Pamela Cooper-White

Sexual Paradox Creative Tensions In Our Lives And In Our Congregations:

Sexual Paradox Celia A. Hahn, 1991 Presents an alternative to current sexual stereotypes showing how creative use of male female tension can be of benefit in the workplace in personal life and in the congregation The Word Before the Powers Charles L. Campbell, 2002-01-01 In this examination of the ethical significance of preaching Charles Campbell provides both fresh insights into the relationship between preaching and ethics and a challenging moral vision for the contemporary church Moving beyond a narrow focus on moral decision making or social issues sermons Campbell argues that a particular ethic nonviolent resistance is inherent in the practice of preaching and shapes the moral life of the church In the face of the powers the fundamental ethical task of preaching involves building up the church as a community of resistance Employing three dimensions of character ethics vision practices and virtues Campbell demonstrates the concrete ways in which preachers may undertake this task *Equal to the Task* Ruth Haley Barton, 1998-05-26 Ruth Haley Barton takes a balanced look at men and women in partnership pointing out practical models of gender equality in relationships work and ministry Pastoral Diagnosis Nancy J. Ramsay, Pastoral Diagnosis is the first book length analysis of pastoral assessment of parishioners presenting problems to be published in the last two decades This pioneering book retrieves the theological and ethical foundations of the Judeo Christian tradition for pastoral care opens up lines of communication between pastoral theology and the other theological disciplines and helps clergy and other pastoral care and counseling professionals move beyond the current preoccupation with secular psychotherapy and the other social sciences **Gender and Work** Edward C. Lehman, 1993-01-01 In this book Lehman compares the ministry styles of women and men focussing on clergy of Protestant Congregations ministers clerics preachers and parsons He offers strong statistical support for the trend toward increasing numbers of women in clerical roles His book is the first to make direct comparisons between men and women on several dimensions of ministry style using a national sample interpersonal style theology career goals thought forms power and authority and ethics *The Bridge Called Respect* Tom Owen-Towle, January Riddle, 2000 This program co authored by a woman and a man seeks to bring gender issues to the threshing floor It is an opportunity to explore such issues in a structured and non adversarial context Recognizing that gender is a social construct Owen Towle and Riddle intend their bridge building as a project that can be undertaken anywhere women and men must work together in romantic as well as nonromantic relationships among transgendered individuals in religious communities and in the workplace The Chapter Laying the Foundations provides 31 exercises with incisive questions and writing activities A full sample schedule of an intensive weekend workshop is given with helpful hints ground rules readings and exercises *Spiritual Awakening* John Ackerman, 1994-12-01 Ackerman parish pastor spiritual director and consultant on spiritual formation provides an excellent guide for clergy desiring a congregation wide approach to developing spirituality rooted in the life of the congregation A six week program focuses on developing individuals spirituality in small groups and includes leader training and course plans

Practical suggestions assist in developing the corporate spirituality of congregations **Gender and Religion** William H. Swatos, Jr, 2021-09-28 Few areas in American life have experienced as profound a change in structure and mission as religion in this epoch of women's struggle for complete equality and integration Until recently few studies have attempted the sort of empirical and theoretical integration that reveals the magnitude of this shift in basic roles attitudes and participation in church life The author has assembled a well designed and carefully defined volume to give the reader a solid empirical look at this revolution in religious practice and belief It also provides an insight into the sharp differences in opinions among women involved in religion the degree to which women change the structure if liturgy or simply partake of traditions from which they were formally excluded the extent to which women increase church involvement in social issues or retain a classical orientation to preaching the extent to which gender has an impact on everything from interpersonal relations of clergy with laity to preaching orientations Public Practice, Private Law Gary Chartier, 2016-04-07 Marriage is ordinarily a public practice supported by as well as supportive of society But it need not fall within the purview of the state Public Practice Private Law articulates a conception of marriage as a morally rich and important institution that ought to be subject to private rather than legislative or judicial ordering It elaborates a robust understanding of marriage that captures what both different sex and same sex couples might see as valuable about their relationships It explains why sexual ethics won't yield a normative model of marriage and why the kind of marital love worth wanting can It goes on to show how an understanding of marriage as rooted in demanding commitments can allow for divorce before arguing that the state should cease to sponsor marriages It concludes by suggesting that both state and non state institutions should acknowledge the marriages of same sex couples **Gender, Violence, and Justice** Pamela Cooper-White, 2019-03-20 Gender Violence and Justice is a volume of collected essays by an expert in the field of violence against women and pastoral theology It represents over three decades of research advocacy and pastoral theological reflection on the subject of sexual and domestic violence Topics include intimate partner violence sexual abuse and trauma and clergy sexual misconduct controversial theological issues such as forgiveness and as well positive frameworks for fostering well being in families church and society Framed by a foreword and an introduction that place this work in the context of new and contemporary challenges in theory and practice these essays show an evolution of issues and frameworks for theology care and activism arising over time from the movement to end violence against women both within and beyond religious communities while at the same time demonstrating an unchanging core commitment to gender justice
