*The Reader's Repentance* Christine L. Krueger, 1992-01-15 A woman preaching is like a dog walking on its hind legs Dr Johnson pronounced It is not done well but you are surprised to find it done at all The prejudice embodied in this remark has persisted over time impeding any proper assessment of the female preaching tradition and its role in shaping social and literary discourse The Reader's Repentance recovers this tradition and in doing so revises the history of nineteenth century women's writing Christine L Krueger persuasively argues that Evangelical Christianity by assuming the spiritual equality of women and men and the moral superiority of middle class women opened a space for the linguistic empowerment of women and fostered the emergence of women orators and writers who in complex and contradictory ways became powerful public figures In the light of unpublished or long out of print writing by eighteenth and nineteenth century women preachers Krueger shows how these women drew on religious language to critique forms of male domination promote female political power establish communities of women and most significantly feminize social discourse She traces the legacy of these preachers through the work of writers as diverse as Hannah More Charlotte Elizabeth Tonna Elizabeth Gaskell and George Eliot women who despite political differences shared an evangelical strategy for placing women's concerns on the social agenda of their time Documenting and analyzing the tradition of women's preaching as a powerful and distinctly feminist force in the development of nineteenth century social fiction The Reader's Repentance reconstitutes a significant chapter in the history of women and culture This original work will be of interest to students of women's history literature and eighteenth and nineteenth century society *Eighteenth-century Women's Writing and the Methodist Media Revolution*

Andrew O. Winckles, 2019 This book traces specific cases of how evangelical and Methodist discourse practices interacted with major cultural and literary events during the long eighteenth century from the rise of the novel to the Revolution controversy of the 1790s to the shifting ground for women writers leading up to the Reform era in the 1830s **Women's Theology in Nineteenth-Century Britain** Julie Melnyk, 2019-07-16 First published in 1998 This collection of original essays identifies and analyzes 19th century women's theological thought in all its diversity demonstrating the ways that women revised subverted or rejected elements of masculine theology in creating theologies of their own While women's religion has been widely studied this is the only collection of essays that examines 19th century women's theology as such A substantial introduction clarifies the relationships between religion and theology and discusses the barriers to women's participation in theological discourse as well as the ways women overcame or avoided these barriers The essays analyze theological ideas in a variety of genres The first group of essays discusses women's nonfiction prose including women's devotional writings on the Apocalypse devotional prose by Christina Rossetti and its similarities to the work of Hildegard von Bingen periodical prose by Anna Jameson and Julia Wedgwood and the letters of Harriet and Jemima Newman sisters of John Henry Newman Other essays examine the novel presenting analysis of the theologies of novelists Emma Jane Worboise Charlotte M Yonge

Howcroft,2018 Joseph Smith founding prophet and martyr of the Church of Jesus Christ of Latter day Saints personally wrote dictated or commissioned thousands of documents Among these are several highly significant sources that scholars have used over and over again in their attempts to reconstruct the founding era of Mormonism usually by focusing solely on content without a deep appreciation for how and why a document was produced This book offers case studies of the sources most often used by historians of the early Mormon experience Each chapter takes a particular document as its primary subject considering the production of a document as an historical event in itself with its own background purpose circumstances and consequences The documents are examined not merely as sources of information but as artifacts that reflect aspects of the general culture and particular circumstances in which they were created This book will help historians working in the founding era of Mormonism gain a more solid grounding in the period s documentary record by supplying important information on major primary sources **Keeping the Victorian House** Vanessa D. Dickerson,2016-07-01 First published in 1995 The essays in

this volume demonstrate how Victorian women took up various positions along a continuum that ranged from the desire of Shelley's creature for the power and acceptance it associated with the house to the rejection of Brontë's heroine of the immobility and powerlessness she ultimately experienced there More specifically the essays in this volume explore the nature of the Victorian woman's domestic relations by centring in one activity that most informed her place in what was often the father's house housekeeping The essays in this edition determine how writers especially novelists both male and female used housekeeping to construct reconstruct represent and inscribe the female self and condition This title will be of interest to students of history and literature

**Bluestockings** E. Eger, 2010-01-20 This study argues that female networks of conversation correspondence and patronage formed the foundation for women's work in the higher realms of Shakespeare criticism and poetry Eger traces the transition between Enlightenment and Romantic culture arguing for the relevance of rational argument in the history of women's writing
