Writing about Signs/Signifiers

What is semiotics?

Semiotics is the study of signs and symbols and their use of interpretation. Usually, semiotic analysis studies the roles of signs and the part they play on a social and cultural scale.

What is a sign/signifier?

- A **sign** is the smallest unit of meaning.
- In order to create or define a sign, you will need two pieces:
 - The **signifier** (any material or physical form of the sign - *the object that exists*)
 - The **signified** (a cultural or social concept that a signifier refers to - *what it means*)

The diagrams above are examples of the "Saussurean" models (named after Ferdinand de Saussure, who helped create the model).

- The **tree** represents the concept of what we think about when we hear the word "tree." (**the signified**)
- The **sound of the word "tree"** - or reading the word in print - brings up the mental image of a tree. (**the signifier**)
- The two halves of the signifier and signified represent the two sides of the same coin. The signifier is the material form of the sign, and the signified is the cultural or social concept that the signifier refers to.

In Saussure's model, the signifier and the signified are inseparable. They are two sides of the same coin. The signifier is the material form of the sign, and the signified is the cultural or social concept that the signifier refers to.

- Saussure's model is based on the idea of a sign as a unit of meaning.

Writing about signs/signifiers in a research context

- The signifier is the material form of the sign, and the signified is the cultural or social concept that the signifier refers to.
- The signifier is the material form of the sign, and the signified is the cultural or social concept that the signifier refers to.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
