A Developmental Study of the Behavior Problems of Normal Children Between 21 Months and 14 Years Jean Walker Macfarlane, *Perennial Questions* J Krishnamurti, 2022-09-09 What is necessary is to examine unemotionally not merely intellectually the intellect doesn't solve any problem it can only invent a lot of ideas theories Nor can emotion dissipate the urgency of the problems that one has to face and resolve What is necessary it seems to me is a mind that is capable of examination To examine there must be freedom from personal views with a mind that is not guided by one's own temperament inclination nor is compelled by circumstances it seems to me that one must look at them not as an individual but as a human being the human being supercedes the individual human beings have the same common factor of sorrow of joy of unresolved miseries despairs the immense loneliness of modern existence the utter meaninglessness of life as it is lived now throughout the world if we could consider these problems as human beings then perhaps we can intelligently with care resolve our problems An extensive compendium of Krishnamurti's talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti's extraordinary teachings in selected years The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form

A Psychological Revolution J Krishnamurti, 2022-09-09 The psychological revolution that Krishnamurti refers to is not only in the conscious mind but also in the unconscious He states This is one of our difficulties perhaps our major difficulty to be free of the whole content of the unconscious This hidden part of our consciousness is the result of many thousands of years of man's endeavor we are the sum total of his struggles his hopes his despairs his everlasting search for something beyond and this piling up of experience is still going on within us To be aware of that conditioning and to be free of it demands a great deal of attention ObThe psychological revolution that Krishnamurti refers to is not only in the conscious

The home: its work and influence Charlotte Gilman,2017-05-02 **The Missionary Intelligencer** ,1917 Three Day Series Book 1 the Darkness Samuel Compton,2010-08 Three Day Series Book 1 The Darkness is the first book in a series that explores the three mysterious days between Jesus death and resurrection What happened in Heaven and in Sheol during these days Why did Joseph bury Jesus and what were Mary Annas Caiaphas and the disciples doing while Jesus was dead And what about that dark world of evil spirits what were they up to while Jesus was gone But most importantly what was Jesus Himself accomplishing while the earth was poised between two covenants with God This series explores it all A dramatic re enactment of history s most pivotal transition this unexplored subject becomes an epic adventure that wisely informs Introducing Christianity in an entertaining way this series also unveils a few mysteries which are vital to the universal church Deeply moving and creatively humorous this series is a must read for anyone even remotely interested in the things of God Samuel Compton has traveled and taught in the United States and is currently a full time author A graduate of Virginia Tech he and his wife Jennie live in Suffolk Virginia where they enjoy their five children The home: its work and influence Charlotte Perkins Gilman,2023-10-22 Charlotte Perkins Gilman s The home its work and influence is a poignant and insightful analysis of the role of women in the domestic sphere during the late 19th century Through a blend of personal anecdotes sociological observations and forward thinking ideals Gilman challenges traditional notions of a woman s place in the home and society Her writing style is clear concise and persuasive making a compelling case for the need to redefine the perceived limitations of women s domestic work Set against the backdrop of the women s rights movement and the turn of the century Gilman s book remains a landmark text in feminist literature Charlotte Perkins Gilman a leading feminist and social reformer of her time drew inspiration from her own experiences of postpartum depression and struggles within a traditional marriage to write The home its work and influence Her unique perspective as a woman in a male dominated society fueled her passion for advocating for women s autonomy and equality Gilman s progressive views continue to influence feminist discourse today I highly recommend The home its work and influence to readers interested in feminist literature social history and gender studies Gilman s groundbreaking work sheds light on the complexities of gender roles and the importance of redefining domestic labor making it a must read for those seeking a deeper understanding of women s struggles for societal recognition and empowerment *Containment Culture* Alan Nadel,1995-11-20 Alan Nadel provides a unique analysis of the rise of American postmodernism by viewing it as a breakdown in Cold War cultural narratives of containment These narratives which embodied an American postwar foreign policy charged with checking the spread of Communism also operated Nadel

argues within a wide spectrum of cultural life in the United States to contain atomic secrets sexual license gender roles nuclear energy and artistic expression Because these narratives were deployed in films books and magazines at a time when American culture was for the first time able to dominate global entertainment and capitalize on global production containment became one of the most widely disseminated and highly privileged national narratives in history Examining a broad sweep of American culture from the work of George Kennan to Playboy Magazine from the movies of Doris Day and Walt Disney to those of Cecil B DeMille and Alfred Hitchcock from James Bond to Holden Caulfield Nadel discloses the remarkable pervasiveness of the containment narrative Drawing subtly on insights provided by contemporary theorists including Baudrillard Foucault Jameson Sedgwick Certeau and Hayden White he situates the rhetoric of the Cold War within a gendered narrative powered by the unspoken potency of the atom He then traces the breakdown of this discourse of containment through such events as the Bay of Pigs invasion and the Free Speech Movement at Berkeley and ties its collapse to the onset of American postmodernism typified by works such as Catch 22 and The Man Who Shot Liberty Valence An important work of cultural criticism Containment Culture links atomic power with postmodernism and postwar politics and shows how a multifarious national policy can become part of a nation's cultural agenda and a source of meaning for its citizenry
