Janice L. Semple, Viens, Mary, 2005 **Simple Math Level 3 Workbook A** Janice L. Semple, 1990 A basic skills
mathematics program for beginning high risk and or remedial students of all ages **Simple Math** Janice L. Semple, 1986
A basic skills mathematics program for beginning high risk and or remedial students of all ages *Simple Math Level 1*
Teacher's Manual Janice L. Semple, Linda Lee, 2005 The Level 1 Teacher's Manual focuses on addition while developing many
related skills Each of the 52 lessons begins with a measurable objective and includes a clear teaching activity numerous
optional games activities and ideas for teacher made supplemental materials Added sections such as special problems and
older students assist the educator in adapting the program to the spectrum of learning challenges Available Fall 2005 the
Second Edition Level One Teacher's Manual has been revised by the original author Letter to the Reader Simple Math is a
complete basic skills mathematics program for students of all ages and all learning abilities We use a carefully ordered
sequence of associative mnemonics in order to embed an accurate understanding of math concepts and skills in the long term
memory of our students hence the expression Simply Unforgettable We do not ask students to memorize math facts through
repetition We do not use learning by rote methods that teach only to a student's short term memory We have never
encountered a math program or a supplemental material based entirely on learning by association nor have we ever
encountered a program that has enjoyed our level of success with all students across the learning spectrum Now in its 25th
year the program has undergone both a business reorganization and a long awaited revision of the Level One Teacher's
Manual by the original author Jan Semple Simple Math materials were formerly distributed by Stevenson Learning Skills Inc
Moving forward Simple Math Inc a new company founded by members of the Semple family will actively market our program
while safeguarding the integrity of this tried and true process For more information please visit us at www.semplemath.com
