appropriately in the Prussian national anthem Ich bin ein Preusser In 1862 Meyerbeer was commissioned to write music for the opening of the London Exhibition in the Crystal Palace His Overture in March Style is in the form of a Baroque suite and provides a series of four variants on the march genre culminating in a fantasia on Rule Britannia This grandiose festive piece is full variety surprises and subtle orchestral colours Like all this composer s work this fine composition is waiting to be rediscovered

**Babel in Zion** Liora Halperin,2015-01-01 The promotion and vernacularization of Hebrew traditionally a language of Jewish liturgy and study was a central accomplishment of the Zionist movement in Palestine Viewing twentieth century history through the lens of language author Liora Halperin questions the accepted scholarly narrative of a Zionist move away from multilingualism during the years following World War I demonstrating how Jews in Palestine remained connected linguistically by both preference and necessity to a world outside the boundaries of the pro Hebrew community even as it promoted Hebrew and achieved that language s dominance The story of language encounters in Jewish Palestine is a fascinating tale of shifting power relationships both locally and globally Halperin s absorbing study explores how a young national community was compelled to modify the dictates of Hebrew exclusivity as it negotiated its relationships with its Jewish population Palestinian Arabs the British and others outside the margins of the national project and ultimately came to terms with the limitations of its hegemony in an interconnected world

**"An Introduction to the Dramatic Works of Giacomo Meyerbeer: Operas, Ballets, Cantatas, Plays "** Robert Ignatius Letellier,2017-07-05 Giacomo Meyerbeer 1791 1864 was a great musical dramatist in his own right The fame of his operas rests on his radical treatment of form his development of scenic complexes and greater plasticity of structure and melody his dynamic use of the orchestra and close attention to all aspects of presentation and production all of which set new standards in Romantic opera and dramaturgy This book carries forward the process of rediscovery and reassessment of Meyerbeer s art including not just his famous French operas but also his German and Italian ones placing them in the context of his entire dramatic oeuvre including his ballets oratorios cantatas and incidental music From Meyerbeer s first stage presentation in 1810 to his great posthumous accolade in 1865 some 24 works mark the unfolding of this life lived for dramatic music The reputation of the famous four grand operas may well live on in the public consciousness but the other works remain largely unknown This book provides an approachable introduction to them The works have been divided into their generic types for quick reference and helpful association and placed within the context of the composer s life and artistic development Each section unfolds a brief history of the work s origins an account of the plot a critical survey of some of its musical characteristics and a record of its performance history Robert Letellier examines each work from a dramaturgical view point including the essential often challenging philosophical and historical elements in the scenarios and

how these concepts were translated musically onto the stage A series of portraits and stage iconography assist in bringing the works to life      Catalogue of Printed Books British Museum.
