Sexual Fiction:

Sexual Fiction Maurice Charney, 2013-10-08 First Published in 2002 It is easy to see that we are living in a time of rapid and radical social change It is much less easy to grasp the fact that such change will inevitably affect the nature of those disciplines that both reflect our society and help to shape it Yet this is nowhere more apparent than in the central field of what may in general terms be called literary studies New Accents is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change To stretch rather than reinforce the boundaries that currently define literature and its academic study **The Art of Ana Clavel**

JaneElizabeth Lavery, 2017-07-05 Ana Clavel is a remarkable contemporary Mexican writer whose literary and multimedia oeuvre is marked by its queerness The queer is evinced in the manner in which she disturbs conceptions of the normal not only by representing outlaw sexualities and dark desires but also by incorporating into her fictive and multimedia worlds that which is at odds with normalcy as evinced in the presence of the fantastical the shadow ghosts cyborgs golems and even urinals Clavels literary trajectory follows a queer path in the sense that she has moved from singular modes of creative expression in the form of literary writing a traditional print medium towards other non literary forms Some of Clavels works have formed the basis of wider multimedia projects involving collaboration with various artists photographers performers and IT experts Her works embrace an array of hybrid forms including the audiovisual internet enabled technology art installation video performance and photography By foregrounding the queer heterogeneous narrative themes techniques and multimedia dimension of Clavels oeuvre the aim of this monograph is to attest to her particular contribution to Hispanic letters which arguably is as significant as that of more established Spanish American boom femenino women writers **The**

Homosexual Literary Tradition John P. Anders, 1999-01-01 In this first full length study of male homosexuality in Cather s short stories and novels John P Anders examines patterns of male friendship ranging on a continuum from the social to the sexual He reveals how Cather s work assumes an unexpected depth and complexity by drawing on both the familiar tradition of friendship literature inspired by classical and Christian texts and a homosexual legacy that is part of yet distinct from

established literary traditions Anders argues that Cather's artistic achievement is distinguished by her sexual aesthetics an elusive literary style inextricably associated with homosexuality His analysis demonstrates how a homosexual ethos and eros helped Cather develop a sensitivity to human variation and a style to accommodate it and thus became the objective correlative of her art dramatizing the diversity of human nature as it deepens the mystery of her work The Romantic Fiction Of Mills & Boon, 1909-1995 Jay Dixon, Jay Dixon., 2016-03-23 This study to analyzes romantic fiction's depiction of women as part of the broader history of ideas about women Given the success of the Mills The author shows how all these themes have an historical trajectory and how these novels have come to reflect feminist concerns Based on a study of over 1000 Mills Boon romances the book provides analysis of plot types and shows how these have changed in response to women's own changing position within society **Worlds Apart** Howard Goldblatt, 2024-12-06 Thirteen selected papers from an international conference on contemporary Chinese literature held near Gunzburg Bavaria in June July 1986 constitute both a record of literary writings from the PRC Hong Kong and Taiwan as well as an overview of the broader international role of Chinese writing in translation **Vampires, Mummies, and Liberals** David Glover, 1996 Glover's efforts reveal a writer who was more wide ranging and politically engaged than his current reputation suggests An Irish Protestant and nationalist Stoker nonetheless drew his political inspiration from English liberalism at a time of impending crisis and the tradition's contradictions and uncertainties haunt his work At the heart of Stoker's writing Glover exposes a preoccupation with those sciences and pseudosciences from physiognomy and phrenology to eugenics and sexology that seemed to cast doubt on the liberal faith in progress He argues that Dracula should be read as a text torn between the stances of the colonizer and colonized unable to accept or reject the racialized images of backwardness that dogged debates about Irish nationhood

Beyond Postmodernism Klaus Stierstorfer, 2012-05-02 After the veritable hype concerning postmodernism in the 1980s and early 1990s when questions about when it began what it means and which texts it comprises were apt to trigger heated discussions the excitement has notably cooled down at the turn of the century Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts theoretical premises and authorial practices Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm but deal with them in ways that promise new openings or a new Zeitgeist **D. H. Lawrence: Sexual Crisis** Nigel Kelsey, 1991-12-13

Feminism and the Politics of Literary Reputation Charlotte Templin, 1995 Soon after its publication in 1973 *Fear of Flying* brought Erica Jong immense popular success and media fame Alternately pegged sassy and vulgar Jong's novel embraced the politics of the women's liberation movement and challenged the definition of female sexuality Yet today more than twenty years and several books later literary reputation continues for the most part to elude Jong Typecast by her adversaries as a

media seeking sensationalist Erica Jong has been unfairly side stepped by academia Charlotte Templin contends In this carefully researched study augmented by personal interviews with Jong Templin assembles and analyzes the medley of responses to Jong s books by reviewers critics writers academics and the media by liberals conservatives and feminists She examines the diverse opinions on the merit and relevance to contemporary life of *Fear of Flying* the invocation of a high culture low culture dichotomy to discredit *How to Save Your Own Life* the anatomy of literary success with Fanny Jong s reception in a postfeminist age and the trivialization of Jong s works that is inevitable with mass media exposure Templin also shows how antagonistic reviewers tend to identify Jong with her fictitious characters a practice more common when the author is a woman and judge her to be guilty of the sin of not being a proper woman In turn she shows how reviewers reveal something of their own values and ideological biases in their critiques and how literary reputations are built destroyed and altered over time The first book to make a detailed examination of the reputation of a woman writer *Feminism and the Politics of Literary Reputation* provides an excellent case study for the literary reception of women writers within a broad cultural context Templin s analysis offers valuable insight into the reception of women writers especially commercially successful women writers and dramatically illustrates the relation of literary reputation to popular appeal and cultural mores
