Sexual Roulette:

Have Not Been the Same Michael Barclay, Jason Schneider, Ian A.D. Jack, 2011-06 Two years ago Wilson left his old boss alive in exchange for a clean slate keeping up his end of the bargain and staying off the grid Then thousands of miles from the city he once escaped a man comes calling on Wilson with a gun in hand and a woman in his trunk Wilson is pulled back into his old life as a grinder to work under the radar to quietly find out who is responsible for a dangerous mobster's missing nephews and this time all bets are off

Condomnauts Yoss, 2018-07-17 Yoss Super Extra Grande is an eminent Cuban SF writer who also fronts a heavy metal band his iconoclastic spirit and rock and roll aesthetic are on full ingenious display in this daring rollicking and joyous novel This extended dirty joke is also an impressive science fiction novel with much to say about sex culture and what it means to be alien Publishers Weekly Starred Review In the 24th century Josu Vald's rise from an orphan in the slums of Rubble City Cuba to one of the galaxy's most accomplished explorers was nothing short of meteoric On the streets Josue raced cockroaches for cash until he discovered his true calling as a sexual ambassador for humanity and the Nu Barsa colony Every so called condomnaut knows that diplomacy and trade deals depend on sexual pacts in the galactic community and every encounter becomes a close encounter While some condomnauts have been raised and genetically enhanced to meet the needs of any tentacled insectoid in the galaxy Josu is a natural whose ego could eclipse the big dipper Our intrepid condomnauts travel light years across the galaxy and discover that old rivalries and prejudices are never far behind When the first extragalactic beings arrive in the Milky Way and with them the potential to negotiate for extraordinary new technologies Josu must call upon every ounce of his talent to seal the deal for his colony and all of humanity Indirectly investigating current sexual mores Cuban science fiction rock star Yoss plays upon stereotypes while making it clear that under Communist Cuba what is daring is not always funny and vice versa Following the success of Super Extra Grande and A Planet for Rent Yoss brings us another uproarious space adventure with Condomnauts a wildly inventive and unapologetic tale that would make even Barbarella blush

The Erotic Thriller in Contemporary Cinema Linda Ruth Williams, 2005 This bold and original book examines in detail a relatively new genre of film the erotic thriller Linda Ruth Williams traces the genre's exploitation of pornography and noir discusses mainstream stars including Michael Douglas and Sharon Stone as well as genre branded

direct to video stars charts the work of key producers and directors and considers home videos as a distinct form of viewing pleasure She maps the history of the genre analyzing hundreds of movies from blockbusters such as Basic Instinct Fatal Attraction and In the Cut to straight to video film titles such as Carnal Crimes Sins of Desire and Night Eyes Williams's witty and illuminating readings tell the story of this sensational genre and contribute to the analysis of mainstream screen sex and its censorship at the beginning of the 21st century She shows that as the erotic thriller plays out the sexual fantasies of contemporary America it also provides a vehicle for marketing those fantasies globally *Mr. Skin's Skincyclopedia* Mr. Skin, Skin, 2005 Cult hero radio personality and internet maven Mr Skin is the foremost authority on celebrity nudity At last the inimitable Mr Skin has compiled his vast knowledge into this truly entertaining reference work With skinfo on more than 2000 actresses the films in which they appeared naked and their best nude scenes this is presented in a very easy to use alphabetical format This is both a hilariously alternative take on Hollywood culture and an educational guide to movie stars and really is a one of a kind book *Love Sick* Sue William Silverman, 2008-02-17 Now a Lifetime Television original movie airing April 2008 with Sally Pressman star of Army Wives In this powerful memoir a woman learns to value herself as a whole person rather than as a sexual object Sue William Silverman tells of her roller coaster life of sex and self destructive behavior Finally addicted to danger itself she seeks the help of a trusted therapist to discover what love really means **Death and Philosophy** J.E Malpas, Robert C. Solomon, 2002-06-01 Death and Philosophy considers these questions with different perspectives varying from the existentialist deriving from Camus Heidegger or Sartre to the English speaking analytic tradition of Bernard Williams or Thomas Nagel to non western approaches such as are exemplified in the Tibetan Book of the Dead and in Daoist thought to perspectives influenced by Lucretius Epicurus and Nietzsche Death and Philosophy will be of great interest to philosophers or those studying religion and theology but its clarity and scope ensures it will be accessible to anyone who has considered what it means to be mortal **A Systems Approach to Social and Organizational Planning** Gerrit Van Wyk, 2003 A Systems Approach to Social And Organizational Planning is about systems thinking and its application in health care Health care systems all over the world are on the verge of breakdown and neither patients nor governments and businesses can afford health care delivery as we know it any longer The problem is that planners still conceptualize enormously complex biological and social systems in a simplistic manner An analysis of the problem indicates that the solution lies in using a holistic approach such as the systems approach to re conceptualize our thinking about the problem situation The result is a systems view of health which has profound implications for planning and change management in health care It is a fresh and different approach to an intractable problem and therefore deserves the attention of both systems thinkers and health care planners The purpose of the text is to introduce readers to the systems approach and to contribute towards the current debate about health care planning The target audience is therefore students new to systems thinking and specifically health care planners Publisher **A Baby Boomer's Story** Gary Dixon, 2011-11 This book is about

an era in our country when American children received more freedom than any other time in American history After the Vietnam War ended some American Baby Boomers totally abused this freedom This book contains many stories about some of those Baby Boomers who were taking full advantage of these times with no regret or regard of the consequences Many of the stories you will read about are unethical immoral and sometimes disturbing This book is about a Baby Boomers life and many of the unique people and events which occurred through these times You will also read about certain subjects such as sex drugs and rock and roll which were the trademarks of that era The Baby Boomers not only broke all the rules which took generations to establish They set new trends and guidelines for many generations to come They also created a whole new way of life for the American child Originally from the suburbs of Detroit Michigan Gary Dixon managed to escape the magnetism of the big city life He now calls Clearwater Florida his home From a family of nine children his family could definitely be considered a Baby Boomer family With the Baby Boom era in full force there were not too many places in America to elude the temptations of recreational drug use and the casual sex scene Since the Baby Boomers created this new kind of lifestyle almost every young person in America became a part of it Gary Dixon and many of his friends not only became a part it they took it to a whole new level Living through this era his life became very unique and eccentric and he developed many stories along the way He would like to share these stories with anyone interested or any other Baby Boomers who grew up through these times
