

SEXUAL ORIENTATION LAWS IN THE WORLD - 2019

From criminalisation of consensual same-sex sexual acts between adults to protection against discrimination based on sexual orientation

ilga
world

For more information on the world's sexual orientation laws, visit www.ilga.org or contact us at info@ilga.org. We are a non-profit organization and our mission is to promote the rights of LGBTIQ+ people worldwide.

Sexual Orientation And Legal Rights

Nicholas Bamforth

Sexual Orientation And Legal Rights:

Sexual Orientation and Rights Nicholas Bamforth, 2017-05-15 Debate about the rights of sexual minorities whether individuals or members of same sex couples has become an important issue for legislatures and courts in many constitutional democracies This volume collects together some of the more significant writings in the debate and reflects a variety of perspectives liberal conservative and radical The topics covered include the meaning and importance of sexual freedom gender roles marriage and other significant partnerships child care and adoption the criminal law employment and expression and pornography The volume also seeks to relate arguments about sexual orientation and rights to broader debates within feminist theory

Sexual Orientation and Legal Rights Alba Conte, 1998 Sexuality and Human Rights Phillip Tahmindjis, 2014-05-22 Finally a comparative overview of sexuality and human rights issues and law Human rights issues exist globally particularly when they have to do with sexuality Sexuality and Human Rights A Global Overview focuses on the controversial issues of human sexuality and the legal challenges that LGBT individuals face Internationally recognized legal experts thoroughly discuss the status of important human rights laws pertaining to sexuality from around the world Reviewing the progression from historical foundations and shifting public opinions through the most recent landmark legal cases this is an essential resource on the present state of human rights laws and sexuality This unique up to date examination of the legal issues involving LGBT individuals rights around the world reviews the latest rulings such as the adoption of minors by homosexual or bisexual parents the legal acceptance of marriage between same sex couples whether the gender reassigned can be legally considered their true gender identity and much much more Sexuality and Human Rights A Global Overview illustrates the journey our worldwide legal systems have traveled and the path stretching before them until the destination of equality and acceptance in sexuality may finally be reached Well referenced comprehensive and yet accessible to the general reader this book provides a crucial provocative look at just what basic sexual human rights means in today's laws Some of the topics of Sexuality and Human Rights A Global Overview include perspectives and objectives to challenge discrimination sexuality and international human rights law sexuality and human rights in Australian law transsexuals issues in European human rights law sexual orientation and gender identity legal issues in North America the present state of sexuality and human rights in European law the Asian legal perspective on sexuality and human rights laws pertaining to sexual identity issues Sexuality and Human Rights A Global Overview is a vital reference source for law educators law students gay rights activists and law reformers

Sexual Orientation, Gender Identity and International Human Rights Law Kerry O'Halloran, 2019-10-22 This book identifies analyses and discusses the nexus of legal issues that have emerged in recent years around sexuality and gender It audits these against specific human rights requirements and evaluates the outcomes as evidenced in the legislation and caselaw of six leading common law jurisdictions Beginning with a snapshot of the legal definitions and sanctions associated with the traditional marital family unit the book examines the subsequently

evolving key concepts and constructs before outlining the contemporary international framework of human rights as it relates to matters of sexuality and gender. It proceeds by identifying a set of themes including the rights to identity to form a family to privacy to equality and to non discrimination and undertakes a comparative evaluation of how these and other themes indicate areas of commonality and difference in the approaches adopted in those common law jurisdictions as illustrated by the associated legislation and caselaw. It then considers why this should be and assesses the implications.

Sexual Orientation and Legal Rights Alba Conte, 1998. This comprehensive guide covers gay rights issues and legal development in the areas of employment law, civil rights law and family law. It covers topics such as Constitutional issues, Employment discrimination, Same sex harassment, Same sex couple benefits, Tort and contract claims, Same sex marriage, Dissolution of relationships, Child custody and adoption issues, Housing and property rights. Federal and state statutory and case law discussed and a state by state survey of gay related statutes and case law is included. *Sexual Orientation: A Human Right* Eric Heinze, 2023-07-24. This book is the first to examine sexual orientation from the viewpoint of international human rights law. It does not simply create a platform of rights and argue for their introduction in human rights law. Rather it examines how extant international norms should be construed to include rights against discrimination on the basis of sexual orientation including rights of privacy, equality, speech, expression and association. It raises questions of cultural relativism, religious faith, social science and legal theory. It will be of interest to international jurists, human rights organizations, gay rights organizations, constitutional scholars and anyone interested in expanding the role of international human rights law as a formidable adversary of persecution and discrimination throughout the world. *Sexual Orientation and the Law* Harvard Law Review, Harvard Law Review Association, 1990. This book gives an overview of how the laws of the time affect lesbians and gay men in how they go about their lives. Sexual Orientation and Human Rights in American Religious Discourse Saul M. Olyan, Martha C. Nussbaum, 1998-07-02. Sexual orientation is a topic of intense debate within America's religious traditions. These discussions have had a significant impact on the formation of public policy as speakers who locate themselves squarely within religious traditions have articulated positions on both sides in recent arguments concerning gays in the military, civil rights protections for gays and lesbians, gay marriage, parenting and foster parenting and benefits for partners of gay and lesbian employees of major corporations and institutions. This volume which stems from a 1995 conference at Brown University aims to promote both academic and public understanding of the different positions that exist on sexual orientation and its public policy dimensions within four major American religious traditions. Writers from within the Jewish community, the Roman Catholic church, Mainline Protestant churches and African American churches explore the history and tradition of their communities on same sex orientation, discuss the moral stance they advocate and consider the legal and public policy implications of that stance. For each of these traditions two opposing views are represented and a respondent frames the issue in a larger context. The book concludes with essays by Michael McConnell and Andrew

Koppelman exploring how our society might find a modus vivendi in a state position of neutrality on the moral status of homosexuality This book will appeal to a broad range of readers interested in these crucial issues and in the role the religious communities play in these debates while helping to foster the climate for a more reasoned and civil dialogue **Sexuality and Equality Law** Suzanne B. Goldberg, 2017-07-05 Sexual rules and regulations are among society's oldest yet it is only in recent decades that this once stigmatized field has become the focus of scholarly attention This volume which includes some of the most thought provoking and hard to find essays in the field covers a diverse range of topics from sexual orientation and gender identity to intersexuality and commercial sex and from HIV AIDS and trafficking to polygamy Through historical political and critical theoretical lenses and through a global focus the selections ask how we conceptualize the groups and acts subjected to sexual regulation and how regulations in the field implicate and produce understandings of sexuality and identity By placing this variety of works together *Sexuality and Equality Law* invites fresh insights into commonalities and synergies across regulatory arenas that are often isolated from one another The volume's introduction situates all of these works in the broader field and offers readers an extensive bibliography *Sex, Gender and International Human Rights Law* Giovanna Gilleri, 2023-12-01 This book investigates the relationship between sex and gender under international human rights law and how this influences the formation of individual subjects Combining feminist queer and psychoanalytical perspectives the author scrutinises the sexed gendered human rights discourse starting from the assumptions underpinning interpretations of sex gender and the related notions of gender identity sex characteristics and sexual orientation Human rights law has so far offered only a limited account of the diversity of sexed gendered subjectivities being based on a series of simplistic assumptions Namely that there are only two sexes and two genders sex is a natural fact and gender is a social construct gender is the metonymic signifier for women and gender power relations take the asymmetrical shape of male domination versus female oppression Against these assumptions dominative and subordinate postures interchangeably attach to femininities and masculinities depending on the subjects roles their positionalities and the situational meanings of their acts The limits of an approach to gender which is based on rigid binaries are evident in two case studies on the UN human rights treaty bodies vocabulary on medically unnecessary interventions upon intersex children and on the European Court of Human Rights narrative on sadomasochism This examination of the impact of human rights on gendered subjectivities will be of interest to scholars students and researchers in international law gender studies queer studies cultural studies critical race theory and psychoanalysis
