Sense Of Justice:

The Paradigm of Justice Kantilal Das, 2021-08-18 This book deals with the fascinating debate over the concept of justice proposed by two contemporary thinkers namely John Rawls and Amartya Sen Justice means what is just but how do we know what is just What would be the viable criterion to legitimize justice Is justice objective or subjective Is justice a matter of ontological issue or an issue of realization What would be the paradigm of justice These are some important issues discussed in the book Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Concepts of Justice David Daiches Raphael, 2001 In Concepts of Justice D D Raphael gives a philosophical survey of the development of the idea of justice While the framework is historical the aim is philosophical analysis and criticism Part I begins with Ancient Roots justice in the Bible in Aeschylus Oresteia in the philosophers Plato and Aristotle and among jurists and theologians in the Middle Ages Part II Modern Shoots deals with philosophers from Hobbes to Rawls and others of the modern age Some of the writings considered will be unfamiliar to many readers who will find that eminence as a political theorist is neither a necessary nor sufficient condition of significant thought about justice Part III Historical Fruits draws some conclusions from the whole survey pinning down the notion of fairness and asking why this notion embraces apparently disparate ideas notably merit and need The developing role of justice and the emergence of novel features during the last three centuries is also discussed Raphael does not assume that the theories of philosophers must reflect the thought and usage of people generally some do while others are idiosyncratic and a number of philosophers neglect the usage of the concept in the context of law While this book is not a comprehensive history it is comprehensive in its scope

A Passion for Justice Robert C. Solomon, 1995 This text argues that justice is a virtue which everyone shares a function of personal character and not just of government or economic planning It uses examples from Plato to Ivan Boesky to document how we live and how we feel

knowledge are explored by stressing their inter and intra tensions Finally the analysis is extended to the role that international courts play in the prosecution of heads of state and other transnational players who violate international law
