Sexuality And Health In Sub-Saharan Africa:

Sexuality and Health in Sub-Saharan Africa Thomas George Barton, 1989 **Sexuality and Health in Sub-Saharan Africa** Thomas George Barton, 1991 **Sexuality and health in sub-Saharan Africa**, 1992 Sexual and Reproductive Health and Rights in Sub-Saharan Africa Nana Poku, 2020 This book provides a clear and detailed examination of why it is so difficult to secure comprehensive political engagement and actionable effective policy on sexual and reproductive health rights in sub-Saharan Africa. In an engaging analysis, Nana Poku employs expert knowledge to examine the prospects for large-scale improvements. He explores not only the full range of normative sensitivities but also conceptual misunderstandings, legal difficulties, and complex challenges of securing and maintaining adequate funding while AIDS remains a pandemic in the region. Up-to-date, succinct yet highly detailed, lucid and compelling in its diagnoses of highly complex issues, this book is a valuable, accessible study of a topic that is regional in focus but with clear global implications.

Advancing Sexual and Reproductive Health and Rights in Africa Ebenezer Durojaye, Gladys Mirugi-Mukundi, Charles Ngwena, 2021-07-01 This book explores recent developments, constraints, and opportunities relating to the advancement of sexual and reproductive health and rights in Africa. Despite many positive developments in relation to sexual and reproductive health in recent years, many Africans still encounter challenges, for instance, in poor maternity services, living with HIV, and discrimination on the basis of age, gender, sexual orientation, or identity. Covering topics such as abortion, gender identity, adolescent sexuality, and homosexuality, the chapters in this book discuss the impact of culture, morality, and social beliefs on the enjoyment of sexual and reproductive health and rights across the continent, particularly in relation to vulnerable and marginalized groups. The book also explores the role of litigation, national human rights institutions, and regional human rights bodies in advancing the realization of sexual and reproductive health and rights in the region. Throughout, the contributions highlight the relevance of a rights-based framework in addressing topical and contentious issues on sexual and reproductive health and rights within Sub-Saharan Africa. This book will be of interest to researchers of sexuality, civil rights, and health in Africa. Africa Negussie Boti Sidamo, Zacharie Tsala Dimbuene, Sultan Hussen Hebo, Stephen Chukwudeh, 2025-06-18 Adolescence is
a crucial stage of development in which young people experience a wide range of emotional social and physical changes One
significant aspect of this period is the exploration and emergence of reproductive health and behaviours Alongside this
mental health and well being are increasingly recognized as vital components of overall adolescent health and development
The intersection of adolescent sexual reproductive and mental health is complex dynamic and multifaceted with numerous
social cultural and biological factors influencing these domains Addressing this intersection remains a critical area of
research policy and practice to promote healthy adolescent development and empower young people with the knowledge and
skills necessary to make informed decisions about their sexual reproductive and mental health In sub Saharan Africa
adolescents have greater risk factors and low access to health services that make them prone to such problems This
underscores the need to consider an integrated approach to address the sexual reproductive and mental health problems of
adolescents living in sub Saharan Africa These insights are pivotal for identifying novel approaches that are highly effective
and well tolerated for integrated services to improve the relief of adolescents living in sub Saharan Africa from sexual
reproductive and mental health problems **Male Same-sex Sexuality and HIV in Sub-Saharan Africa** Theo

Sandfort, 2021-06-20 This book addresses the impact of HIV on populations of men who have sex with men in Africa and local
responses to the issue It documents the enduring existence of a rich variety of same sex practices between men More
critically it analyses how the denial and social rejection of same sex sexuality together with the legacy of criminalization by
former colonial rulers has not only fueled the transmission of HIV between men but has also impeded an effective response

The book also documents some of the outstanding progress that has been made and acknowledges the differences between African countries Through its focus on lived realities and grassroots activism in Africa this book will appeal to researchers policy makers and practitioners alike

Ageing and Sexualities Rosie Harding, Elizabeth Peel, 2017-05-15 This book showcases developments in theory research and practice regarding sexuality and ageing considering the differences as well as similarities between and among ageing heterosexual and LGBT older people Identifying the questions central to future social scientific research on ageing and sexuality it focuses on the important emerging dimensions of sexuality and ageing embodiment the diversification of the ageing context and the intersections of care and sexuality With attention to the different forms of sexualities particularly at their intersection with gender this volume explores the importance of spatial and relational contexts whether individual residential or virtual with authors offering studies of online dating sexuality in the context of residential care and the relationship between sexuality legal frameworks and social policy Interdisciplinary in scope and offering the latest research from scholars in the UK Australasia and Africa Ageing and Sexualities constitutes an integrated approach to the conceptual and practical challenges of understanding the interplay of ageing and sexuality in contemporary society As such it will appeal to scholars from a variety of disciplinary backgrounds including sociology cultural studies socio legal studies social gerontology psychology medicine and health care

Gender Inequalities, Sexual and Reproductive Health, and Sustainable Development in the Global South Praveen Kumar Pathak, Shah Md Atiqul Haq, Niharika Tripathi, Tizta Degfie, 2025-08-22 Investing in Sexual and Reproductive Health SRH has been recognized as one of the prudent strategies to ensure the well being of girls and women and also to advance broader social and economic development for the nations and future generations Moreover it provides an excellent opportunity for millions of girls and women to make an informed choice about the number timing and spacing between births experience safe motherhood deliver healthy newborns and have a safe and satisfying sexual life However several young girls and women encounter an array of structural barriers patriarchy and unfavorable gendered norms practices including child marriage son preference gender based violence against women female foeticide lower access to economic property rights restriction of mobility etc that hinder their socioeconomic progress and health status Discourse on leveraging gender equity and reproductive health could be further strengthened with the involvement of young boys and men Given that restrictive gender norms affect both men s and women s reproductive health potential therefore integrating young boys and men along with young girls and women shall be a comprehensive strategy to ensure equitable quality and sustainable reproductive health among people

Old Wineskins, New Wine Chimaraoke O. Izugbara, 2010 A draft working definition of sexuality developed by the World Health Organization WHO lent some clarity to the fuzzy concept The WHO draft definition conceptualises sexuality as a central aspect of being human throughout life which encompasses sex gender identities and roles sexual orientation eroticism pleasure intimacy and reproduction Questions about human sexuality have also begun to be asked in very imaginative ways

forcing the field of sexuality to spill over the margins of academic legitimacy and to increasingly hold its own as a valid field of intellectual inquiry However in many ways in sub Saharan Africa sexuality as an academic field has been obligated to piggy back on public health in order to receive serious attention The consideration of sexuality in the region without some connection with disease has often been perceived as a rather frivolous academic endeavour Modifying this notion has been a slow but sure venture **Studying Intimate Matters** Barbara Ann Barrett,Christian Groes-Green,2011

Second International Handbook on the Demography of Sexuality Amanda K. Baumle, Zelma Oyarvide Tuthill, 2025-06-18 A decade after the publication of the first International Handbook on the Demography of Sexuality there have been fundamental shifts in how we measure sexual and gender identities and the breadth of available population level sexuality data The chapters in this second edition of this handbook provide guidance on methodological approaches involved in studying population sexuality as well as insight into the ways that sexuality shapes key demographic outcomes Chapters examine how we measure sexual identities and behaviors on surveys sexuality changes across the life course international perspectives on sexual behaviors and identities and the ways that sexual identities shape families labor market experiences and health outcomes Despite these developments we still know relatively little about key demographic questions related to fertility and migration for sexual minorities as well as about understudied topics of sexuality that fall outside of risk focused analyses In particular much of our understanding of sexuality has been motivated by controlling the spread of sexually transmitted infections or adolescent pregnancies rather than understanding motivations for sexual interactions such as pleasure Accordingly although the research set forth in this book provides insight into existing knowledge of sexual behavior and of sexual minority populations the chapters also point researchers and policymakers toward needed areas of research and data collection

The Routledge Handbook of African Demography Clifford O. Odimegwu, Yemi Adewoyin, 2022-02-07 This handbook provides an authoritative and comprehensive overview of African population dynamics variations causes and consequences demonstrating the real world applications of research in policies and programmes African demography has come of age Over 50 years the discipline has grown exponentially in the number of training and research institutions specialist experts and academic output all with an aim of addressing the enormous demographic challenges faced by the continent The book draws on old and emerging analytical tools to explore the relationships between population dynamics and social economic cultural and political environments from African perspectives Key topics include fertility sexual behaviours healthcare ageing mortality migration displacement the causes and consequences of demographic changes and teaching and research developments in African demography The Routledge Handbook of African Demography will be an essential resource for students and researchers of African demography sociology development and cultural studies

Demographic Issues in Nigeria: Insights and Implications, 2015-05-15 The book deals with a broad range of contemporary and recurring empirical and practical issues encapsulated within the context of demographic inquiry and analysis The papers included here reflect strands of thoughts and research that find expression in interdisciplinary outlook focussing on sexuality fertility gender morbidity and mortality migration maternal and child health and the elderly

International encyclopedia of adolescence Jeffrey Jensen Arnett, 2007 Publisher description Sexual Behavior of Adolescents in Contemporary Sub-Saharan Africa Yanyi Kasongo Djamba, 2004 The papers in this volume show

that Africa is a mosaic of cultures where local norms and values must be considered in order to successfully understand and manage the emerging sexual and reproductive health issues

Family Influence on Adolescent Sexual Behaviour in South Africa Emma Shuvai Chikovore, R. Sooryamoorthy, 2024-01-11 This book explores the connection between family structure and circumstances parental engagement and adolescent sexual behavior Given that South Africa contains the highest portion of the global HIV epidemic within a single country a comprehensive book length investigation into sometimes risky adolescent sexual behaviour is necessary Drawing from the longitudinal Cape Area Panel Study CAPS of more than 4 000 adolescents between the ages of fourteen and twenty two as well as qualitative interviews and focus group discussions with parents and adolescents this study pioneers empirical investigation of adolescent sexual behavior within the intricate framework of family dynamics in South Africa
