Reading At The Social Limit Affect Mass Culture Edgar Allan Poe:

Reading at the Social Limit Jonathan Elmer, 1995 Arguing that Poe is exemplary in his ambivalent relationship to mass culture the author offers a new theorization of mass culture and ideology **The Oxford Handbook of Edgar Allan Poe** J. Gerald Kennedy, Scott Peeples, Caleb Doan, 2019 This handbook is currently in development with individual articles publishing online in advance of print publication At this time we cannot add information about unpublished articles in this handbook however the table of contents will continue to grow as additional articles pass through the review process and are added to the site Please note that the online publication date for this handbook is the date that the first article in the title was published online **Empire and The Literature of Sensation** Jesse Alemán, Shelley Streeby, 2007-07-20 Mid nineteenth century American literature teems with the energy and excitement characteristic of the nation's era of expansion It also reveals the intense anxiety and conflict of a country struggling with what it will mean socially and culturally to incorporate previously held Spanish territories Empire and the Literature of Sensation is a critical anthology of some of the most popular and sensational writings published before the Civil War It is a collection of transvestite adventures forbidden love class conflict and terrifying encounters with racial others Most of the accounts although widely distributed in nineteenth century newspapers pamphlets or dime store novels have long been out of print Reprinted here for the first time are novelettes by two superstars of the cheap fiction industry Ned Buntline and George Lippard Also included are selections from one of the first dime novels as well as the narratives of Leonora Siddons and Sophia Delaplain both who claim in their autobiographical pamphlets to have cross dressed as men and participated in the Texas rebellion and Cuban filibustering Originally written for entertainment and enormously popular in their day these sensational thrillers reveal for today's audiences how the rhetoric of empire was circulated for mass consumption and how imperialism generated domestic and cultural instability during the period of the American literary renaissance **A New Republic of Letters** Jerome McGann, 2014-03-17 Jerome McGann's manifesto argues that the history of texts and how they are preserved and accessed for interpretation are the overriding subjects of humanist study in the digital age Theory and philosophy no longer suffice as an intellectual framework But philology out of fashion for decades models these concerns with surprising fidelity **Nineteenth-Century American Fiction on Screen** R. Barton Palmer, 2007-03-08 The process of translating works of literature to the silver screen is a rich field of study for both students and scholars of literature and cinema The fourteen essays collected in this 2007 volume provide a survey of the important films based on or inspired by nineteenth century American fiction from James Fenimore Cooper's *The Last of the Mohicans* to Owen Wister's *The Virginian* Many of the major works of the American canon are included including *The Scarlet Letter* Moby Dick and *Sister Carrie* The starting point of each essay is the literary text itself moving on to describe specific aspects of the adaptation process including details of production and reception Written in a lively and accessible style the book includes production stills and full filmographies Together with its companion volume on

twentieth century fiction the volume offers a comprehensive account of the rich tradition of American literature on screen

Anthologizing Poe Emron Esplin, Margarida Vale de Gato, 2020-08-06 This collection explores how anthologizers and editors of Edgar Allan Poe play an integral role in shaping our conceptions of Poe as the author we have come to recognize, revere and critique today. In the spheres of literature and popular culture, Poe wields more global influence than any other U.S. author. This influence, however, cannot be attributed solely to the quality of Poe's texts or to his compellingly tragic biography. Rather, his continued prominence as a writer owes much to the ways that Poe has been interpreted, portrayed and packaged by an extensive group of mediators ranging from anthologizers, editors, translators and fellow writers to literary critics, filmmakers, musicians and illustrators. In this volume, the work of presenting Poe's texts for public consumption becomes a fascinating object of study in its own right, one that highlights the powerful and often overlooked influence of those who have edited, anthologized, translated and adapted the author's writing over the past 170 years. *A Companion to American Fiction, 1780 - 1865* Shirley Samuels, 2008-04-15 This Companion presents the current state of criticism in the field of American fiction from the earliest declarations of nationhood to secession and civil war. Draws heavily on historical and cultural contexts in its consideration of American fiction. Relates the fiction of the period to conflicts about territory and sovereignty and to issues of gender, race, ethnicity and identity. Covers different forms of fiction including children's literature, sketches, polemical pieces, historical romances, Gothic novels and novels of exploration. Considers both canonical and lesser known authors including James Fenimore Cooper, Hannah Foster, Nathaniel Hawthorne, Herman Melville and Harriet Beecher Stowe. Treats neglected topics such as the Western novel, science and the novel and American fiction in languages other than English. **Poe's Pervasive Influence** Barbara Cantalupo, 2012-10-05 The essays in this collection were originally presented as talks at the Poe Studies Association's Third International Edgar Allan Poe Conference, The Bicentennial, in October 2009. All the essays in this volume deal with Poe's influence on authors from the United States and abroad. In addition, the collection also includes two examples of primary texts by contemporary authors whose work is directly related to Poe's work or life: an interview with Japanese detective novelist Kiyoshi Kasai and poems by Charles Cantalupo. This volume includes interpretative essays on international authors whose work reflects back on Poe's work: Edogawa Rampo from Japan, Lu Xun from China, Fernando Pessoa from Portugal, Angela Carter from England and Nikolai Gogol from Russia. The essays in this collection complement and extend a project begun by Lois Vines Poe Abroad, University of Iowa Press, 1999, and take a wider perspective on Poe's influence with essays on Poe's impact on American authors: William Faulkner, Mary Oliver, Joyce Carol Oates, Nathaniel Hawthorne, Herman Melville and Harriet Jacobs.

Victorian Fiction and the Cult of the Horse Gina M. Dorré, 2016-12-05 The horse was essential to the workings of Victorian society and its representations, which are vast, ranging and often contradictory, comprise a vibrant cult of the horse. Examining the representational, emblematic and rhetorical uses of horses in a diversity of nineteenth century texts, Gina M.

Dorr shows how discourses about horses reveal and negotiate anxieties related to industrialism and technology constructions of gender and sexuality ruptures in the social fabric caused by class conflict and mobility and changes occasioned by national progress and imperial expansion She argues that as a cultural object the horse functions as a repository of desire and despair in a society rocked by astonishing social economic and technological shifts While representations of horses abound in Victorian fiction Gina M Dorr s study focuses on those novels by Charles Dickens Elizabeth Braddon Anna Sewell and George Moore that engage with the most impassioned controversies concerning horses and horse care such as the introduction of the steam engine popular new methods of horse taming debates over the tight reining of horses and the moral furor surrounding gambling at the race track Her book establishes the centrality of the horse as a Victorian cultural icon and explores how through it dominant ideologies of gender and class are created promoted and disrupted

Poe, Queerness, and the End of Time Paul Christian Jones, 2022-05-16 This book builds upon recent theoretical approaches that define queerness as more of a temporal orientation than a sexual one to explore how Edgar Allan Poe s literary works were frequently invested in imagining lives that contemporary readers can understand as queer as they stray outside of or aggressively reject normative life paths including heterosexual romance marriage and reproduction and emphasize individuals present desires over future plans The book s analysis of many of Poe s best known works including The Raven The Fall of the House of Usher The Black Cat The Masque of the Red Death and The Murders in the Rue Morgue show that his attraction to the liberation of queerness is accompanied by demonstrations of extreme anxiety about the potentially terrifying consequences of non normative choices While Poe never resolved the conflicts in his thinking this book argues that this compelling imaginative tension between queerness and temporal normativity is crucial to understanding his canon
