Sentences Of Sextus:

The Sentences of Sextus Walter T. Wilson, 2012-11-01 Described by Origen as a writing that even the masses of believers have read the *Sentences of Sextus* offers unique insights into popular Christian thought during the late second century C E Although it draws extensively on canonical texts for the composition of its sayings it is especially fascinating for the manner in which it integrates these texts with material derived from two generically similar collections of Pythagorean maxims This volume provides a critical edition including evidence from the Greek Latin Syriac and Coptic versions a new translation and the first commentary for the *Sentences* an important document for investigating the history of early Christian wisdom asceticism and ethics

The Sentences of Sextus and the Origins of Christian Asceticism Daniele Pevarello, 2013-11-19 Daniele Pevarello analyzes the *Sentences of Sextus* a second century collection of Greek aphorisms compiled by Sextus an otherwise unknown Christian author The specific character of Sextus collection lies in the fact that the *Sentences* are a Christian rewriting of Hellenistic sayings some of which are still preserved in pagan gnomologies and in Porphyry Pevarello investigates the problem of continuity and discontinuity between the ascetic tendencies of the Christian compiler and aphorisms promoting self control in his pagan sources In particular he shows how some aspects of the Stoic Cynic Platonic and Pythagorean moral traditions such as sexual restraint voluntary poverty the practice of silence and of a secluded life were creatively combined with Sextus ascetic agenda against the background of the biblical tradition Drawing on this adoption of Hellenistic moral traditions Pevarello shows how great a part the moral tradition of Greek paideia played in the shaping and development of self restraint among early Christian ascetics

The Sentences of Sextus Sextus Pythagoreus, Richard Alan Edwards, 1981 **The Sentences of Sextus** Walter T.

Wilson, 2012 **The Gospel According to Philip** Martha Turner, 2020-10-26 Study of the Gospel according to Philip an important gnostic Christian text has been hampered by unresolved questions about the unity genre and sectarian contexts of the work This book argues that terms of self designation use of controversial vocabulary style hermeneutic strategies and theological commitments together present persuasive evidence of derivation from multiple sectarian milieux The document s organizing principles are found to be in accord with the excerpting and collection practices of Late Antiquity The coherence of the text lies in its compiler s distinctive interests and choices not in the uniformity of its materials The persuasive case made by this book will help to advance research on this significant document of early Christianity **The sentences of**

Composition of the Sayings Source Alan Kirk, 2014-04-09 This volume analyzes the Q materials in the light of compositional conventions of ancient instructional genres The author begins by assessing literary critical approaches to Q which began with

Harnack and have culminated in the work of Kloppenborg Sato and others Next he articulates a theory of genre analysis drawn from text linguistics literary criticism and rhetorical criticism An array of ancient paraenetic texts is used to generate genre critical models in turn applied comprehensively to the double tradition materials The results are used to critically assess recent redaction history theories of Q's formation and to locate Q more securely among ancient paraenetic genres The book will be of interest to synoptic gospels scholarship historians of Christian origins literary critics and those investigating the production social function and performance of texts in early Christianity The Sentences of Sextus in the Middle Ages Gillian Rosemary Evans,1983 Studies in Gnosticism and Alexandrian Christianity Roelof van den Broek,2020-10-26 The discovery of the Nag Hammadi Library 1945 has given an enormous impetus not only to the study of ancient Gnosticism but also to that of early Christianity in general Most of the studies contained in this volume deal with mythological conceptions and theological ideas found in various Nag Hammadi writings The gnostic views on the nature of God and on creation and salvation receive particular attention ranging from Philo to the medieval Cathars The Nag Hammadi Library also shed new light on the development of early Alexandrian Christianity and its theology The book contains six studies which explicitly deal with these topics This volume is of interest to students of Gnosticism early Christianity and Graeco Roman religious and philosophical ideas in general *Social Justice and the Legitimacy of Slavery* Ilaria Ramelli,2016 Were slavery and social injustice leading to dire poverty in antiquity and late antiquity only regarded as normal natural Aristotle or at best something morally indifferent the Stoics or in the Christian milieu a sad but inevitable consequence of the Fall or even an expression of God's unquestionable will *Social Justice and the Legitimacy of Slavery* shows that there were also definitive condemnations of slavery and social injustice as iniquitous and even impious and that these came especially from ascetics both in Judaism and in Christianity and occasionally also in Greco Roman pagan philosophy Ilaria L E Ramelli argues that this depends on a link not only between asceticism and renunciation but also between asceticism and justice at least in ancient and late antique philosophical asceticism Ramelli provides a careful investigation through all of Ancient Philosophy not only Aristotle and the Stoics but also the Sophists Socrates Plato the Neoplatonists and much more Ancient to Rabbinic Judaism Hellenistic Jewish ascetic groups such as the Essenes and the Therapeutae all of the New Testament with special focus on Paul and Jesus and Greek Latin and Syriac Patristic from Clement and Origen to the Cappadocians from John Chrysostom to Theodoret to Byzantine monastics from Ambrose to Augustine from Bardaisan to Aphrahat without neglecting the Christianized Sentences of Sextus In particular Ramelli considers Gregory of Nyssa and the interrelation between theory and practice in all of these ancient and patristic philosophers as well as to the parallels that emerge in their arguments against slavery and against social injustice *Traditional Christian Ethics* David W. T. Brattston,2014 *Traditional Christian Ethics* features two exhaustive alphabetical lists of affirmative commandments and prohibitions from the earliest Christian ethics as found in writers before the mass apostasy of 249-251 AD The affirmatives or positives list consists of what Christians are were

commanded or encouraged to do The other list is of negatives or prohibitions i.e. what Christians are discouraged from doing similarly arranged The source material for the work encompasses far more than the ten volume Ante Nicene Fathers edited by Roberts and Donaldson It also draws from all writings of the period Christian Jewish and pagan available in English or French translation plus a few Latin translations Some translations have been published only in scholarly journals and some only in the twenty first century Volumes Two and Three form a single exhaustive alphabetical list of affirmative commandments or precepts including mental attitudes i.e. what Christian ethics commanded or encouraged according to writers on Christian ethics before 250 AD Using earlier drafts of this set of books Dr Brattston's articles and booklets synthesizing early and contemporary Christianity have been published by a wide variety of denominations and ministries in every major English speaking country He hopes readers will use them as a starting point for writing articles papers and sermons of their own

Greek Wisdom Literature and the Middle Ages Francisco Rodríguez Adrados, 2009 In 13th century Toledo King Alfonso the Wise fostered the publication of Castilian translations of certain Arabic works that had in turn been translated from Greek and Pehlvi In this book which is the revised English version of the Spanish original published under the title of *Modelos griegos de la sabiduría castellana y europea* the author studies four of these Castilian translations the *Libro de los Buenos Proverbios* *Poridad de las Poridades* or *Secreto de secretos* *Bocados de Oro* and *Historia de la Donzella Teodor* works of sapiential literature that had an enormous influence in all of Europe Their Arabic models had been translated from Greek in Bagdad at the instigation of the great caliphs of the 9th

century and also in the Fatamid court at Cairo in the 11th century The traditional view is that this literature is simply of oriental origin but the author believes that the models were Greek Byzantine works discovered by the Arabs in Syria and Egypt in the 7th and 8th centuries Their true origin is to be found in the Greek sapiential literature that developed around the figures of Socrates Plato Aristotle and Alexander in the Hellenistic Roman and Byzantine schools of philosophy its influence can frequently be found reflected in authors of Christian literature A detailed study of themes vocabulary and expressions in the works themselves confirms these origins
