that initial knee jerk reaction that so many who hear of a 69 million sale do how is this digital image different from me clicking right click save on my touchpad and downloading it to my computer Why would anyone pay 69 million for something that s not f cking there This book provides answers to these questions and far more Charney sees in NFTs a direct parallel to the history sociology and psychology of art collecting He was recently a normee but he s now halfway inside the club he is also an acknowledged authority on the history of art and collecting He knows all there is to know about humans collecting things of no practical value but that we just really want But then he worked for a period with two crypto related companies and got to know this world from within He s not alone on this ride The second half of this book is written by someone who knows just about all there is to know about NFTs Kenny Schachter Kenny is an artist collector curator professor columnist and NFT influencer In fact he was listed in the fall of 2021 as among the 30 most influential people in the world of NFTs He even coined and trademarked a term NFTism While Charney is an art historian considering the NFT phenomenon from the thoughtful but remote perch of his couch examining NFTs historical and within the context of collecting and the value of art Kenny has been in the field more than anyone even during the pandemic zipping from London to Zurich to Art Basel Switzerland to Art Basel Miami He has his finger on the virtual digital pulse of this fascinating bizarre hugely lucrative phenomenon Welcome to the definitive book on NFTs *Catalogue A. maybe you'll remember some of your own miracles that you discounted as just a coincidence, luck, or just your imagination. The mystical, miraculous experiences I've had since childhood, the stories others have shared with me of divine assistance and moments of grace, as well as the miraculous healings I witness as a Reconnective Healing Practitioner, have changed my beliefs about what is possible and continue to transform my world for the better on every level of my being. That's what I want for you, and why I'm sharing them in this book. I hope they inspire you to think and believe a little bigger and better than you did before you read them, as you realize how loved you are, who you really are, and how possible the impossible really is. The miraculous experiences in this book are what fuel my life's mission to share the truth of how loved we are and how powerful we are when we align with the Love that is our Source of being. I hope these stories remind you of the God Within you and all life on this planet, that they awaken an awareness of the Love and well-being that is constantly flowing to you and help you release the limiting beliefs that have kept you from allowing into your life all that your heart desires. We Are So Loved is my first book and just the beginning of much more to come. Jill Lambert
