sheridan,2009-05-05 This landmark contribution to Australian literary studies is the first collection of critical responses to the work of one of our most important novelists Thea Astley As well as essays from leading Australian and international critics dating from 1967 to the present it includes three essays by Astley herself a major interview with her and the first Thea Astley lecture given by Kate Grenville in 2005 Professor Elizabeth Webby Sydney University

Major Minorities ,2022-06-08 *Books that Saved My Life* Michael McGirr,2018-10-29 A profound funny and uplifting collection of reminiscences about a life in books now available in a smaller competitively priced format

By the Book Patrick Buckridge,Belinda McKay,2007-09 Queensland a place of barren land and wild politics with subtropical weather beaches and natural wonders is the subject of this rich literary history Chronicling a wide range of literature from the first days of European settlement to the present day this collection touches upon thematic topics such as travel stories writing for children and indigenous writings The role of institutions such as schools public libraries the press and publishers as well as how they have contributed to the shaping of Queensland s literary development is also included

Building Sustainability with the Arts David Curtis,2017-11-06 Environmental art or ecoart is a burgeoning field and includes a wide variety of practices some of which are exemplified in this collection from sculptures or installations made from discarded rubbish to intimate ephemeral artworks placed in the natural environment or from theatrical presentations incorporated into environmental education programs to socially critical paintings In some cases the artworks aim to create indignation in the viewer sometimes to educate sometimes to create a feeling of empathy for the natural environment or sometimes they are built into community building projects This timely book examines various roles of the arts in building ecological sustainability A wide range of practitioners is represented including visual and performing artists scientists social researchers environmental educators and research students They are all united in this text in their

belief that the arts are vital in the building of sustainability in the way that they are practiced but also the connections they make to ecology science and indigenous culture
