Thomas Rimer, 1988 Afraid to make your first foray into the magical and majestic world of Japanese literature Then here is a perfect introduction for you Within this slim volume numerous wonderful recommendations abound although there is one small oversight Musashi by Eiji Yoshikawa isn't mentioned Ah well Also look into *The Pleasures of Japanese Literature* by Donald Keene And for lovers of poetry I cannot say enough wonderful things about *The Ink Dark Moon* translated by Jane Hirshfield and *Modern Japanese Tanka* by Makoto Ueda **Readers' Guide to Periodical Literature**, 1922 **Reader's Guide to Literature in English** Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study *Readers' Guide*, 1912 **Readers Guide to Intermediate Japanese** Yasuko Ito Watt, Richard Rubinger, 2021-05-25 The aim of this book is to help students struggling to become proficient in reading Japanese It fills a gap in the expanding literature on Japanese language instruction by focusing exclusively on patterns and expressions found in the written language Although many pedagogical aids to learning the spoken language are available there is very little to guide students who are trying to master the complexities of the written language Based on the authors extensive experience in teaching third and fourth year Japanese at American universities the Reader's Guide to Intermediate Japanese provides student friendly explanations and examples for phrases that occur with high frequency in written style Japanese Of particular value are the numerous cross references which make difficult verb endings much easier to access than do dictionaries textbooks or grammar books where they are often embedded in lengthy grammatical discussions English renderings Japanese synonyms brief structural notes and example sentences with English translations provide quick access to an alphabetical listing of entries Readings are provided for all Chinese characters used in the examples so that students can readily understand them without having to consult a character dictionary **Reader's Guide to Periodical Literature Supplement**, 1917 These vols contain the same material as the early vols of Social sciences humanities index **Reader's Guide to Military History** Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations *My Friend Hitler and Other Plays of Yukio Mishima* Yukio Mishima, 2002 Acclaimed Japanese novelist Yukio Mishima 1925-1970 was also a prolific playwright

penning more than sixty plays nearly all of which were produced in his lifetime Hiroaki Sato is the first to translate these plays into English For this collection he has selected five major plays and three essays Mishima wrote about drama The title play is a satire that follows the breakdown of friendship between Adolf Hitler and two Nazi officials who were ultimately assassinated under orders from Hitler
