Uchimura,2009-09-16 Health is increasingly a critical concern in the context of development This book examines the function of health systems particularly the key factors finance human resources pharmaceuticals public facilities and stresses the importance of improving access to health services in developing countries

**Labour Migration and the Recent Financial Crisis in Asia** OECD,2000-01-20 This series of reports identifies the impact of the Asian financial crisis on labour migration and the conditions of migrant workers in the region      Activities of the ILO 1996-97 International Labour Office,1998      *The Linguistic Turn in Hermeneutic Philosophy* Cristina Lafont,1999 Cristina Lafont draws upon Hilary Putnam's work in particular to criticize the linguistic idealism and relativism of the German tradition which she traces back to the assumption that meaning determines reference      The International Migration of Health Workers R. Shah,2010-09-30 Experts from ethicists and political philosophers to clinicians and trade

unionists seek answers to a number of key ethical questions to further a deeper understanding of the ethics of health worker migration      **Transformation and Migration in Central and Eastern Europe** International Labour Office,2002

Summarizes issues covered by the Informal Network on International Migration in Central and Eastern Europe since its establishment in 1996 Highlights international migration trends in CEE countries in the 1990s      **Globalistics and**

**Globalization Studies: Theories, Research & Teaching** Leonid Grinin,Ilya Ilyin,Andrey Korotayev,2013-09-30 This is the second issue of the new series titled Globalistics and Globalization Studies Globalistics may be regarded as a sort of systemic and more or less integrated core within Global Studies At present Global Studies function in two main dimensions in the research of global political economic cultural and social processes on the one hand and in the realm of teaching manifesting themselves in the creation of various Global Studies programs and courses for university students who learn to see the world in its entirety and variety The second dimension is immensely important as the contents of such programs and courses may determine how the world will be comprehended by those people who may decide its fate in a decade or two This dualistic nature of Global Studies has determined the general direction of our anthology that comprises both the theoretical dimension of Global Studies and their application to the teaching process The anthology consists of three parts presenting a wide range of views on the meaning of the contemporary epoch the past and the future of some important global processes as well as the problems and successes in the teaching process of Global Studies Part 1 Globalization in Historical Retrospective Part 2 Globalistics Global Studies and Global Processes Part 3 Teaching Global Studies In the present anthology one can find perceptions of globalization by a number of famous scholars from different countries of the world Ervin Laszlo Christopher Chase Dunn and others but one can also get to know rather peculiar visions of globalization by Russian scientists and educators      **International Migration in Asia Trends and Policies** OECD,2002-02-01 This publication presents the

current migration policy debates in Asia which are largely influenced by recent macroeconomic and labour market developments in the region      **International Migration** Douglas S. Massey,J. Edward Taylor,2004-03-25 International Migration Prospects and Policies offers a comprehensive up to date survey of global patterns of international migration and the policies employed to manage the flows It shows that international migration is not rooted in poverty or rapid population growth but in the expansion and consolidation of global markets As nations are structurally transformed by their incorporation into global markets people are displaced from traditional livelihoods and become international migrants In seeking to work abroad they do not necessarily move to the closest or richest destination but to places already connected to their countries of origin socially economically and politically When they move migrants rely heavily on social networks created by earlier waves of immigrants and in recent years professional migration brokers have become increasingly common Developing countries generally benefit from international migration because migrant savings and remittances provide foreign earnings to finance balance of payments deficits and make productive investments Some developing nations have

gone so far as to establish programs or ministries dedicated to the export of workers Developed nations in contrast focus more on the social and economic costs of immigrants and seek to reduce their numbers regulate their characteristics and limit their access to social services Over time receiving nations have gravitated toward a similar set of restrictive policies yielding undocumented migration as a worldwide phenomenon Globalization also creates infrastructures of transportation communication and social networks to put developed societies within reach In the latter ageing populations and segmenting markets create a persistent demand for immigrant workers All these trends are likely to intensify in the coming years to make immigration policy a key political issue in the twenty first century

**Handbook on Establishing Effective Labour Migration Policies in Countries of Origin and Destination** Nilim Baruah, Ryszard Ignacy Cholewinski, International Organization for Migration, 2006 Aims to assist states in their efforts to develop new policy approaches solutions and practical measures for better management of labour migration in countries of origin and of destination Analyses effective policies and practices and draws on examples from OSCE participating States as well as other countries that have experience in this field

*Social Protection for Unskilled Migrant Workers in Sri Lanka* Roshini Jayaweera, Marasinghe Mudiyansele Gunatilake, 2023-07-25 This book is about the social protection of lower skilled migrants from Sri Lanka It reasons out the importance of protecting Sri Lankan migrant workers considering the significant economic contribution of lower skilled migrant workers and their higher level of exposure to risks at all stages of international migration pre departure on the job and after returnee reintegration The book explores social protection programmes for low skilled immigrants from three perspectives legal aspects national policies and programmes The chapter on legal background for protecting migrant workers focuses on declarations and on labour laws on the national and international level Policies and programmes identify national level labour policies and other related policies that apply to migrant workers as well as available social protection programmes for Sri Lankan migrant workers In turn the solutions for minimizing the related risks faced by Sri Lankan migrant workers Highlighting the economic contribution of migrant workers and their vulnerability at all stages of migration this book offers a timely and important contribution for policy makers and practitioners as well as scholars of migration studies public policy and related fields

Global and Asian Perspectives on International Migration Graziano Battistella, 2014-09-12 This volume examines key aspects of the migration process that are particularly relevant in the Asian context It looks into established concepts and theoretical propositions that have found application in other areas particularly in the West and explores their validity and relevance in understanding the realities of migration in Asia Global and Asian Perspectives on International Migration features the perspectives of scholars from Asia and other parts of the world as well as diverse backgrounds It presents a variety of forms directions policies and institutions including circular and temporary migration the management of cultural diversity the gender perspective on migration in North America Europe and Asia returning migrants migration governance in the ASEAN economic community and the determinants of migration In

**Migration in the Asia Pacific** Robyn R. Iredale, Charles Hawksley, Stephen Castles, 2003-01-01 Includes statistics

Merchants of Labour International Labour Office, International Institute for Labour Studies, 2006 More workers are crossing national borders to look for jobs than ever before Many migrants seek overseas employment with the help of agents or intermediaries These merchants of labour include relatives who finance a migrant's trip provide housing and arrange for a job abroad public employment services and private recruitment agencies They also comprise an insalubrious underworld of smugglers and traffickers The agents who recruit and deploy migrant workers are at the heart of the evolving migration infrastructure i.e. the network of business and personal ties that is creating a global labour market This book highlights best practices in the activities and regulation of these merchants of labour as well as innovative strategies to protect migrant workers underlining the contribution of ILO standards It covers a broad range of national and regional experiences and puts merchants of labour in the wider context of changing employment relationships in globalizing labour markets The papers it contains are an important contribution to understanding a major mechanism facilitating the growth of the migrant labour force

**Marginal Workers** Ruben J. Garcia, 2013-09-13 Undocumented and authorized immigrant laborers female workers workers of color guest workers and unionized workers together compose an enormous and diverse part of the labor force in America Labor and employment laws are supposed to protect employees from various workplace threats such as poor wages bad working conditions and unfair dismissal Yet as members of individual groups with minority status the rights of many of these individuals are often dictated by other types of law such as constitutional and immigration laws Worse still the groups who fall into these cracks in the legal system often do not have the political power necessary to change the laws for better protection In *Marginal Workers* Ruben J Garcia demonstrates that when it comes to these marginal workers the sum of the law is less than its parts and despite what appears to be a plethora of applicable statutes marginal workers are frequently lacking in protection To ameliorate the status of marginal workers he argues for a new paradigm in worker protection one based on human freedom and rights

*Immigration and Welfare* Michael Bommes, Andrew Geddes, 2000 This timely and original book explores new migration challenges such as asylum seekers and Europe's increasingly restrictive immigration policies
