Sentimentalism in Nineteenth-Century America Mary G. De Jong, 2013-06-07

Sentimentalism emerged in eighteenth century Europe as a moral philosophy founded on the belief that individuals are able to form relationships and communities because they can by an effort of the imagination understand one another's feelings American authors of both sexes who accepted these views cultivated readers sympathy with others in order to promote self improvement motivate action to relieve suffering reinforce social unity and build national identity Entwined with domesticity and imperialism and finding expression in literature and in public and private rituals sentimentalism became America's dominant ideology by the early nineteenth century Sentimental writings and practices had political uses some reformist and some repressive They played major roles in the formation of bourgeois consciousness The first new collection of scholarly essays on American sentimentalism since 1999 this volume brings together ten recent studies eight published here for the first time The Introduction assesses the current state of sentimentalism studies the Afterword reflects on sentimentalism as a liberal discourse central to contemporary political thought as well as literary studies Other contributors exploring topics characteristic of the field today examine nineteenth century authors treatments of education grief social inequalities intimate relationships and community This volume has several distinctive features It illustrates sentimentalism's appropriation of an array of literary forms advice literature personal narrative and essays on education and urban poverty as well as poetry and the novel objects memorial volumes and cultural practices communal singing benevolence It includes four essays on poetry

less frequently studied than fiction It identifies internal contradictions that eventually fractured sentimentalism's viability as a belief system yet suggests that the protean sentimental mode accommodated itself to revisionary and ironized literary uses thus persisting long after twentieth century critics pronounced it a casualty of the Civil War This collection also offers fresh perspectives on three esteemed authors not usually classified as sentimentalists Sarah Piatt Walt Whitman and Henry James thus demonstrating that sentimental topics and techniques informed realism and modernism as they emerged Offering close readings of nineteenth century American texts and practices this book demonstrates both the limits of sentimentalism and its wide and lasting influence

Gabriel Fauré? The Songs and their Poets Graham Johnson, 2017-07-05 The career of Gabriel Fauré's a composer of songs for voice and piano traverses six decades 1862 1921 almost the whole history of French music is contained within these parameters In the 1860s Fauré the lifelong protégé of Camille Saint Saëns was a suavely precocious student he was part of Pauline Viardot's circle in the

1870s and he nearly married her daughter Pointed in the direction of symbolist poetry by Robert de Montesquiou in 1886 Faur as the favoured composer from the early 1890s of Winnarretta Singer later Princesse de Polignac and his songs were revered by Marcel Proust In 1905 he became director of the Paris Conservatoire and he composed his most profound music in old age His existence steadily productive and outwardly imperturbable was undermined by self doubt an unhappy marriage and a tragic loss of hearing In this detailed study Graham Johnson places the vocal music within twin contexts Faur own life story and the parallel lives of his many poets We encounter such giants as Charles Baudelaire and Paul Verlaine the patrician Leconte de Lisle the forgotten Armand Silvestre and the Belgian symbolist Charles Van Lerberghe The chronological range of the narrative encompasses Faur first poet Victor Hugo who railed against Napoleon III in the 1850s and the last Jean de La Ville de Mirmont killed in action in the First World War In this comprehensive and richly illustrated study each of Faur 109 songs receives a separate commentary Additional chapters for the student singer and serious music lover discuss interpretation and performance in both aesthetical and practical terms Richard Stokes provides parallel English translations of the original French texts In the twenty first century musical modernity is evaluated differently from the way it was assessed thirty years ago Faur s no longer merely a Master of Charms circumscribed by the belle que His status as a great composer of timeless *Ubiquitous Musics* Marta García Quiñones, Anahid Kassabian, Elena Boschi, 2016-02-17 *Ubiquitous Musics* offers a multidisciplinary approach to the pervasive presence of music in everyday life The essays address a variety of situations in which music is present alongside other activities and does not demand focused attention from sometimes involuntary listeners The contributors present different theoretical perspectives on the increasing ubiquity of music and its implications for the experience of listening The collection consists of nine essays divided into three sections Histories Technologies and Spaces The first section addresses the historical origins of functional music and the debates on how reproduced music including a wide range of styles and genres spread so quickly across so many environments The second section focuses on more contemporary sound technologies including mobile phones in India the role of visible playback technology in film and listening to portable digital players The final section reflects on settings such as malls stores gyms offices and cars in which ubiquitous musics are often present but rarely thought about This last section and ultimately the whole collection seeks to foster a wider understanding of listening practices by lending a fresh critical ear [The Life and Songs of Stephen Foster](#) JoAnne O'Connell, 2016-09-29 [The Life and Songs of Stephen Foster](#) offers an engaging reassessment of the life politics and legacy of the misunderstood father of American music Once revered the world over Foster s plantation songs like *Old Folks at Home* and *My Old Kentucky Home* fell from grace in the wake of the Civil Rights Movement due to their controversial lyrics Foster embraced the minstrel tradition for a brief time refining it and infusing his songs with sympathy for slaves before abandoning the genre for respectable parlor music The youngest child in a large family he grew up in the shadows of a successful older brother and his president brother in law James Buchanan and walked

a fine line between the family's conservative politics and his own pro Lincoln sentiments Foster lived most of his life just outside of industrial smoke filled Pittsburgh and wrote songs set in a pastoral South unsullied by the grime of industry but tarnished by the injustice of slavery Rather than defining Foster by his now controversial minstrel songs JoAnne O Connell reveals a prolific composer who concealed his true feelings in his lyrics and wrote in diverse styles to satisfy the changing tastes of his generation In a trenchant reevaluation of his New York Bowery years O Connell illustrates how Foster purposely abandoned the style for which he was famous to write lighthearted songs for newly popular variety stages and music halls In the last years of his life Foster's new direction in songwriting stood in the vanguard of vaudeville and musical comedy to pave the way for the future of American popular music His stylistic flexibility in the face of evolving audience preferences not only proves his versatility as a composer but also reveals important changes in the American music and publishing industries An intimate biography of a complex controversial and now neglected composer *The Life and Songs of Stephen Foster* is an important story about the father of American music This invaluable portrait of the political economic social racial and gender issues of antebellum and Civil War America will appeal to history and music lovers of all generations *The American Common-place Book of Poetry* George Barrell Cheever, 1831 *The Poets of America* George Barrell Cheever, 1847
