LeSage, 1994 During the last decade Alberta municipalities have endured hardships they have not faced since the Great Depression Changes in the province's political structures appear to have been made primarily to transfer a greater share of the costs of local government to the municipalities yet surprisingly few municipal politicians have resisted the province's financial policies     *Public Management* , 1929 Beginning with 1925 the March number of each year contains the annual proceedings of the International City Managers Association     History of American City Government Charles R. Adrian, 1987-09-17     Government at the Grass-roots George S. Blair, 1986     *Local Government Management* Nicolas A. Valcik, Teodoro J. Benavides, 2023-04-11 In a recent paradigm shift local governments find themselves shouldering more responsibility for day to day governance and crisis management thanks to regulations and federal spending cuts While 20 years ago a book on local government administration might have been considered complete with chapters on budgeting public personnel management productivity and responsiveness and community engagement any discussion of local government must now also include resilience emergency management climate change smart cities social media and infrastructure funding Bringing together key voices from the academic and public sectors *Local Government Management* offers techniques and insight into how local government can most effectively lead and manage their resources in an evolving political and environmental landscape Featuring examples from expert contributors own decades of public service and research this forward thinking book explores the rapid speed of change in local communities and the need for local government to not only adapt but also proactively plan for the future *Local Government Management* is essential reading for local government officials public stakeholders practitioners and students of public administration and management     *PERSONAL LITERATURE INDEX* , 1981     **Prime Ministers and Whitehall 1960-74** Jon Davis, 2007-10-05 The study of prime ministers and the reforms of British central government in any era are fascinating The interaction between the temporary often inexperienced but largely elected ministers and the experienced but theoretically subservient senior civil servants provides enormous interest It is a matter that relates directly to many of the battles going on in British politics today This book concentrates on the Harold Macmillan Harold Wilson Alec Douglas Home and Edward Heath years when the battle between the Civil Service and the Government was at its most intense What makes this book even more compelling is that many of the key players have given their own published accounts since leaving office including Richard Crossman Barbara Castle and Tony Benn Dr Jon Davis book is based on years of meticulous research and it will be essential reading for any historian or student of British politics during the post war years     The Dynamics of California Government and Politics Harvey, Richard B. Harvey, 1990     **Administrative Manual** Iowa Management Training System, 1983     **The Politics of State and Local Government Debated** Herbert M. Managing Local Government For Improved Performance Brian W. Rapp, 2019-03-04 After working for nearly three years to improve the performance of the government of Flint Michigan and discovering that there was no comprehensive work on the subject of local government management to refer to Brian Rapp and Frank M Patitucci felt a personal as well as a professional need to write a book that would help them understand their successes and failures and that would help others do a better job in similar situations The result this book is unique both in its approach and in its presentation The authors establishing a conceptual framework within which to understand their subject use Flint as a case city to examine the practical impact of factors affecting city government and they indicate the major standards and criteria that should be applied in evaluating that impact Although they recognize that within each city there are unique conditions that make a blanket prescription impossible the authors are nevertheless convinced that many individuals both in and out of government can do something to improve the performance of their city government and they have set out to help these individuals understand in the most concrete terms possible how they might go about it
