Melville Conrad and Hemingway whose persona ethos prose style and virile code had a powerful influence on his life and work Thirty four of Huston s thirty seven films adapted important novels stories and plays and Meyers perceptively describes how Huston brilliantly transformed the written word into the cinematic image Huston s dominant theme is the almost impossible quest tempered by detachment and irony His heroes sacrifice honor in pursuit of wealth but fail in that venture are mocked by cruel fate and remain defiant in the face of defeat Based on research in Huston s personal and professional archives and interviews with his children friends and colleagues this is the dramatic story of a courageous artist who Meyers persuasively argues is one of the most fascinating men who ever lived From the Hardcover edition
