Sexual Investigations:

Sexual Investigations Alan Soble, 1997-09 Pornography abortion rape sexual discrimination one merely has to open the newspaper or turn on the television to be confronted with sexual issues In *Sexual Investigations* Alan Soble contributes to the discussion by examining the moral political and analytical dimensions of sexuality that form the foundation for these discussions In *Sexual Investigations* Soble takes a rigorous yet user friendly look at a number of topics in the area of human sexuality the nature of sexual activity the ethics of sexual conduct pornography masturbation sexual health perversion date rape prostitution contraception reproduction and both the beauty and the ugliness of the sexual body What Soble asks defines healthy sexuality How firm is the distinction between rape and consensual sex How and when are sexually explicit films and photographs degrading to women This sweeping examination of the philosophical ethical and political issues surrounding human sexuality is as learned and thoughtful as it is entertaining **Criminal Investigations of Sexual Offenses** Nadine Deslauriers-Varin, Craig Bennell, 2021-11-22 It is startling to read how few sexual offenses are reported in a year even more shocking to see how few reports lead to an arrest Research on effective responses to sexual offenses is much needed and ongoing This edited book presents the current state of research on investigative techniques used in sex crime investigations and the operational challenges and issues that arise in these investigations Including an international cohort of scholars from various academic backgrounds it reviews current efforts in key areas synthesizing the research to make recommendations for the improvement of investigative practices and the criminal justice system s response to sexual offenses Each chapter includes a brief introduction to the topic a review of the research and a discussion of the key points relevant to investigators and researchers as they move forward The book is broken down into four themes suspect prioritization and identification techniques investigative interviewing operational challenges and issues and the investigation of specific types of sex crimes With its broad coverage and international scope this volume fills the gap in knowledge for investigators working on sex crimes cases With its easy to read style and clear analysis of the research this is the perfect volume for investigators and law enforcement officers policy makers and researchers and students in criminology and criminal justice forensic psychology and victim services **Sex and Love in the Home, Second Edition** David M. McCarthy, 2011-01-01 This book inaugurates a completely new way of thinking about the ethics of marriage and sex I know of no book on the subject more promising than what McCarthy has achieved here Stanley Hauerwas Gilbert T Rowe Professor of Theological Ethics Duke University Much has been written in Christian theology about sex love and procreation but their social meanings and contributions are much more rarely addressed McCarthy now takes this greatly neglected task eloquently connecting the Christian household to the common good All those who want to realize the social vocation of the Christian family will find in this work a rich and challenging resource for understanding and for life Lisa Sowle Cahill J Donald Monan Professor of Theology Boston College Drawing on his own experience of learning how to be a husband and

father David Matzko McCarthy offers wonderfully incisive and readable reflections on the habits of the household a neighborly space which resists consumerism and enables sexual relationships to be ordinary meaningful and passionate If you think that all that Christian theology has to say about sex and relationships is twaddle about complementarity and family values then this is the book for you Gerard Loughlin Senior Lecturer in Religious Studies University of Newcastle upon Tyne

Online Sexual Crimes, Offenders, and Victims Sarah Paquette, Julien Chopin, Francis Fortin, 2025-06-06 Adopting a multidisciplinary perspective this volume explores contemporary knowledge regarding the online sexual exploitation of children and adolescents and challenges prevailing myths perpetuated by society and the media concerning this form of violence the offenders and their victims Drawing on a wealth of data collected from real cases in Quebec the book introduces readers to explanatory models of online offending and victimization the criminal trajectories and characteristics of online offenses the individual attributes of offenders and victims issues pertaining to virtual identities and anonymity preservation techniques and considerations for prevention and intervention practices Online Sexual Crimes Offenders and Victims will be of interest to students researchers and professionals in the fields of criminal justice and public health including criminologists psychologists psychiatrists psychotherapists social workers police investigators probation officers magistrates and lawyers

Rational sex ethics, further investigations Walter Franklin Robie, 1919 *Criminal Investigation* Michael J. Palmiotto, 2012-06-25 Criminal investigators need broad knowledge of such topics as criminal law criminal procedure and investigative techniques The best resource for these professionals will distill the needed information into one practical volume Written in an accessible style the fourth edition of Criminal Investigation maintains the same reader friendly approach

Pornography, Sex, and Feminism Alan Soble, 2011-02 In this unabashed defense of pornography from a utilitarian hedonist perspective philosopher Alan Soble strongly rebuts both feminist and conservative critics Soble demonstrates that neither conservative nor feminist critics of pornography show much acquaintance with the genre they criticize This suggests that purely political motives underlie their critiques instead of reasoned objective arguments based on thorough empirical research Soble also faults critics of pornography for their failure of empathy they refuse to see pornographic images from the various perspectives of their viewers In approaching these images literally detractors promulgate the worst possible interpretation of pornography Further they do not do justice to the social and psychological research about pornography and its purported harms Conservatives and feminists manufacture their case against pornography and its consumers based on oversimplified interpretations of the images and a poor understanding of scientific studies This sardonic and well reasoned critique of feminist and conservative moral outrage over pornography is sure to be controversial

Bolshevik Sexual Forensics Dan Healey, 2022-11-15 In an effort to modernize criminal and civil investigations early Bolsheviks gave forensic doctors most of whom had been trained under the tsarist regime new authority over issues of sexuality Revolutionaries believed that forensic medicine could provide scientific and objective solutions to

sexual disorder in the new society Bolshevik Sexual Forensics explores the institutional history of Russian and Soviet forensic medicine and examines the effects of its authority when confronting sexual disorder Healey compares sex crime investigations from Petrograd and Sverdlovsk in the 1920s to the numerous publications by forensic doctors and psychiatrists of the prerevolutionary and early Soviet periods to illustrate the role that these specialists played In addition Healey presents a fascinating look at how doctors diagnosed and treated hermaphroditism showing how Soviet physicians revolutionized the standard scientific view in these cases by taking into account individual desire This study sheds light on unexplored radical and reactionary forces that shaped the Bolshevik sexual revolution as lawmakers defined new ways of seeing sexual crime and disorder Forensic doctors struggled to interpret the replacement of the age of consent with a standard of sexual maturity a designation that made female sexuality a collective resource not part of an individual s personality Innocence experience and virginity played a major role in the expertise doctors furnished in rape and abuse trials Psychiatrists recoiled from the language of sexual psychology in their investigations of sex criminals Yet in the clinic Soviet physicians probed the desires of the two sexed citizen whose psychology served as the basis for a distinctly modern approach to the erasure of the hermaphrodite Healey concludes that the vision of men and women as equals after a sexual revolution was undermined from the outset of the Soviet experiment Law and medicine failed to protect women and girls from violence and Soviet medicine s physiological and biological model of sexual citizenship erased the vision of sexual self expression especially for women This groundbreaking study will appeal to Soviet historians and those interested in gender studies sexuality medicine and forensics
