Advances in Intrinsic Motivation and Aesthetics Hy I. Day,2013-11-11 It has been both a pleasure and an honor to edit this book The pleasure has been in interacting with the gifted authors who wrote the chapters for this volume and the honor has been in knowing that the book is dedicated to a great man and a brilliant psychologist Daniel E Berlyne All the contributors to this book have been touched at some time by Dan Berlyne and his ideas Whether as his teachers his colleagues his peers his students or his friends and arguing partners we have all felt his presence and been improved by it The list of contributors to this volume is large and could have been much larger for a number of people in fact contacted me for the opportunity to contribute when they heard about the purpose of this book It is also an

international list for Dan Berlyne's contacts were international. The diversity in content and style is also intentional. The authors were invited to contribute an original paper in the field in which they are presently engaged, whether theoretical or a report of empirical work, and to indicate the contribution that Dan Berlyne had made to their work. As the reader will note, contributions range from personal and contact in a laboratory to ideas that elicit controversy, argument, and intensive research. Daniel Ellis Berlyne was born in Selford, England, a suburb of Manchester, in 1924 and died in Toronto, Canada, on November 2, 1976.
