Semper Fidelis In Peace And War:

Semper Fidelis in Peace and War Al Smith, 1999 **Brothers in Arms** James Holland, 2021-11-16 The renowned historian and author of *Normandy 44* recounts the operations and personal experiences of the legendary Sherwood Rangers during WWII One of the last cavalry units to ride horses into battle the Sherwood Rangers were transformed into a mechanized cavalry of tanks in 1942 After winning acclaim in the North African campaign they spearheaded one of the D Day landings in Normandy and became the first British troops to cross into Germany Their courage skill and tenacity contributed mightily to the surrender of Germany in 1945 Inspired by Stephen Ambrose's *Band of Brothers* historian James Holland profiles this extraordinary group of citizen soldiers Informed by never before seen documents letters photographs and other artifacts from Sherwood Rangers families Holland offers a uniquely intimate portrait of the war at ground level *Brothers in Arms* introduces heroes such as Commanding Officer Stanley Christopherson squadron commander John Semken Sergeant George Dring and others who helped their regiment earn the most battle honors of any in British army history Weaving their exploits into the larger narrative of D Day to V E Day Holland offers fresh analysis and perspective on the endgame of WWII in Europe *Preparing for Victory* David J Ulbrich, 2011-04-15 *Preparing for Victory* explains how and why Commandant Thomas Holcomb successfully supervised the dramatic expansion of the Marine Corps from 18 000 officers and men in 1936 to 385 000 in 1943 Not only did Holcomb leave the Corps much larger but he also helped establish it as the United States premier amphibious assault force and a major contributor to victory over Japan Despite Holcomb's successes he has been ignored or given short shrift in most histories of the Marine Corps No book length study of his commandancy exists until now Drawing on a wide range of printed and archival sources my book contends that Holcomb expertly guided the Corps preparations for war during the last years of the Great Depression and then provided his Leathernecks with astute direction during the first harrowing twenty five months of World War II When measured with principles of organization theory and leadership studies Holcomb's abilities and achievements match those of such outstanding American military managers as Dwight D Eisenhower Chester W Nimitz and George C Marshall Like these unassuming yet efficient officers Holcomb shied away from the limelight and therefore never garnered the attention that Chesty Puller or Howlin Mad Smith have This book fills a void and tells the story of one of the key leaders in World War II More than any other marine Holcomb molded his Corps into the modern force in readiness that would eventually help fight the Cold War and the Global War on Terror

The Alien Timothy D. Forsyth, 2011-09-28 *The Alien* Timothy D Forsyth In an epic spiritual journey of poems the reader is guided through a myriad of emotions and reflections It is posited that alienation is the driving force behind most of the world's contemporary maladies so the reader sojourns through the darkness of the Alien into the realm of war and peace the endless remembering onward to the power of love and its loss to settle in the celestial promise of the hoping *Our Navy in the War* Lawrence Perry, 1918 **Marines** , 1991 **Encyclopedia of War and American Society** Peter Karsten, 2006

Publisher description **The Poster** ,1919 Confronting the Unconventional David Tucker,2006 Are there limits to military transformation Or if it seems obvious that there must be limits to transformation what are they exactly why do they arise and how can we identify them so that we may better accomplish the transformation that the U S military is capable of If limits to military change and transformation exist what are the broader implications for national policy and strategy The author offers some answers to these questions by analyzing the efforts of the French British and Americans to deal with irregular threats after World War II *The Leatherneck* ,1924 *A Companion to the Vietnam War* Marilyn B. Young,Robert Buzzanco,2008-04-15 A Companion to the Vietnam War contains twenty four definitive essays on America s longest and most divisive foreign conflict It represents the best current scholarship on this controversial and influential episode in modern American history Highlights issues of nationalism culture gender and race Covers the breadth of Vietnam War history including American war policies the Vietnamese perspective the antiwar movement and the American home front Surveys and evaluates the best scholarship on every important era and topic Includes a select bibliography to guide further research **We are the Machine** Paul A. Youngman,2009 An investigation of attitudes toward and unease with Information Technology as reflected in recent German language literature Despite our embrace of the sheer utility and productivity it has made possible the revolution in Information Technology has led to unease about its possible misuse abuse and even its eventual domination of humankind That German culture is not immune to this sense of disquiet is reflected in a broad variety of German language fiction since the 1940s This first study of the literary reception of IT in German speaking lands begins with an analysis of a seminal novel from the beginning of the computer age Heinrich Hauser s *Gigant Hirn* 1948 then moves to its primary focus the literature of the past two decades ranging from Gerd Heidenreich s *Die Nacht der H ndler* 1995 to Daniel Glattauer s novel *Gut gegen Nordwind* 2006 Along the way it analyzes eleven works including Barbara Frischmuth s novel *Die Schrift des Freundes* 1998 Ren Pollesch s drama *world wide web slums* 2001 and G nter Grass s novella *Im Krebsgang* 2003 As wildly different in approach as these works are each has much to offer this investigation of the imaginary border dividing the human from the technological a lingering centuries old construct created to ease the anxiety that technology has given rise to throughout the ages Paul A Youngman is Associate Professor of German at the University of North Carolina Charlotte and Director of the Center for Humanities Technology and Science **Selling War to America** Eugene Secunda, Terence P. Moran,2007-08-30 Battles are won in combat Wars are won by winning the hearts and minds of the people *Selling War to America* provides a thought provoking look at the propaganda efforts the U S government has exerted to that end It begins with an examination of the government s campaign to instigate a war with Spain and ends with a review of the methods being used to encourage support for the War Against Terrorism The book analyzes each of these wars within the context of the techniques used to generate public support also examining the results of propaganda efforts both before and after each conflict From these historical analyses noting both the blunders and the triumphs of the past

century the authors offer the keys to successfully persuading the American public to support wars that must be fought Lies were told and truths withheld because government and military leaders did not trust the American people to make appropriate decisions concerning our national security The attacks of September 11 2001 on The World Trade Center Towers and the Pentagon have summoned the American people to a war on terrorism The U S government is now trying to mobilize American public opinion to support this war But this is just the most recent example of how our government has sought to enlist broad public support for the wars it has waged The job of informing and persuading America to support its war efforts has become increasingly more challenging as media technologies like instant global coverage of television news and the Internet reach into every American home Journal of the United States Artillery ,1948 *The One Year Yellow Ribbon Devotional* Brenda Pace,Carol McGlothlin,2016-01-15 The One Year Yellow Ribbon Devotional will encourage those of us staying behind to pray for those who are taking a stand for our freedoms During a time of war and election of a new president The One Year Yellow Ribbon Devotional meets a large need in our society So many people are affected by the absence of those who leave home and serve in distant lands Those who are left behind often struggle to find contentment and hope This devotional will not only meet the needs of those individuals but will also encourage all Americans to take a stand by praying for our country and the men and women serving overseas *Don't Tread on Me* H. W. Crocker,2024-01-09 The Fighting Men Who Made America Great In this stirring and contrarian modern classic bestselling author H W Crocker III unfolds four hundred years of American military history revealing how Americans were born Indian fighters whose military prowess carved out first a continental and then a global empire a Pax Americana that made the modern world From the seventeenth century on he argues Americans have shown a jealous regard for their freedom and have backed it up with an unheralded skill in small unit combat operations a tradition that includes Rogers s Rangers Merrill s Marauders and today s Special Forces He shows that Americans were born to the foam too with a mastery of naval gunnery and tactics that allowed their navy even in its infancy to defeat French and British warships and expand U S commerce on the seas Most of all Crocker highlights the courage of the dogface infantry the fighting leathernecks and the daring sailors and airmen who have turned the tide of battle again and again In *Don t Tread on Me* still forests are suddenly pierced by the Rebel Yell and a surge of grey Teddy Roosevelt s spectacles flash in the sunlight as he leads his Rough Riders charge up San Juan Hill Yankee doughboys rip into close quarters combat against the Germans Marines drive the Japanese out of their island fortresses with flamethrowers grenades and guts GIs slug their way into Hitler s Germany The long twilight struggle against communism is fought in the snows of Korea and the steaming jungles of Vietnam Navy SEALs and Army Rangers battle Islamist terrorists in the bleak mountains of Afghanistan just as their forefathers fought Barbary pirates two hundred years ago And we are reminded of the wisdom of America s greatest generals George Washington Andrew Jackson Robert E Lee Ulysses Grant John Pershing George Patton Douglas MacArthur and Norman Schwarzkopf Fast paced and riveting and completely updated from

its original 2006 publication *Don't Tread on Me* is a bold look at the history of America at war. *Strategy in the American War of Independence* Donald Stoker, Kenneth J. Hagan, Michael T. McMaster, 2009-10-16 This book examines the strategies pursued by the Colonies and the other combatants in the American War for Independence placing the conflict in its proper global context. Many do not realize the extent to which the 1775 colonial rebellion against British rule escalated into a global conflict. Collectively this volume examines the strategies pursued by the American Colonies Great Britain France Spain and Holland and the League of Armed Neutrality placing the military naval and diplomatic elements of the struggle in their proper global context. Moreover assessing how each nation prosecuted their respective wars provides lessons for current students of strategic studies and military and naval history. This book will be of great interest to students of strategic studies American history Military History and political science in general. Donald Stoker is Professor of Strategy and Policy for the US Naval War College's Monterey Program in Monterey California. He joined the Strategy and Policy faculty in 1999 and has taught both in Monterey and Newport. Kenneth J. Hagan Professor Emeritus the U.S. Naval Academy is currently Professor of Strategy and Policy for the U.S. Naval War College's Monterey Program. Michael T. McMaster is a Professor at the U.S. Naval War College in Monterey. He is a retired U.S. Navy Commander. Army History, 1999 The Politics of Strategic Adjustment Peter Trubowitz, Emily O. Goldman, Edward Rhodes, 1999 The contributors examine a century of American experience to illustrate how the United States determines its security policies. While scholars have typically focused on outside factors such as international pressures constraints and opportunities this collection of essays shows that decisions about strategy are critically shaped by domestic politics political ideologies state structure and societal interest. **The Home Front and War in the Twentieth Century**, 1983
