Women and the Death Penalty in the United States, 1900-1998 Kathleen O'Shea, 1999-02-28 Using a historical framework this book offers not only the penal history of the death penalty in the states that have given women the death penalty but it also retells the stories of the women who have been executed and those currently awaiting their fate on death row This work takes a historical look at women and the death penalty in the United States from 1900 to 1998 It gives the reader a look at the penal codes in the various states regarding the death penalty and the personal stories of women who have been executed or who are currently on death row As Americans continue to debate the enforcement of the death penalty the issues of race and gender as they relate to the death penalty are also debated This book offers a unique perspective to a recurring sociopolitical issue *Memory Limitations in Sentence Comprehension* Sabrina Gerth, 2015 Droits de l'investisseur étranger et protection de l'environnement Sabrina Robert-Cuendet, 2010-05-12 En droit international de l'investissement le

prisme de l'expropriation indirecte couvre une large catégorie de mesures telles que les réglementations qui n'impliquent pas de transfert de propriété mais aboutissent une grave interférence avec un investissement La définition des possessions indemnisables constitue une question extrêmement sensible située à la croisée des chemins entre la protection des droits des investisseurs et la préservation des prérogatives de l'Etat Cet ouvrage explore travers l'exemple de la réglementation environnementale le droit applicable cette notion controversée Il montre que l'approche traditionnelle reposant sur une dilution du concept d'expropriation n'est nullement appropriée et il contribue à clarifier l'étendue de la protection de l'investisseur sur le fondement du droit de la responsabilité internationale de l'Etat In international investment law the prism of indirect expropriation includes a broad range of measures such as regulatory measures which do not involve a transfer of property but result in a serious interference with an investment The definition of compensable taking is a very sensitive issue situated at the crossroads between the protection of investors private rights and the safeguarding of the state's sovereign prerogatives This book explores through the example of environmental regulation the law applicable to this controversial topic It suggests that the traditional approach based on an extension of the concept of expropriation is inappropriate and it contributes to clarifying the scope of the international protection of the investor on the ground of the law of state responsibility *Reauthorization of the USA Patriot Act (continued)* United States. Congress. House. Committee on the Judiciary, 2005 **Women as War Criminals** Izabela Steflja, Jessica Trisko Darden, 2020-09-08 Women war criminals are far

more common than we think From the Holocaust to ethnic cleansing in the Balkans to the Rwandan genocide women have perpetrated heinous crimes Few have been punished These women go unnoticed because their very existence challenges our assumptions about war and about women Biases about women as peaceful and innocent prevent us from seeing women as war criminals and prevent postconflict justice systems from assigning women blame Women as War Criminals argues that women are just as capable as men of committing war crimes and crimes against humanity In addition to unsettling

assumptions about women as agents of peace and reconciliation the book highlights the gendered dynamics of law and demonstrates that women are adept at using gender instrumentally to fight for better conditions and reduced sentences when war ends The book presents the legal cases of four women the President Biljana Plavic the Minister Pauline Nyiramasuhuko the Soldier Lynndie England and the Student Hoda Muthana Each woman's complex identity influenced her treatment by legal systems and her ability to mount a gendered defense before the court Justice as Steflja and Trisko Darden show is not blind to gender

Dear Incomprehension Stéphane Vanderhaeghe,2024-03-12 This book tackles a broad swath of

contemporary literature currently labeled speculative fiction A blurring of genres that includes science fiction modern fairy tales and avant garde experimental fiction these works are extremely popular but also derive from highly sophisticated philosophical and aesthetic sensibilities ones that call into question and uproot the very foundations of stories and storytelling Because such fictions subvert most conventional narrative devices plot recognizable characters verisimilitude logic legibility they deliberately confound almost any kind of conventional reading and criticism To do such a literature justice the traditional frameworks of literary criticism fail and Dear Incomprehension is more of an extended philosophical essay than it is a traditional work of criticism as oblique and unconventional in its voice tone and methods as the texts it illuminates
