Sensational Suncatchers Janet Schrader, 1987-06-01 Stained glass suncatcher patterns Dogs cats people birds flowers fantasy Patterns also suitable for quilting other fabric arts and woodworking Suncatchers Jamie Langston Turner, 2007-03-01 People have always fascinated sociologist Perry Warren yet his most personal relationships with his wife and young son are in shambles If his marriage crumbles will his son be raised fatherless just as he was Hoping distance will offer answers Perry accepts a writing project in the town of Derby South Carolina and there discovers a wealth of research and a reason to hope in the strange yet fascinating neighbors next door Eldeen Rafferty seems completely unfettered by the sorrows she has known Instead she embraces life in all its gritty glorious detail determined to leave cheer in her wake Perry is baffled by her unending joy and her boundless gratitude and he wonders what she might be able to offer to a life haunted by troubles a life he is at a loss to repair on his own Suncatchers Jamie Langston Turner's first novel launched this premier novelist's journey toward recognition of her Winter Birds in Publishers Weekly's Best Books of 2006 **Sensational Suncatchers and More** Janet Schrader, 1990-09-01 **Old Flames and New Fortunes** Sarah Hogle, 2024-04-02 Fibs and squabbles and spells oh my A small magical town tucked away in rural Ohio Moonville is the perfect place for floral witch Romina Tempest to use the language of flowers to help the hopeful manifest love in their lives After giving up on her own big romance eleven years ago at least she can bask in others happily ever afters When the shop's potential financier shares news of his wedding Romina jumps at the opportunity to discuss the business even if it means she has to fake date her chaotic colleague Trevor to get an invitation But all hell breaks loose when she discovers Trevor's soon to be stepbrother is none other than Alex King her high school sweetheart Her greatest love The boy who broke her heart What starts as an innocent misunderstanding becomes a weeklong fake dating scheme as Romina quickly finds out she can't deny her connection with Alex Caught between her livelihood and her heart Romina must decide if taking a second chance on first love is worth the risk **Paperbound Books in Print**, 1992 *When I'm 64* Lauren Levis, 2018-04-10 For John tragedy struck early and often Love kept him alive **Books in Print**, 1977 Food Stories T. Jameson Brewer, Cleveland Hayes, 2025-03-10 Food Stories Navigating the Academy with Cultural Lessons from the Kitchen is the first volume in the series Culinary Canvas A Series on Integrating the Arts and Food into Higher Education The purpose of the series is to explore the innovative integration of arts and food into higher education Each volume aims to inspire a paradigm shift in academia advocating for a more holistic creative and inclusive approach to learning teaching researching serving and existing in the academy In the present volume Food Stories makes the case that food and the culture surrounding food is a closely held and powerful reality that shapes who we are as individuals as members of varied communities and invariably informs who we are as educators and researchers This book gives space for the authors to explore not only the impact that food and culture have had and continue to have on them as individuals how that culture and experiences impact them as members of the academy in

teaching research and service but also in providing some guidance to graduate students and junior faculty In effect chapters explore navigating academic work teaching research and service through the lens of food and the transferable lessons that can be gleaned from our grandmothers mothers fathers and our own kitchens It is often the case that higher education fosters both imposter syndrome and a workaholic disposition that can be detrimental to teaching and research What this book does then is to not only explore the ways in which what may seem as non academic work such as cooking a meal can have on our work life balance but also how to incorporate the very lessons of food into who we are as educators how we teach and how we can approach the work we do more broadly Through carefully curated chapters this text presents a wide array of perspectives across food and cultural regions as well as imparting insights from the academy from authors spanning the spectrum of the career It is an important book full of valuable lessons for graduate students faculty and teachers who wish to use its content in their classrooms Perfect for courses such as Cultural Studies Culturally Responsive Pedagogy

Death, Guns, and Sticky Buns Valerie S. Malmont, 2008-12-10 When a quaint Pennsylvania town hosts a Civil War reenactment only the blood will be real How does a once hip New Yorker get used to living in a quaint Pennsylvania town famous for its gooey oversized sticky buns For Tori Miracle it means kissing her diet good bye always showing up in the wrong clothes and struggling with a love life And now that she s filling in for the editor of the Lickin Creek Chronicle and has the town newspaper to look after as well as her own dear fastidious felines sometimes it means cosponsoring public events like a Civil War reenactment for the local women s college But when this charmingly authentic reenactment is done and each man and woman has played his or her part to the hilt it s clear that Tori has miscalculated again Someone used one live bullet in an antique gun And with a man dead it s going to be up to the only city slicker in Lickin Creek to unravel a mystery of murder in a town where calories don t count but murder does
